natuzzi italia collection 2022-2023

NATUZZI ITALIA

Our roots lie deep in a land where beauty has been created and harvested for thousands of years, day upon day, season after season, as if it were a fruit. And today we offer that very same beauty to the whole world. And that fruit is harmony, with its unique flavour, capturing the Mediterranean, its civilisation and its way of life - one that is unsurpassed to this day.

Pasquale Notarstefano

Tony Chambers is a Creative Director, Design Consultant and Editor.
He is the founder of multidisciplinary creative agency TC & Friends and Co-Chair of Brainstorm Design, Fortune magazine's design & business conference.
Tony is the editor and creative director of the definitive monograph of designer Paul Smith, published by Phaidon.
He sits on the board of the Barbican Art Centre and the Whitechapel Galleries Ventures board.
From 2003 to 2018 Tony served as Editor-in-Chief and Creative Director of Wallpaper* magazine, for which he still contributes. He also served as Art Director of British GQ and Art Editor of The Sunday Times Magazine.He has twice been named the PPA Designer of Year and twice Editor of the Year by the BSME. In 2015 he was the recipient of the Mark Boxer Award for outstanding services to the Publishing Industry – the most prestigious honour in British publishing.

It's a great pleasure to introduce the 2021 Natuzzi catalogue. During my many years at the helm of Wallpaper* magazine, the transformation in the positioning of Natuzzi as a brand stands out as one of the most interesting and brightest moments.

Natuzzi is a brand that oozes style, passion and authenticity. A design brand that is unique in its outlook and unique in its output and this is due to one main reason – the passion and dedication of the owners – the Natuzzi family.

All great brands are sustained in some way by their history. By their story. And what a great story there is behind Natuzzi. I know it well because it was told to me a few years ago by Chief creative officer Pasquale Junior and one image has stayed with me since. That of his father, the Founder and CEO, setting off from Apulia on a journey of discovery across America in the early 80s at a time when he spoke very little, if any, English. Driven by a mix of ambition, curiosity and bravery, Pasquale worked his way through the many huge furniture fairs, trade shows and show rooms and was struck by a distinct lack of variety, colour and flair. He was convinced that the World would love what Natuzzi could offer.

Fast forward to today and it is clear that Pasquale Junior has inherited that same passion, curiosity and drive. In the short time I have known him he has transformed this hugely successful furniture maker into the hugely successful directional lifestyle brand we see presented so exquisitely across the pages of this catalogue.

It is a collection that speaks of harmony and a blend of design influences. It is international in flavour but still very much rooted in the culture and values of Apulia. Produced by designers with very different approaches and experiences – it is indeed a special blend.

It is all about the harmonious blending of tradition with modernity. The blending of craftsmanship with innovation, of form with function, sustainability with glamour, and comfort with style.
This entire collection highlights Natuzzi's great propensity for innovation, which is a key cornerstone of the brand, while remaining faithful to tradition and to its own roots. It demonstrates and displays the vast know-how of Natuzzi craftsmen and their ability to develop complex and varied projects with great skill and sophistication.

For me, it also exemplifies a blending of Natuzzi's rich past, present and future. And on this evidence, the future looks really exciting.

Tony Chambers

natuzzi knows how

Creating value for everyone while respecting everyone. A foray into the ethics of harmony.

The pursuit of harmony – in design and life in general – is the dream that has shaped our actions since as far back as 1959. Harmony in the sense of the right balance between body and mind, mankind and nature, and between different peoples and culture; a means to enrich and complete one another, just as has been happening for thousands of years not only in our “Mother Land” – Apulia – but also all over the Mediterranean where a perpetual intermingling has generated boundless beauty and a lifestyle that continues to be an inspiration for many. One that is unrivalled still today in many different ways. With all of this in mind and without betraying its own DNA, Natuzzi Italia decided to carry over this sense of harmony into the world of interior décor, bridging the gap between a contemporary aesthetic and functionality, materials and colours, and between textures and graphic designs in a quest to create spaces and dwellings which emanate balance, elegance and beauty from every pore. Harmoniousness which is underpinned by aesthetic research and anchored by unassailable deeply rooted values – ethics, transparency and sustainability. And in order to ensure that these values are respected and that quality standards exceed customer expectations, Natuzzi Italia has chosen to control the whole production chain, right the way down to actual delivery.
A hub of international excellence and experience, the Natuzzi Style Center lies at the heart of everything. Every day designers, décor experts and colourists study and analyse what is happening in the aesthetic world (a combination of art, fashion and design) and how it is evolving– new forms, trends, colours, nuances, finishes and textures. All of this information is then used to create environments in which each single piece (from the sofa to the furnishing accessories, right down to decorative objects) mingle and coalesce into a cohesive space which exudes harmony. At this stage, the concept goes to the prototype centre where Natuzzi Italia’s immense know-how comes to the fore. Because although it is the designer with his pencil on a sheet of blank paper who first sketches out an idea (and this is the stage of pure creativity),

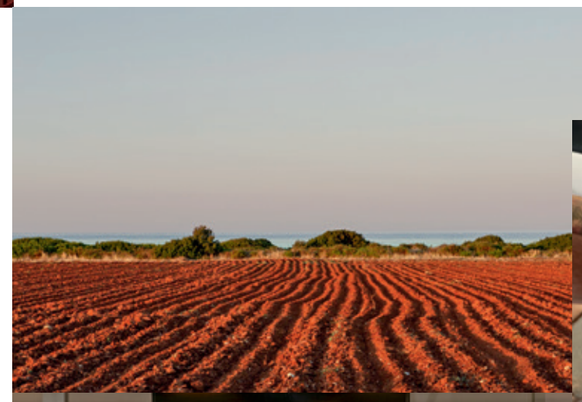

it is the know-how of the best craftsmen in the world who, each time with almost alchemical precision, bring magic into play and turn the drawing into a tangible product.

As with a consummate tailor, very few tools are required: a tape measure, some scissors and the raw materials – wood, the filling and the covering. Everything else comes down to precious experience and talent, demonstrating once and for all that Italian design is (and always will be) in a league of its own. Working in concert with them but taking it from a different angle (the angle of innovation), the research and development team does its own part, studying new hi-tech materials, foams and innovative fibres as well as automated ergonomic mechanisms which raise the bar in terms of customer well-being and enjoyment. By investing in research and development, Natuzzi has stayed ahead of the style curve, flushed its leather with the colour (actually the colours) of our homeland and honed its work processes, such as laser cutting, in order to achieve pinpoint accuracy.

But, most of all, it has grown the concept of comfort which has always been the basis of Natuzzi's style. It has combined fine Italian craftsmanship and the most advanced technology in the lounging sector to accomplish its goals (ample proof of this is provided by Re-vive, the first armchair in the world that automatically adapts to the way you sit). Being able to rely on one of the most advanced quality-testing laboratories in the world, Natuzzi is also able to certify all these innovative features. Because it is not only sofas and armchairs that are made on Natuzzi's premises in Italy, it is their accompanying certificates as well.

And, at this point, our acknowledgement of Italy's particular vocation for beauty and quality merges with our immense gratitude for a place – Apulia – to which we owe everything.

Our determination to stay here and to keep on producing, innovating, investing and creating value here is the natural consequence of a business ethic which has guided our progress unerringly over the past 60 years. It is an integral part of a value chain that is the only way forward on the path to continued excellence. We tread this path every day and you accompany us along the way each time you choose one of our products. It is not only an aesthetic choice; it is a taking of sides – and we lie on the side of the Ethic of Harmony.

Which means loving and respecting nature, starting with the raw materials that our artisans lovingly handle day by day.

There is the wood and the forests that it is harvested from – and our commitment is FSC-certified®. Then there is the leather which we process using some of the most advanced solutions in Europe in order to protect the environment. And the air which we preserve by only using the limitless solar energy of Apulia to create our products. All our raw materials are tracked too because we expect our suppliers to provide the same quality guarantees and respect for the environment that we do. Not to mention respect for people. But our history and our forefathers taught us about another kind of sustainability. The great artisans of the past created objects that would last; they had a really long lifespan and gave years of use. Dusting off this philosophy and marrying it with timeless designs means delivering products that will be welcomed and treasured by the next generations as well. This is what we do. Because designing and producing objects that will last and last, for us, is a way to express our DNA. We are not just talking about materials; we are talking about style.

About ageless beauty and elegance that endure the passage of time and passing trends.

The beauty of an inimitably glorious home to which we were born and in which we were brought up; a home that delights the eye wherever you happen to cast it - Italy.

natuzzi and its designers. evolving harmony.

Natuzzi Italia's partnerships with designers from across the world take inspiration from the brand's values, seeking to showcase and share them in turn at all times.
The most important of these values is Harmony. And the "place" in which the brand and its designers meet to define the style, content and goals of each new collection is the **Circle of Harmony**, modern incarnation of a time-honoured tradition still going strong in the Mediterranean culture - that of the symposium, the sharing and discussion of a topic of common interest in an informal, convivial setting.

Today the subject matter is change, the one we are experiencing and which we believe will allow us to fully enjoy a 'new normal', consolidating new equilibriums in a continually evolving context. We decided to bring together designers with very different experiences and backgrounds to discuss this topic and lay the foundations for a collection that encourages people to embrace this global transition in an active and engaged way.

