	OPTIONS	Nails <input type="checkbox"/>	Removable <input type="checkbox"/>	Contrast Stitching <input type="checkbox"/>		

NOTES

- Brio represents the Natuzzi Italia technological evolution. Its proportions are excellent and its precious aesthetic details emphasize the handcrafted heart of the product. The particular stitching and the quilting on the outer side of the arms are two of those examples.
- It has a design that “breaks” the typical style of relaxing sofas, it perfectly integrates the technological heart of the product without sacrificing the aesthetic, which remains unchanged even when the mechanism is completely open. The exclusive Soft Touch mechanism allows you, simply sliding your finger along the sensor on the armrest, to change the seat and backrest position for optimum comfort.
- Model is not available with article Misterbianco (cat. 30).
- Seat cushion includes a layer of memory foam, a pressure-sensitive soft polyurethane, that recovers its form completely thus giving great comfort.
- The model has external soft touch buttons on the arm to activate the mechanism.
- Model has power combined headrest. ATTENTION! The headrest opens first followed by the footrest.
- Thanks to ZeroWall mechanism, seat and back cushions can be reclined at a great length without moving sofa away from the wall.
- Version 746 is available with audio (speakers under the headrest) activated via Bluetooth, any type of tablet or smartphone.
- Adjustable headrest on all versions except for the corner item in the sectional
- Versions with manual motion have a handle between the arm and seat to open the footrest mechanism.
- Tight Seat Cushion (the seat cushions of the models are fixed to the frame)

NOTES

- Tight Back Cushion (the back cushions of the models are fixed to the frame)
- Internal wooden frame
- Without Feet Assembled (the feet will be in a bag inside the package)
- Feet height 3,0 cm