Live the Transition, the concept behind the collection, is first and foremost a maxim addressed to the designers - and by designers to the world. A new way of understanding this new normal, supported by a vision rooted in the brand's DNA.
The ability to embrace change and turn it into a moment of evolution is an instinct that has a strong presence in Mediterranean culture, which has always been open and dynamic, constantly evolving. This inspired the designers to deeply rethink our relationships with our home, focusing on our new living requirements and showcasing them through the innovative design vision of Natuzzi Italia.
The result is a collection whose keywords are functionality, sustainability and wellbeing.
The start of a *new Era of Harmony.*

living

harmony comes from change.

The ability to adapt to change is not only a virtue requested of people: our furnishings are also required to become more “versatile”, capable of meeting different needs, reinventing themselves continuously.
This is particularly true of the sofa, icon of the Natuzzi style. Today more than ever, everything revolves around this item of furniture - social occasions, conversation, reading, music, relaxation, work and study. While the interior spaces of our homes adapt to our new day-to-day lives, the sofa becomes the embodiment of our new living priorities, functionality and continuity between spaces, which it interprets with a style that never fails to amaze. Centrepiece of an interior design story enriched on a daily basis with new characters - side tables, armchairs, bookcases, desks, sideboards, bar furniture - that share the same mission: to live (and allow you to live) in harmony.

designed by
Marcel Wanders studio

adam

Like the first inhabitant of that ancestral pristine Earth, Adam is the name of the sofa that Natuzzi has created in collaboration with the Marcel Wanders studio. A new interpretation of the iconic Natuzzi style, enhanced to make it an archetype for its subsequent evolutions, Adam is designed with the desire to combine natural materials and a timeless look inspired by Puglia, the region that represents the brand's roots and symbolizes the Mediterranean lifestyle that it brings to the world.

Adam sectional sofa shown
in siena leather
H76–W390–D224cm
H30 – W154 – D88”
Fiorita armchair.
Adam coffe table.
Papel rug.

An integrated ottoman version is available that can also be used with a dual function, as additional seating or as a shelf to serve the sofa.

Multi-position adjustable armrest with snap mechanism when opened and friction when closed. The function of armrest and headrest, and the wide and generous seats, invite you to enjoy maximum comfort.

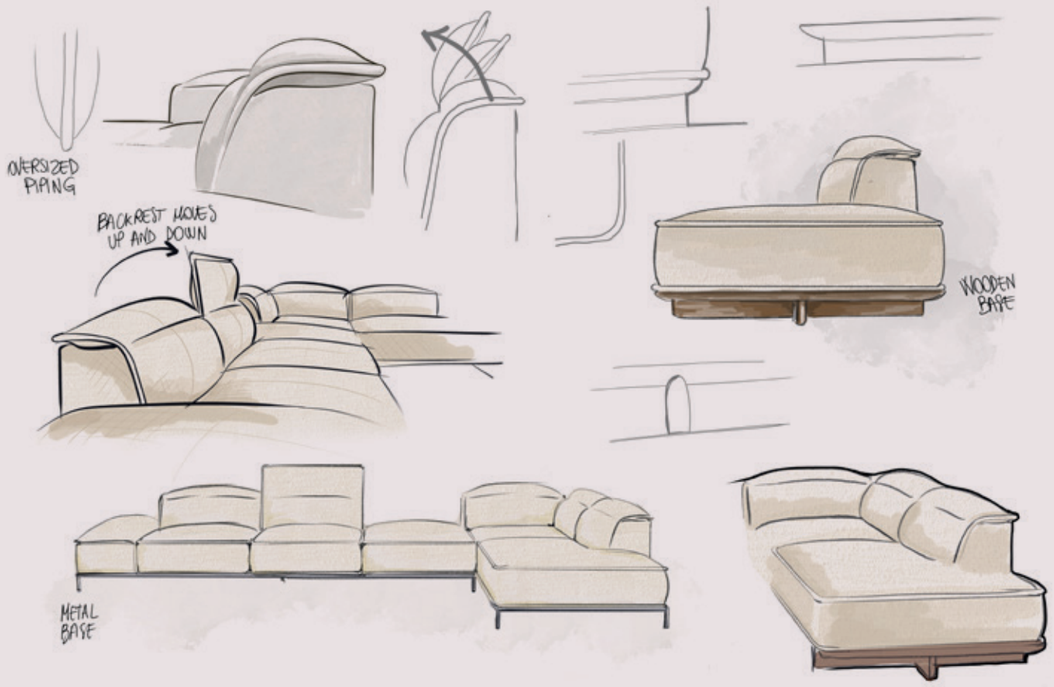

adam coffee table

designed by
Marcel Wanders studio

Adam includes an integrated offer of complementary furniture The collection of Small Tables and Accents is available in various sizes and different heights to meet the various functions of living.
Small tables that can live alone but become protagonists of the scene when they match with each other thanks to the mix of different materials available.

For this collection we use FSC-certified wood and a new brushed Lecce stone finish, an innovative stone effect texture, which is made from natural and recycled raw materials.

"Nature, origins, earth: this collection not only reflects Puglia's ancestral style and rich artisanal history, but is capable of living a second life by being timeless."

— Marcel Wanders

Adam, thanks to its extreme versatility of configurations and upholstery, satisfies every need for space and comfort. Upholstered sofa sides with hidden, removable hooks. The solid wood or metal base and piping along the entire profile of the sofa enrich and emphasize the design of the model.

Microcellular polyurethane foam padding made from a plant based raw material, drawing from renewable sources found in nature.

fiorita

designed by
Natuzzi Design Center

Fiorita is a power recliner chair. Thanks to invisible controls built into its structure, you can move its sophisticated Dual power mechanisms until you find the best position for your total comfort. An intimate and relaxed moment to take a break from everyday life. It embraces and supports you with a well-padded backrest. The solid steel swivel base allows **Fiorita** to rotate at your will.

designed by
Marcantonio

terra

“Nomen omen”, the Latins said.
In the name, its destiny. Terra means Earth and right from its name we wanted to emphasise the close bond that binds it to it. Terra was created to rest directly on the ground, without any other filter or structural barrier. And it has been produced from the earth and for the earth, being composed only of biobased materials and eco-friendly coatings, with the utmost respect for the planet.

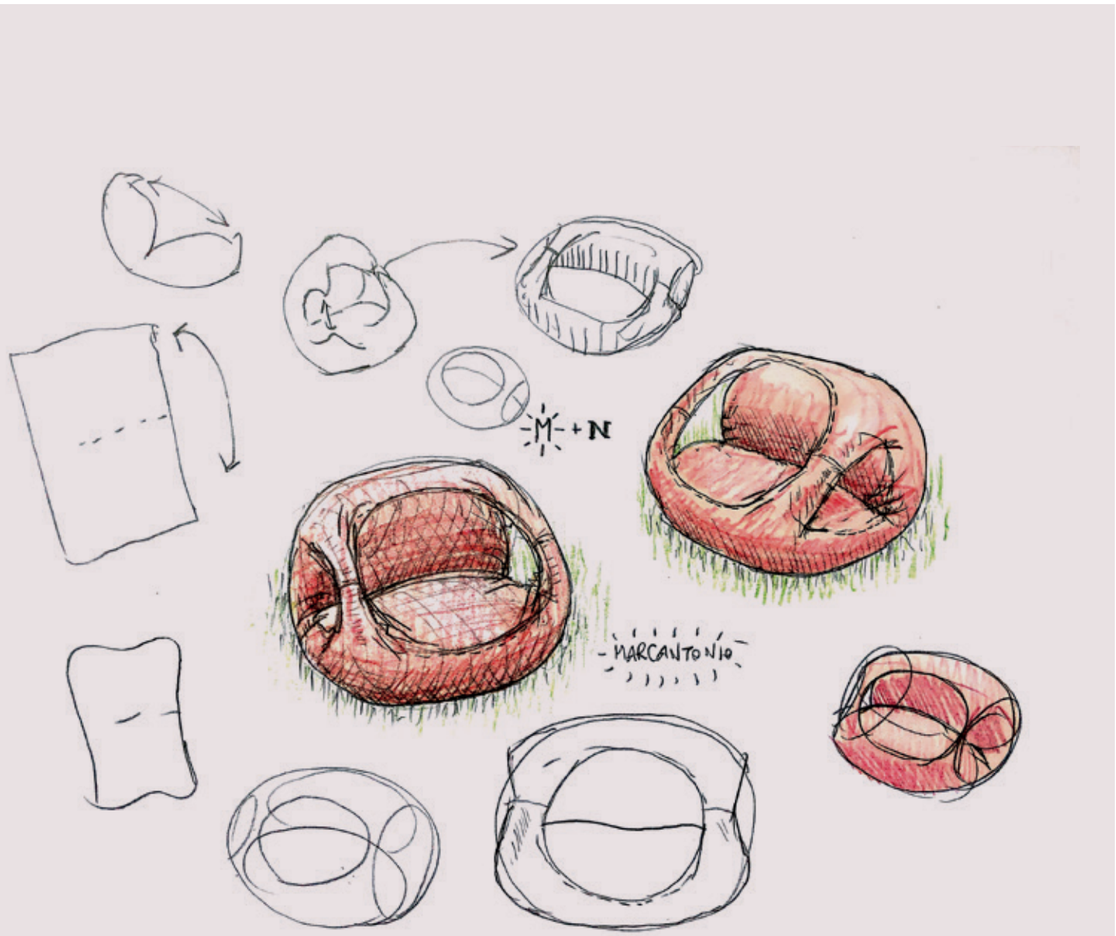

Terra pouf shown in Gaia eco-fabric and siena leather.
L60 – P98 – H90 cm
L24 – P39 – H35”

Terra is produced in Natuzzi Italia factories equipped with more than two thousand photovoltaic panels and a fluid-free heating system and is designed to be a totally eco-friendly product. It has an iconic design that can be used in different environments of the house.

Padding in recycled polystyrene that make it light and adaptable in shape to achieve the desired comfort.

"Natuzzi made me experience the heritage of his land, Puglia, from whose simplicity and naturalness this project was born. Terra with its armrests recalls a hug to our planet and to the right causes to defend it."

— Marcantonio

designed by
Formafantasma

apulo

Apulo embodies a new concept of versatility, created to merge multifunctionality, comfort and design and inspired by the rational realism of rural Puglia. To which it pays tribute, starting with the name. The barrel vaults of the old farmhouses are revived in its curves, as are traditional objects created for work, such as the rake, reproduced in the sofa.

Apulo sectional sofa

Feudo coffee table.
Trullini air scents.
Dysidea cushions.

A wooden desk to be attached to the back of the frame provides a comfortable work surface. **Apulo** expands its functions according to the increasingly sophisticated requirements of the home

A duct to conceal electric cables belonging to a laptop is integrated into the structure of the sofa. In one detail, Natuzzi Italia's continuing design research

apulo

designed by
Formafantasma

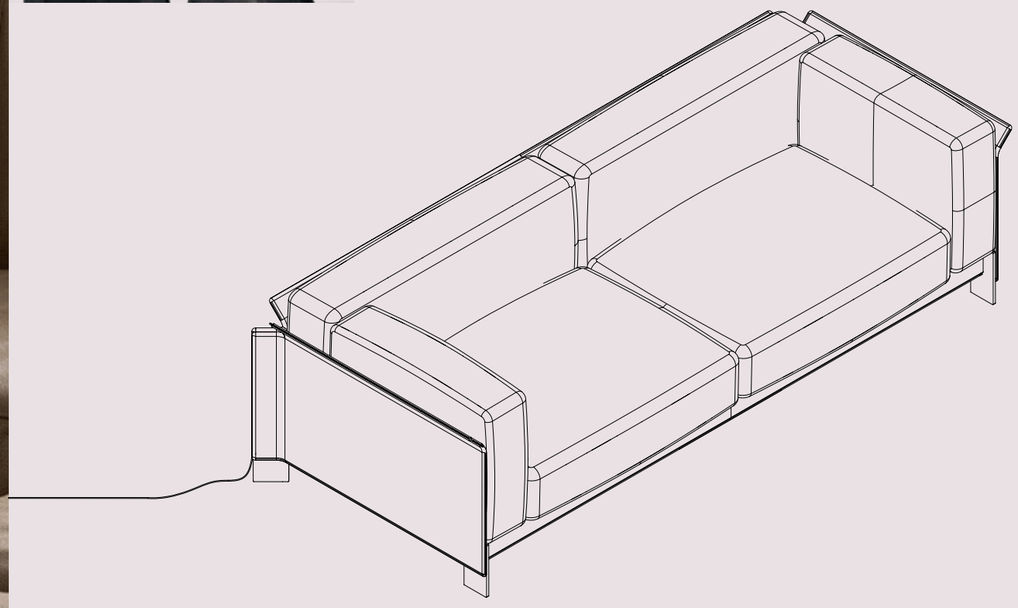

A height-adjustable side table increases the functionality, providing an additional supporting surface.

Apulo side table in natural Ash wood.

Founded in Amsterdam by Andrea Trimarchi and Simone Farresin, **Formafantasma** is a design firm whose research is based on investigating the historical, political, ecological and social forces that influence today's design culture. This gives them a unique perspective on the legacy of industrial production as a primary inspiration for designers' work in contemporary society and its historical contribution to environmental instability. It is also easier to propose transformative interventions through design and its material, technical, social and deductive possibilities. Their projects have been presented, published and acquired in the permanent collection of the MoMA in New York, the Centre Pompidou in Paris, the Triennale in Milan and many other museums.

"The project stems from a desire to embrace contemporary life by drawing inspiration from the rational concreteness of rural Puglia."

designed by
Sabine Marcelis

block

Block is a sofa/sculpture that visually reflects the harmonious synthesis between brand and designer - the background of Marcelis, a born sculptor, combined with the sinuosity and comfort of Natuzzi. A comfort which, owing to the front wheels, follows us everywhere, thus embracing the philosophy of liquid space, of the movable, where that which is needed is always where it needs to be.

A monolithic base in natural bamboo accommodates a generous, abundant padding, which almost seems to overflow and pour out.

Block three-seater sofa
shown in Stylish leather.
H65 - W280 - D96 cm
H26 - W110 - D38"
Patio coffee table.
Arancio vases.

The exploration of materials, the study of geometries, the attention to the relationship with light - all themes dear to the Dutch designer - give life to an object with an innovative aesthetic and surprising dynamism. **The Patio coffee table**

patio

designed by
Sabine Marcelis

The ideal addition to fluid spaces, the **Patio** coffee table is an ode to lightness - enhanced by pure shapes and the glass structure.

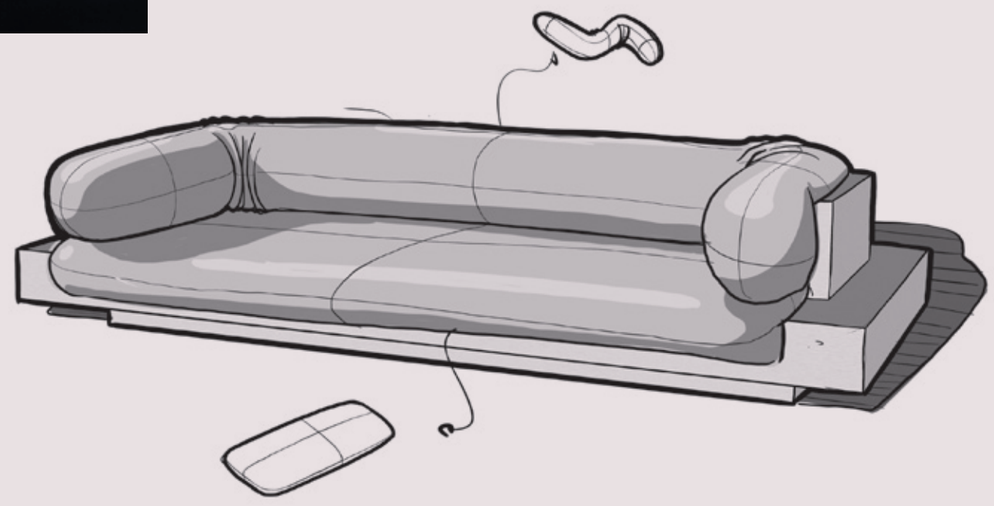

Patio coffee table shown in clear Stopsol glass.

Sabine Marcelis, a young Dutch designer who has won prestigious awards such as the 2019 Design Prize in the 'Newcomer of the year' category and the Wallpaper Awards for 'Designer of the year 2020', continues her research in her Rotterdam studio into pure forms that enhance and exalt the special features of different materials. This allows her, in her collaborations with companies, to intervene early on in the production process, achieving surprising new effects: her designs are not simply static works, but real visual and sensory experiences in which experience itself becomes function, with a sophisticated and unique aesthetic.

"In the new domestic space, which is fluid and constantly changing, objects must also evolve, offer us more functions and follow us wherever we go."

designed by
Natuzzi Design Center

bolder

With Bolder, the continuous innovation of the “comfort experience” - part of the Natuzzi DNA - reaches new heights. The broad and generous seats conceal a mechanism consisting of two motors which separately control the headrest and the footrest. A modular and versatile system that adapts to all requirements and lifestyles.

H37 - W129 - D117"
Dodi armchairs.
Herman coffee table.
Herman accent and pouf.
Luce rug.

The headrest can be adjusted and raised electronically and tilted forward manually to achieve the best TV position.

Available in various angular and linear versions, with a recliner function that can be activated separately on each seat, or without.

designed by
Marcel Wanders Studio

Completing the light, harmonious silhouette of Eufolia is the base made of shiny black metal.

eufolia

Eufolia pays tribute to the olive leaf, whose elegance already resembles an object of design. The sofa retains its essential, soft aesthetics, replicated in the armrests and backrests with a slightly flared configuration, forming a type of plant-like frame around the seat. A modular system to meet the needs of a multifunctional, elegant and compact living room.

Eufolia sectional sofa
shown in Stylish leather.
H75 - W325 - D230 cm
H30 - W128 - D91"
Skyline coffee tables.
Trullini air scents.

The **Skyline** coffee table plays on a recreation of urban landscapes by combining different materials, heights and sizes.

The modular nature of the sofa is enhanced by integrated shelving between the seats. Planning that includes small spaces is a challenge and an opportunity for new furnishing solutions.

designed by
Massimo Iosa Ghini

juno

The soft, enveloping aesthetic of Juno alludes to and pays tribute to the historic Natuzzi models, whilst also introducing a type of ‘neo-humanism’ in its design, in which the person returns to the centre of the project and completes it. Inclusion, a basic value of the Mediterranean lifestyle, upgrades the role of the sofa, which welcomes and embraces us by adapting totally to us.

The harmony arises from an encounter between the design of the seat - so inviting - and the rigid flaps that define the lines of the backrest and armrests, giving the sofa an image of balanced subtlety.

Juno three-seater sofa shown in Nabuk.
H85 - W283 - D105 cm
H33 - W111 - D41"
Herman coffee table.
Pumo craft item.
Magna Grecia rug.

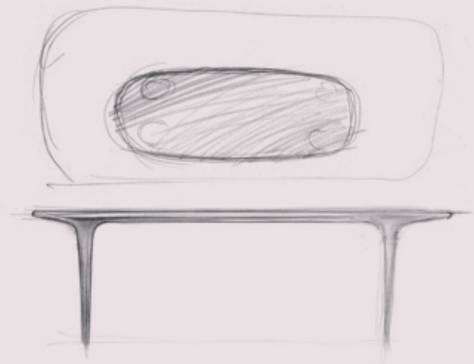

The coffered ceilings in the Baroque churches of Salento come to life in the **Magna Grecia** rug.

The covering folds into curves beneath the weight and shape it accommodates.
The seams emphasise the natural, almost floral lines along the profile, without interrupting the generous volumes.

Considered one of the masters of Italian architecture and design, since the '80s **Massimo Iosa Ghini** has been involved in the innovative work of the design avant-garde with the Memphis group and with Bolidismo, a movement that he founded. Iosa Ghini Associati was founded in 1990 and operates in Milan, Bologna, Moscow and Miami, designing residential, commercial and museum architectural spaces, cultural installations and public transport facilities. These projects have received awards such as the Good Design Award, the Red Dot Award and the International Architectural Award.

"On Juno, you don't sit down in a composed fashion, but you throw yourself into it... with a dynamic gesture, precisely because you are sure to find the softness of a natural and welcoming womb."

designed by
Elena Salmistraro

calilla

As the name implies, the Posidonia collection pays tribute to the Mediterranean, which has always been a source of inspiration for Natuzzi Italia. Calilla is a recliner sofa enclosed within a protective shell / casing that folds around the cosy seats and features headrests that mimic the shape of marine sponges. Enhancing the image is an exclusive fabric that captures the distinctive sea coral pattern.

Calilla three-seater sofa shown in Premium fabric / Stylish leather.
H93 - W240 - D102 cm
H37 - W94 - D40"
Dysidea cushions.
Frost coffee table.
Ciambotte set of trays.
Ensis armchair.
Gorgonia rug.

A design like a drop of dew. The soft, sophisticated elegance of the **Frost** coffee table.

The **Gorgonia** rug features a combination of symbols inspired by tuff caves and aquatic elements.

Tradition, hand-crocheted decoration, and the concept of a sustainable future coexist, with fibres derived from recycled PET.

ensis

designed by
Elena Salmistraro

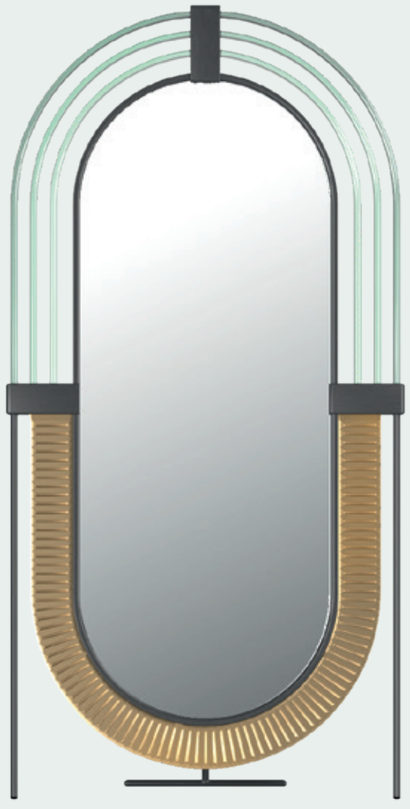

This Mediterranean backdrop gives rise to reworked suggestions in the form of armchairs such as the **Ensis**, which offers versatility in an imaginative, visionary and playful key.

Ensis armchair swown in Stylish leather and Premium ByBorre fabric. Metal structure in brass finish.

Puperita pouf shown in Premium ByBorre fabric. Metal structure in brass finish.

anemonia

designed by
Elena Salmistraro

The **Anemonia** combines geometric and organic patterns from the marine environment. A mirror that can either be free-standing or wall-mounted, horizontal or vertical, depending on how you see the world and its reflection.

Anemonia mirror with metal structure in black and matt gold - frame enhanced by 3 metallic tubes in mint green.

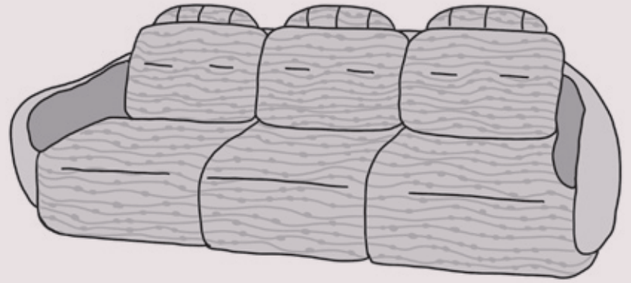

The motion mechanisms concealed inside the backrest provide total, personalised comfort and create a surprising visual effect.

Milanese artist and product designer **Elena Salmistraro** has a highly recognisable and unique style, which, in 2017, won her the “Salone del Mobile Milano Award” as “Best newcomer designer” and has led to collaborations with major Art and Design Galleries such as Dilmos, Rossana Orlandi, Camp Design Gallery, Subalterno1 and Secondome. Her works, which straddle the boundary between illustration, design and visual arts, aim to stimulate the emotions and sensitivity of the end user. Her distinctive hallmarks include a harmonious search for forms and great attention to detail: an excess of graphic symbols gives the object a stereoscopic image, transporting it into a realm suspended between fantasy and reality, between anthropomorphism and primitivism.

“My work feeds on graphic elements, which are broken down, reworked and reformed to give life to original, conscious and speaking objects. In this case, the Apulian sea provides these objects.”

designed by
Mauro Lipparini

sohay

Natuzzi Italia offers an original new interpretation of its pioneering “comfort experience” with Sohay. A sofa of archetypal forms - it is reminiscent of the dry stone walls of the Apulian countryside - which thanks to an innovative mechanism can be transformed into a bed by lowering the backrest and sliding the seat onto its base.

The armrest is detachable and can also be used as a pillow in the bed version.

The handle between the seats permits them to slide thanks to a hidden mechanism.

Simplicity and linearity enclosed in a metal cylinder.
The **Colosseo** illuminates the setting, even when switched off.

Compact and refined, **Anteprima** will fit in anywhere, from the lounge to the bedroom.

designed by
Lorenza Bozzoli

timeless

Timeless captures the blossoming of a flower and holds that moment forever. Natuzzian harmony translated into elegant, subtle shapes like the wings of a butterfly. Modules with soft, deep seats give life to ever-changing configurations, revealing the eclectic taste of Bozzoli that stems from the world of fashion.

Tailored cut, generous, enveloping line, and sinuous, sophisticated asymmetrical shapes. The emblem of a Made in Italy range that continues to create inexhaustible elegance.

Timeless sectional sofa

Timeless reinterprets visual comfort and the concept of Mediterranean slow living connected with the beauty of nature, all foundations of the Natuzzi Italia style.

feudo

designed by
Mauro Lipparini

A coffee table with pure, geometric, sculptural shapes and adjustable height.
Feudo, the beauty of essentiality.

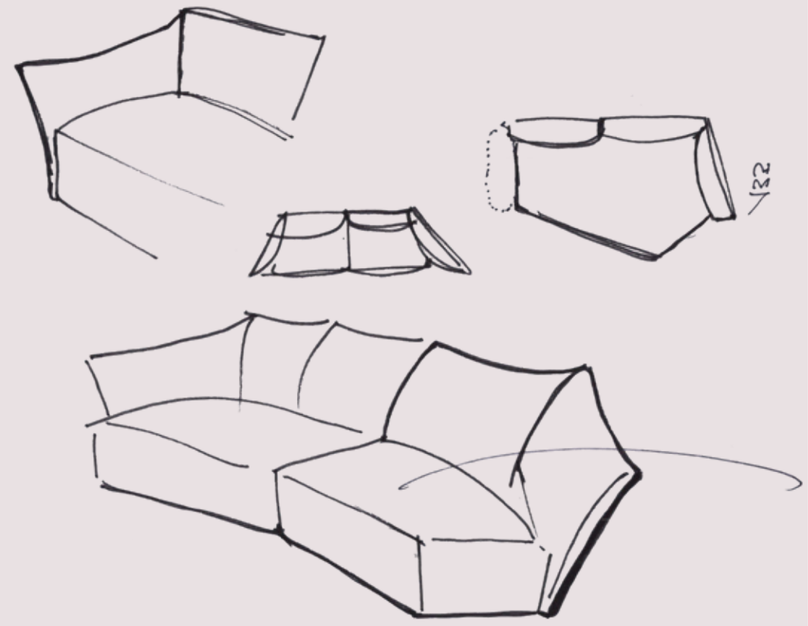

Feudo coffee table in natural Ash wood with white Travertino stone top or glossy white lacquered top.

Lorenza Bozzoli lives and works in Milan, where she was born. After attending the Brera Academy of Fine Arts, she moved to New York to launch her career in fashion with her first self-produced collections. Back in Milan, she began working with Elio Fiorucci and collaborated with major clothing brands. Her focus then shifted to the design world, which recognised her talent and extremely personal style. A series of collaborations with Alessi, Pomellato, Slamp and other brands, both Italian and international, led her to found, in 2018, the Lorenza Bozzoli Couture brand, which produces high-end contemporary furniture accessories.

"Timeless is a tribute to blossoming, to rebirth, to the beginning of a new positive life cycle in the name of well-being."

Water - the exclusive BYBORRE 3D fabric, is a combination of premium-quality wool and recycled PES.

BYBORRE®

Borre Akkersdijk is a Dutch textile designer and the founder of the fabric-innovation studio BYBORRE. Born in Wamel, Netherlands, he studied fashion design at the Fashion Institute of Technology in New York and received a Bachelor's in Man and Identity from the Design Academy Eindhoven in 2009 before working at the Paris-based design consultancy bureau Studio Edelkoort. He started BYBORRE in 2010, initially consulting for brands such as Nike and Louis Vuitton before deciding to focus solely on the development of his now signature 3D knitted fabrics. In 2012, he won the Young Designer of the Year award at the Dutch Design Awards. Research into the future of fashion and integrated technology resulted in presentations at South by Southwest, Beijing Designweek and Salone del Mobile Milano, as well as publications in the Wired magazine and Fast Company Magazine. Today, BYBORRE is a landmark studio filled with a wide range of machines and a team of specialists from all corners of the textile industry. The collaboration with Natuzzi, the first with a furniture company, represents the kind of disruptive intuition that defines the creative vision of Pasquale Junior Natuzzi. It is based on his belief that innovation should not be limited to collaborations with the leading figures and most prolific minds of contemporary design, but should lead the company to rethink their production methods, starting from their very foundations, with a new, radical approach that combines the most outstanding quality and sustainability. An approach in which process and product are equally important. In this regard, BYBORRE has proven to be a perfect partner. By studying and embracing Natuzzi's brand identity, the Dutch factory has created WATER, an exclusive fabric that embodies the heart and soul of Apulia, the muse that inspires Natuzzi's entire way of thinking. A 3D™ fabric that is unique worldwide, featuring a pattern that evokes the continuous movement of water, conveying all of Pasquale Junior's love for the sea. A knitted fabric made with a blend of the finest wools and recycled PES, which makes it extremely resistant and durable, yet luxurious, comfortable and totally eco-friendly. A fabric that embodies Apulia's heritage and the brand's identity, testifying to Natuzzi Italia forward-thinking vision.

"By thinking about the future of people and the planet, we are finding new ways to create quality, custom, and sustainable fabrics."

The back is a triumph of circularity and rotundity, immediately conveying a sense of visual comfort.

Nika Zupanc redefines the world of interior design in her own personal, poetic and distinctly feminine fashion. Her objects defy rationality and create an intimate, emotional and intuitive dimension. Her visual language aims to “communicate things that cannot be said”, pushing back the frontiers of materials and possibilities to breathe life into refined pieces that have been meticulously crafted and curated. This is why Elle USA used the words “punk elegance” to describe her work. Her installations are on display at the most important art galleries in the world and are often the product of partnerships and special projects, like that with the Rossana Orlandi Gallery of Milan. She takes an eclectic approach that bridges the gap between art and design and, over time, this has led her to take on interior-design projects that she follows from A to Z, curating them down to the tiniest detail with a sophisticated aesthetic packed with motifs and references that turn up everywhere in true Giò Ponti style. Her holistic mindset helped to bring about the encounter with Natuzzi, as it is in perfect keeping with the brand's “total-harmony” philosophy. And so, a collection came into being that focuses on waves, their visual impact and the inner mood they create because each piece has been devised for life seen as an emotionally-charged experience and a dwelling for the soul. A collection you can find yourself in, lulled by the reassuring familiarity of the sea and the eternal beauty of Mediterranean nature - a source of shared inspiration for Natuzzi and Zupanc.

“The collection is here to embrace and protect you, to become your true home. Beneath the waves there is always an ocean of peace”.

adore

designed by
Nika Zupanc

designed by
Marcantonio

infinito

the poetry of design

Infinito came into being thanks to the idea of cross-pollination and to an almost impossible challenge - taking the core aesthetic of one of the most powerful symbols for the human race and turning it into an object that has a strong symbolic value for Natuzzi - the sofa.

“It is necessary to steer new courses in the design world and seek new directions.

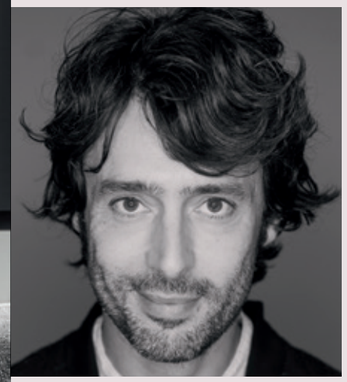

With Natuzzi, this is what we have done. We put the focus on poetry for our project, turning infinity – a symbol packed with meaning – into a fascinating three-dimensional shape, a sort of sculpture created to help you relax, feel good, feast your eyes and enjoy good company. A sofa for meditating and opening up to inspiration.”

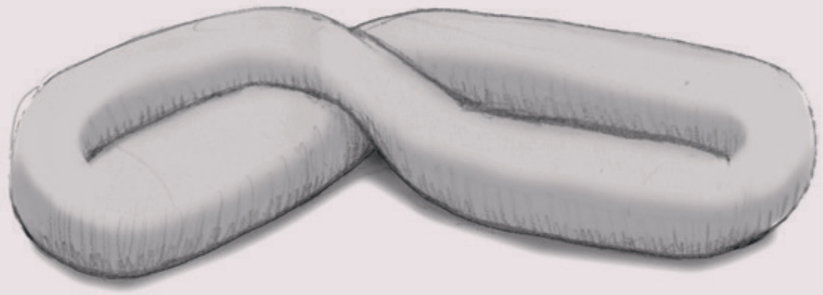

Infinito sofa shown in Premium fabric.
H85 - W300 - D242 cm
H33 - W118 - D95"
Colosseo arch lamp version shown in black chrome.

Marcantonio's research constantly blurs the boundaries between art and design. His personality and work are both a fusion of a love for art and one-of-a-kind pieces; his design objects are meant to be part of an everyday household and their dual nature is bound by his utterly free creative thinking. With a strong sense of humour, a love of nature and his own personal vision of contemporary design, he has produced pieces of work that have already become modern icons. His vision and poetic approach are perfectly summed up by the words: "Design teaches us to draw, but it is from art that we learn how to have ideas. We are crammed with shapes in the design world, and, I think that either we move towards applied design technology, which will always make sense, but that is not my field, or we move towards poetry." He has definitely chosen the latter pathway and he draws inspiration from anti-academic and visionary figures like Ingo Maurer and Gaetano Pesce. Marcantonio sees in them the concept of "impure", crossed-fertilised and playful creativity which ensues from the constant intermingling of the most varied sectors, from pop-art culture to storytales and from primitive art to comic strips, where the differences have their own intrinsic worth and are in contrast with the concept of design purity. This same intrinsic worth has always underpinned Natuzzi's design vision. This is why (for the new Circle of Harmony collection for which design blends are a cornerstone) Pasquale Junior Natuzzi "challenged" Marcantonio and his creative mind for this co-venture with the brand, involving him in a project which is, on the one hand, almost an impossible feat and, on the other, the best way to bring out that marvellous inner world which transpires from each artist/designer's work, imbuing it with an unmistakeable unique feel.

"We have transformed the infinity symbol into a curvy sculpture which slides upon itself and becomes a restful sofa".

designed by
Manzoni&Tapinassi

tempo

Tempo's volumes and pared-back silhouette express a sophisticated sense of balance, making it the perfect place to experience harmony - pampered by the soft padding in memory foam and goose down, and lulled by the sweet embrace of a design that seems to put time on hold.

The feet have a special finish in dark-grey metal. Because harmony is also hidden in the details.

Marlene armchair shown in Premium fabric with wengé wooden feet.

new classic

New Classic, Fabio Novembre's reworking of the classic Chesterfield sofa has been given a contemporary urban feel and carefully designed with a harmonious blending of round and square shapes and volumes. A piece that instantly brings to mind visions of Apulia with its unforgettable atmosphere and timeless harmoniousness.

designed by
Fabio Novembre

Allow it to take centre stage and play a starring role in your living area. The back looks so good that it would be a shame to hide it.

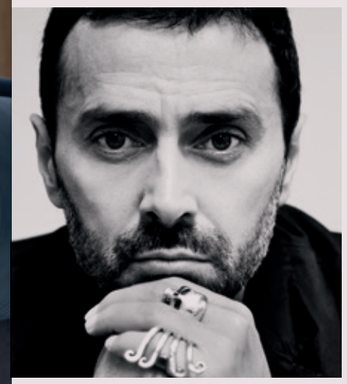

New Classic three-seater sofa in a mixture of Stylish leather and Premium fabric.
H77 - W322 - D108 cm

Sophia B rug.

Side units fitted with full-length feet in tubular metal.

Fabio Novembre has been a leading light in the international design industry for over twenty years due to the visual power and iconic nature of his style. Marked by a highly recognisable visionary approach, his work has received a series of accolades and mentions in publications over the years. He has been scientific director of the Domus Academy and served on the scientific committee of the Design Museum at the Milan Triennale since 2019. Novembre and Natuzzi not only share a bond with Apulia which is a "motherland" and muse for both of them, but they also have a common passion for narration. This is what triggered their first key project together called Intro which was a 2016 Triennale installation put on display inside the "Stanze- Altre filosofie dell'abitare" ("Rooms - Novel living concepts") exhibition in partnership with the Salone del Mobile. A fascinating project based on a very lofty concept and a bearer of a sublime message, *Intro* brought to the fore the best of both Novembre and Natuzzi. By concentrating on the concept of the bedroom retraced to its most perfect ancestral roots, his mind settled on an egg represented by an oval-shaped alcove with an external mirrored-metal shell and a deep-red interior which looks almost like a womb; this alcove literally draws visitors in, isolating them in an otherworldly dimension before returning them to the world reborn with a keener sense of awareness. Crafted from materials customarily used for sofa manufacture and entirely hand-assembled by those who create sofas every day, *Intro* remains a one-of-a-kind piece of artistry and was a way to offer the international audience at the Triennale tangible proof of the love of craftsmanship that Natuzzi has always had. Four years down the line, Natuzzi and Novembre continue their remarkable teamwork, as is apparent from the strong bold aesthetic of the new collection and from the Circle of Harmony with a project that encapsulates all the extraordinary visual power of the designer from Lecce who many have likened to Fellini for his ability to generate images with an unmistakable trademark.

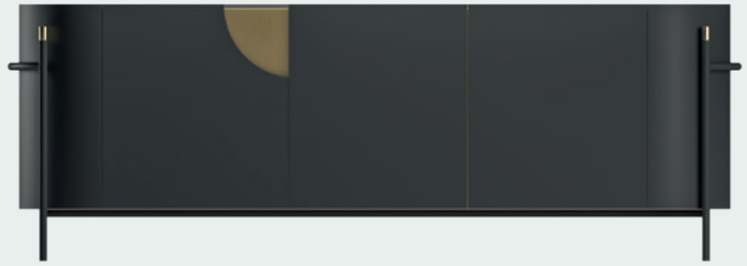

"Minimalist sensitivity and classic design. New Classic aims at getting these two philosophies closer to each other".

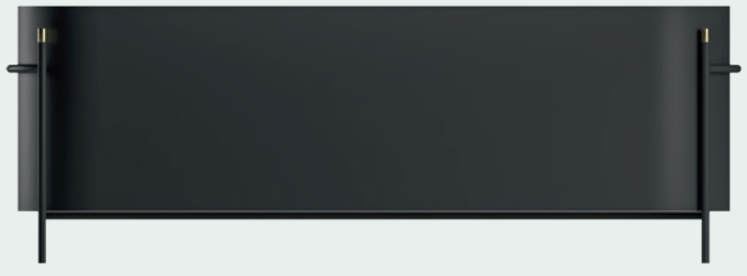

orfeo

designed by
Manzoni&Tapinassi

Superlative Italian craftsmanship and matchless design. The enchanting elegance of **Orfeo**.

Orfeo sideboard shown with a matte chocolate lacquered surface and a metal structure in chocolate-rose gold.

amalia

designed by
Bernhardt & Vella

Sharp geometrical shapes and sleek volumes for an oasis of relaxation and comfort. This is no mirage, it is the **Amalia** round sofa.

Amalia round sofa shown in Premium fabric and set on smoked oak feet.

Allow it to take centre stage and play a starring role in your living area. In any case, it would be a shame to conceal such a gorgeous part of this piece

designed by
Claudio Bellini

botanic

Taking its cues from forms found in Nature as its name suggests, Botanic puts a new spin on the stylish design of the ‘50s - those sleek lines and that cohesive approach which refashioned the aesthetics of home design - and turns it into a compact pared-back project.

The chaise-longue with a recliner mechanism has an ideal position for every occasion and for each single moment in time.

The decorative martingale at the back of the sofa makes it the ideal centrepiece for a room where is it bound to play a starring role during gatherings of family and friends.

Paola Navone It was in the late '70s that Paola Navone made a name for herself on the international landscape, being, as she was, as a key figure within the Alchimia group (the most avant-garde set on the Italian design scene) and working alongside names like Ettore Sottsass, Andrea Branzi and Alessandro Mendini. Very much a citizen of the world, she is insatiably curious about other cultures (especially Oriental ones) and looks to travelling as a means to fuel her imagination and find inspiration; travel is what gratifies her most, and, in addition to habitually crossing geographical borders, she also customarily pushes back frontiers in other areas. In the course of her extensive career, she has slipped effortlessly from one professional role to another (art director, designer, architect, essayist, interior designer, teacher and curator of exhibitions and events), displaying not only her aptitude for an extremely exciting eclecticism, but also the prolific nature of her work. All the colours and flavours (discovered, adored and experienced) of the Southern hemisphere emerge from her work, yet are tempered by the styles and shapes of a rich Western tradition. And it was her love for the traditional and classical forms of home furnishings that led to the first partnership with Natuzzi in 2010 when the *I Fondamentali* collection came into being; this was a set of armchairs and sofas which drew inspiration from historical drawings that we are all familiar with, but were refreshed with a modern spin. Forms known to us, but softened and redefined with small sophisticated details which turn them into timeless objects, blurring the line between past and future with a subtle tongue-in-cheek twist. This range became a Natuzzi Italia style icon and a permanent part of the collections. It is a prime example of timeless harmony - as is her new project which responds to Pasquale Junior Natuzzi's invitation to join the Circle of Harmony and create a collection which is a blend of unique designs and a tribute to Mediterranean lifestyle. A theme which she interpreted in her own supremely unique way, as you would expect from a designer who is quintessentially cosmopolitan and relentlessly seeks out new worlds as well as fresh materials, forms and structures.

"Travelling is my way of breathing, of looking at the world. As I travel I store colours, shapes, materials, sensations in my head".

chocolat

designed by
Natuzzi Design Center

Unusual geometric shapes and exquisite materials – stone, glass or marble. The irresistible allure of the **Chocolat** coffee tables.

Chocolat coffee tables shown with a pewter frame. In this page with an Athens silver cream top. To the right, with a smoky glass top and a dark-grey back-lacquered surface.

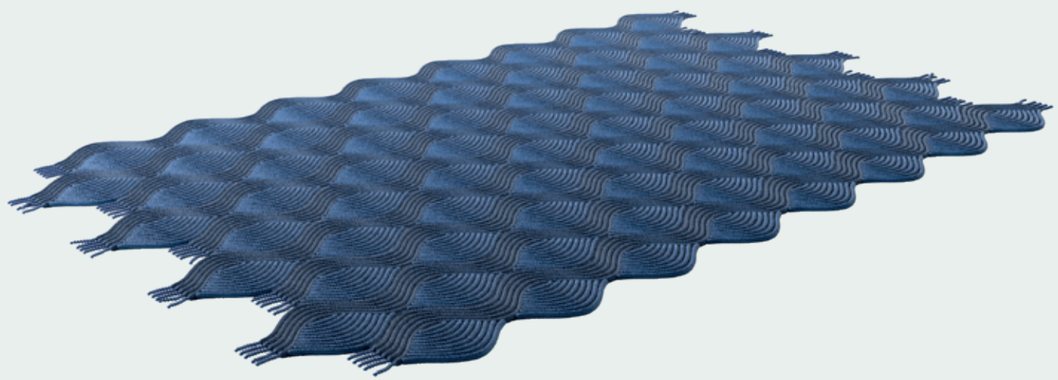

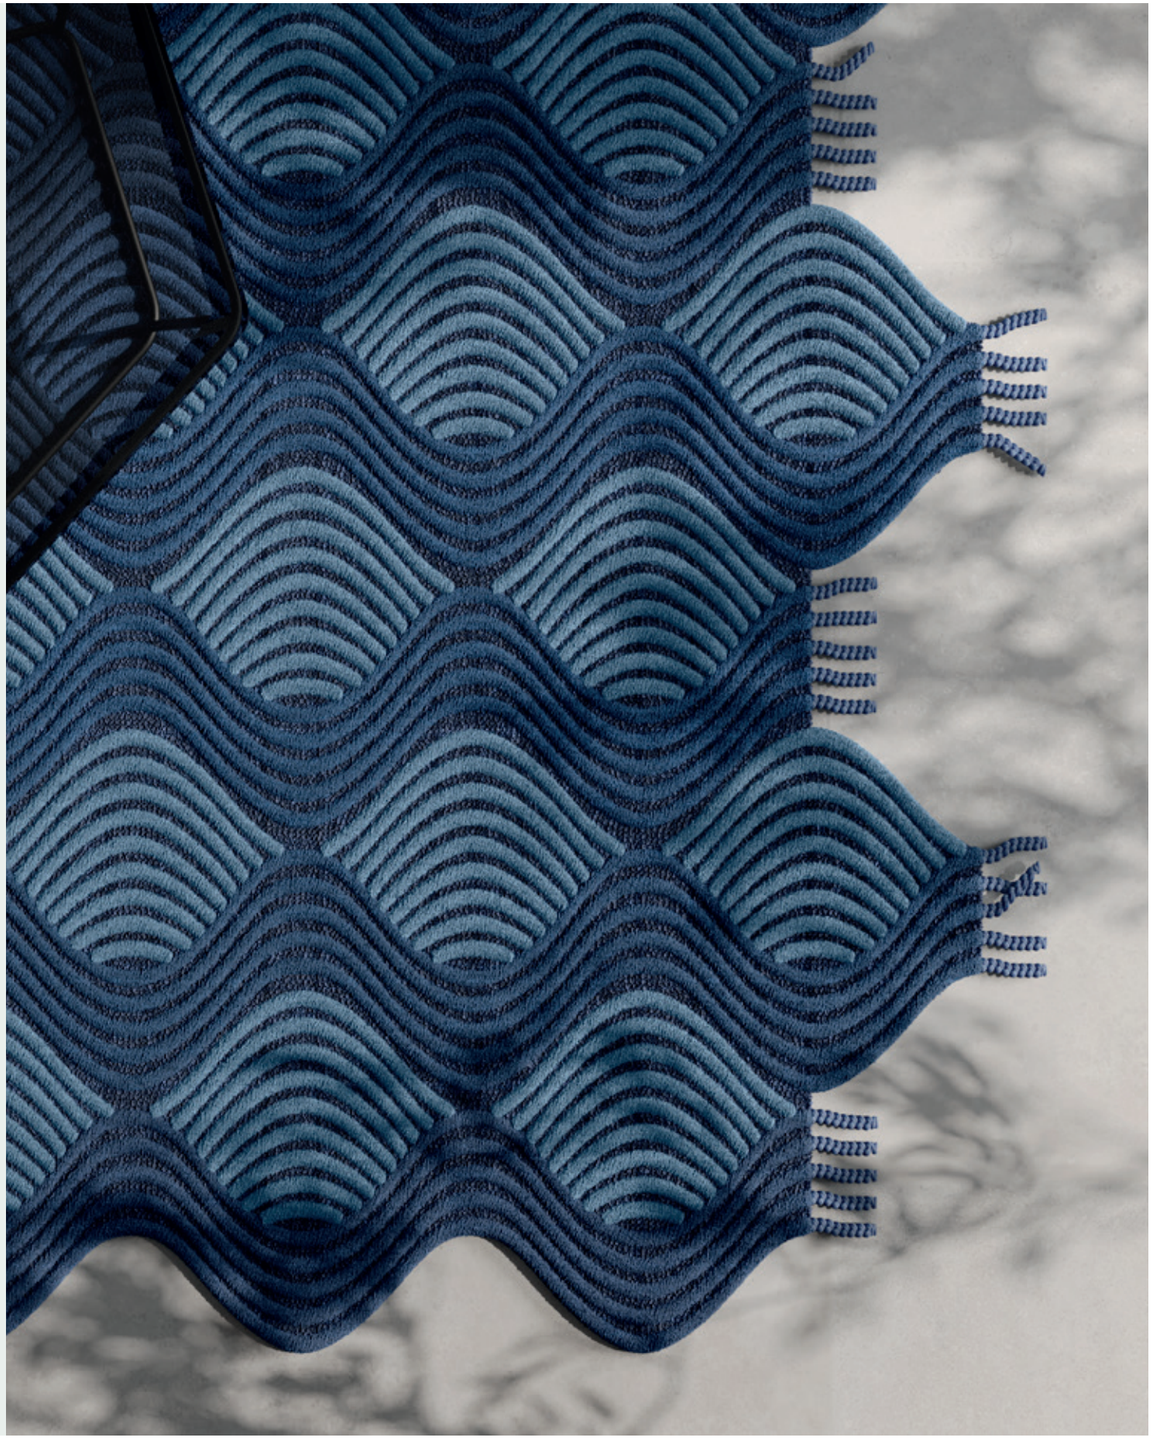

calcada

designed by

shown in essential leather
Saturday coffee tables
Colosseo floor lamp

Capriccio is an extremely versatile solution for urban spaces thanks to its dual nature, provides a new refreshing take on the idea of comfort, created by a brand which has turned comfort into a lifestyle.

The metal feet are available in various finishes and with contrasting piping as an option.

re-vive

designed by
Formway Studio

hi-tech, hi-relax.

We have always been innovators. It is just the way we are wired and Re-vive epitomises this aspect of our nature, as if it were a symbol or an icon of who we really are.
Our instincts led us to look beyond our horizons and push the envelope until we completely turned around the concept of a reclining armchair and the way it is used. A total game changer, just like the one in the ‘80s when Pasquale Natuzzi transformed the image of the leather sofa for ever.
And much like then, it all stemmed from an idea that is as simple as it is ...well, revolutionary: find a way to make the armchair adapt to the shape and movement of the body, rather than the body adapting to the armchair. When you try Re-vive, you experience a never-felt-before sensation.
It is as if the armchair were alive and had a soul. Actually, it does have one. A technological soul that is the result of top-level ergonomic engineering bringing together as many as 120 main components, 80 of which are made using exclusive moulds. A project for which we put together a real dream team, pooling Natuzzi’s know-how with the knowledge of the Formway Design Studio, the most advanced centre for performance-seating research and design in the world.

We hatched the idea for Re-vive and developed it with Kent Parker, the studio's project director. It took over two years to finish the various phases of experimentation and research. We began by looking at the multi-dimensional movements found in nature which combine strength and flexibility, from the branch of a tree to the human spinal column. This helped us to identify a model that would be our base for the perfect armchair - one that would evenly distribute the weight of the body and keep it balanced it in a neutral way. What ensued is an armchair equipped with innovative technology and unique features, such as the Responsive Recline - a weight-compensation mechanism that intuitively detects changes in body posture - the adaptive armrests, complete movements that reach 360 degrees from the base and a tilting footrest. But that's not all. Re-vive is like nothing you have known before. Striking a perfect balance between aesthetics and design, it bears witness to the sheer excellence of Italian design - in this case, Natuzzi design.

Watch Re-vive in motion

an experience that is unique 9 times over

Honoured with the Trophée de l'Innovation at the Espritmeuble Furniture Fair of Paris, a gold at the Best Design Awards and other prestigious international accolades, Re-vive is an experience that is not easy to describe in words. It is like entering another dimension in which you unplug from the rest of the world and reconnect with the deepest part of yourself. A restorative regenerating respite - from the world and its hectic pace.

1 **You move, and Re-vive moves with you.** Automatically, without any need for external levers or mechanisms.

2 **You forget about the force of gravity.** Re-vive kicks in with a gentle rocking movement.

3 **You lean back, you stretch out or you curl up.** Re-vive's spinal column moves with you and provides constant support.

4 **You choose the position.** Re-vive follows your lead, turning in a circular fashion, twisting around in the lower-back region and reclining.

5 **You are totally free to relax.** The adaptive armrests follow your movements, effortlessly sliding back and forth.

6 **You turn, and turn and turn.** Re-vive moves with you, naturally and safely at 360°.

7 **You are lulled into a state of relaxation.** Re-vive supports you with a filling that adapts to your body.

8 **You rest, you become drowsy and you fall asleep.** The footstool provides your feet with support, adapting to all your movements.

9 **You sit however you want.** Re-vive accompanies you fluidly and naturally, without any clunkiness or jolts.

innovation meets natuzzi stylishness

By bringing together the finest Italian workmanship and the most advanced technology in the field of lounging systems, Re-vive raises the bar in terms of comfort, something that has always underpinned Natuzzi's design philosophy. But what makes Natuzzi style so unique is the fact that it gives you the pleasure of personalising each single piece of furnishing down to the tiniest detail. Re-vive is no exception to this rule.

Personalization starts with design and our Centro Stile has seven different options for you which suit all settings, tastes and personality. More comfortable, more contemporary, softer, more pristine... more yours. What is more, you can now choose between two sizes and dimensions (King and Queen) as well as a huge array of coverings (in leather and fabric) with many different combinations and a colour palette that includes over 80 variations for leather only.

quilted

Re-Vive quilted shown
in Essential leather. (735)

King
H 111 - W 90 - D82/115 cm
H 44" - W 35' - D32/45"

Queen
H 105 - W 85 - D80/113 cm
H 41" - W 33' - D31/44"

In the Quilted version, Re-vive conveys a sensation of sumptuous softness accentuated by an elegant decorative trim along the edges which highlights the beauty of its silhouette and bears witness to the outstanding quality of the artisanal workmanship. A plush layer of padding (even on the footrest) means that Re-vive effortlessly bears the weight of the body while you sink into a state of ineffable relaxation.

club

Re-Vive club shown
in Premium fabric. (733)

King
H 111 - W 90 - D82/115 cm
H 44" - W 35' - D32/45"

Queen
H 106 - W 85 - D80/113 cm
H 42" - W 33' - D31/44"

The large and invitingly comfortable backrest of the Re-vive Club armchair also features embellishments on the built-in headrest and footrest. Like all items from the Re-vive range, Club combines the exclusive signature comfort of Natuzzi Italia armchairs with the most advanced ergonomic technology.

casual

Re-Vive casual shown
in Essential leather. (733)

King
H 112 - W 90 - D82/115 cm
H 44" - W 35" - D32/45"

Queen
H 106 - W 85 - D80/113 cm
H 42" - W 33' - D31/44"

Boasting a minimalist aesthetic, Re-vive Casual scores high on comfort. The large wraparound backrest becomes one with the headrest and merges harmoniously with the sleek-looking arms. It has been crafted from extremely hardwearing environmentally-friendly materials for a sense of well-being that ensures harmony in the broadest sense possible.

lounge

Re-Vive lounge shown
in Essential leather. (734)

King
H 111 - W 90 - D82/115 cm
H 44" - W 35' - D32/45"

Queen
H 105 - W 85 - D80/113 cm
H 41" - W 33' - D31/44"

Refined and modern, Re-vive Lounge bears the unmistakable hallmark of Natuzzi artisans, as can be seen by the delicate padded quilting on the backrest which has been done by hand and repeated on the footrest too. A soft embrace that pampers you and helps you to relax.

wing back

Re-Vive wing back shown
in Premium fabric. (736)

King
H 115 - W 95 - D85/117 cm
H 45" - W 37' - D35/46"

Queen
H 110 - W 90 - D80/115 cm
H 43" - W 35' - D31/45"

With its comfortable protective shape and invitingly generous backrest, Wing Back offers unsurpassed comfort, further boosted the highly distinctive design of the headrest which looks like a pair of wings opening out to embrace you and lifting you upward into flight until you reach a plane of relaxation that allows you to leave all your worldly worries behind.

shuttle

Re-Vive shuttle shown
in Essential leather. (735)

Queen
H 106 - W 89 - D95/128 cm
H 42" - W 35" - D37/50"

Floating in space like an astronaut, free of gravity. The Shuttle version of Re-vive has been designed to give you that same sense of lightness and letting go. Elevated by the artistry of Mauro Lipparini, this armchair raises the bar in terms of individualised comfort. Its large trademark side wings convey a sense of welcoming and protection. The sumptuous unstructured padding comes as close to deep and intimate as you could expect from an armchair so you can claim your own space, dive into your favourite book or music and just enjoy your own personal universe.

myway

Re-Vive myway shown
in Stylish leather. (734)

King
H 110 - W 99 - D97/130 cm
H 43" - W 39' - D38/51"

Queen
H 108 - W 92 - D91/124 cm
H 43" - W 36" - D36/49'

Mauro Lipparini revisits Re-vive - his way, of course - and puts his own stylish and instantly recognisable stamp on an armchair that boasts outstanding visual comfort and beckons you to sink into its soft silhouette. Superlative Natuzzi workmanship is showcased by the quilting on the backrest and seat which not only testifies to the sheer skill of the upholstery work but also elevates this item with a decorative inflection. A sartorial piece of prêt-à-porter which will fit seamlessly into a contemporary lifestyle and suit any setting, however tricky, and any customer, however discerning, because it is in a league of its own in terms of craftsmanship and design concept.

610

Re-vive 610 shown
in Essential leather. (736)

King
H 111 - W 90 - D82/115 cm
H 44" - W 35' - D32/45"

Queen
H 105 - W 85 - D80/113 cm
H 41" - W 33' - D31/44"

Ergonomic comfort, cutting-edge technology and functional design are combined to give the best relaxing experience. The large comfortable backrest is a continuous invitation to relax and enjoy the ultimate comfort of the Re-vive technology, while its linear design makes it suitable for any style of furniture. The chair is covered with superior quality leather or fabric in a wide variety of colours.

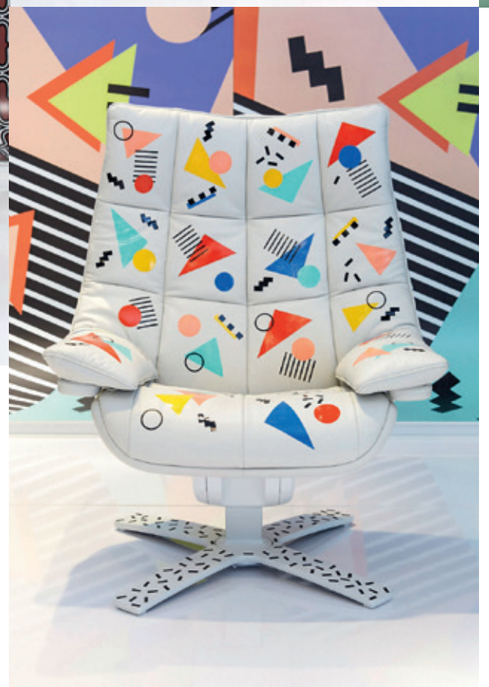

re-thinking
re-vive.

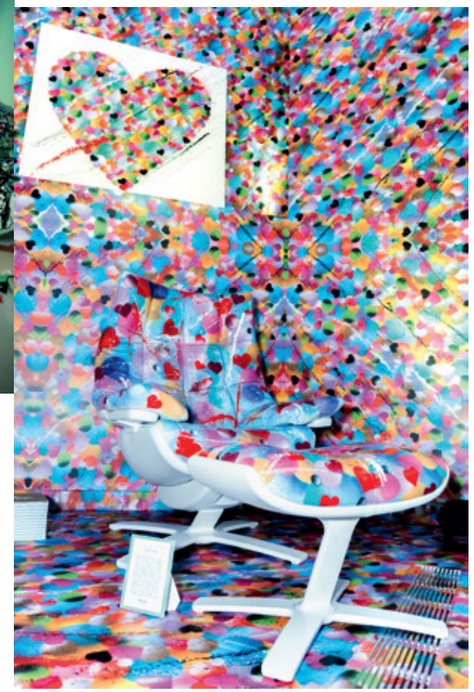

Re-vive has smashed many records, but there is one we are especially proud of: it is the first “performance recliner” in the world. The Re-thinking Re-vive project sprung up around Natuzzi Italia’s iconic product. This basically uses the armchair as a “blank canvas” upon which the creativity and different viewpoints of great international artists are unleashed.
This project pushes back the boundaries of design because it sees Re-vive as an object/space turned over to art which is then left free to express itself in keeping with the values that identify the brand - its visual codes which draw inspiration from Mother Nature and Apulia.
This project has graced the most important places and events for design, including the London Design Festival, the New York X Design festival and the Salone del Mobile Milano-Shanghai.

And it provides further proof, should proof be needed, that beauty is a product of the meeting and intermingling of different cultures. And this is true today more than ever.
This concept first formed a foundation for our idea of harmony more than sixty years ago.
And the fact that confirmation also comes from this encounter with art and artists drives us to pursue our quest for a lifestyle that resides - increasingly so - in the art of living and dwelling.

dining

the harmony of new everyday habits.

In the Mediterranean culture, the places in which we entertain our friends and families, sharing thoughts, emotions, glances, food, wine and wonderful moments, are very special. And sitting around the table is always enriching, joyful, a celebration. In addition to all of this, the new normal brings with it the need to make the most of our spaces, with tables that can be transformed into well-equipped desks and multifunctional work surfaces, changing shape and size depending on the type of “meeting”. The Natuzzi Italia dining room collections are the result of in-depth stylistic and functional research, experimentation with innovative and sustainable materials, respect for the relationship between tradition and local culture. Chairs and tables, storage units and sideboards, give rise to infinite harmonious combinations and dynamics perfectly attuned to the most fluid of lifestyles.

Marcel Wanders studio

adam

A timeless elegance and design distinguishes the Dining Adam, an important protagonist of the Natuzzi Italia Dining area. Adam dining table is characterized by natural colors and elements such as wood and new innovative stone finishigs that are skillfully and elegantly mixed with the oldest craft history of Puglia. An offer that is the result of stylistic research involving shapes and materials.

Adam Elliptical-shaped dining table available in two sizes, suitable for 6 up to 10 people.
L280 - P100 - H75 cm
L110 - P39 - H30”

Edgar chair

Adam dining is a new organic shaped product available in two sizes where natural colors, wood and new innovative brushed lecce stone finish are skillfully and elegantly mixed.

The brushed lecce stone finishing is an innovative stone-effect texture and it is made with natural and recycled materials that create natural, unique and valuable surfaces giving each element an iridescent and distinctive note.

The harmonious contrast between the solid wood base and the smoked glass top enhances the choice of materials - a strategy to express one's taste in contemporary domestic spaces.

designed by
Marco Piva

aliante

Aliante is an extendable table surprising for its personality, design concept and strong aesthetic, which even becomes an element of lifestyle. A table which, due to its essential nature, lends itself to enhancing any combination, starting with the chairs, which are the first "characters" required to enrich the dramatic plan.

Aliante extendable table shown with solid black Ash wood legs and White Siena ceramic top.
L180 (ext. 270) P100 H75 cm
L70 (ext. 106) P40 H30"
Nanà chairs.

The perfect example of "Mediterranean rationalism", as Piva himself defined it, the **Aliante** celebrates conviviality both in its narrowest, most familiar dimension, and in its widest one enjoyed with friends.

Natuzzi Italia's attention to innovation is all in one detail, functional yet aesthetic: the mechanism that enables extension and changes the shape of the top, creating a continually changing architectural game.

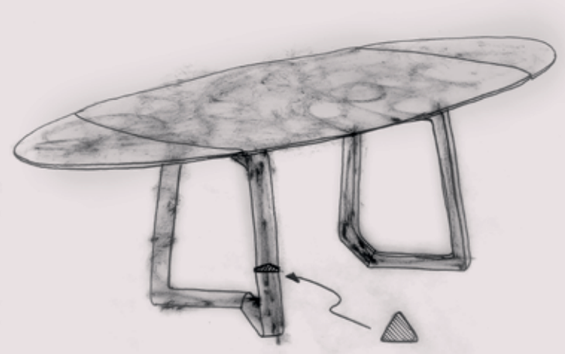

A traveller first and designer second, **Marco Piva** studies and creates design solutions marked by their stylistic freedom. He defines his language as “exciting, fluid and functional”, designing works related to architecture, products and interior design. Design innovation and continuous research – in technology and materials – have enabled Studio Marco Piva to be awarded very important, high-profile projects all over the world, from the innovative Next 21 residential complex in Dubai to the prestigious Excelsior Hotel Gallia in Milan, from the concept of Bulgari shop windows all over the world to the renovation of historic buildings in Venice, Milan and Shanghai.

“It’s important that a multifunctional object also has a strong aesthetic element within it; a lifestyle trait. This is what I mean when I speak of ‘Mediterranean rationalism’.”

designed by
Massimo Iosa Ghini

gutta

Gutta is a triumph of organic form, with its fluid, sinuous lines and a surface that resembles an uneven mirror of water reflecting everything around it. The new domestic design approach looks to nature as a model of maternal, inclusive beauty, never aggressive or edgy. A ‘human’ beauty, more in harmony with who we are.

The timeless elegance of the table, available with a round or oval top, breaks the mould and redefines the boundaries of the aesthetics applied to design.

Gutta dining table shown with a structure in solid American walnut and a top in Calacatta Gold marble.
L220 P118 H75 cm
L86 P46 H30"
Beat armchairs.
Circle pendant lamp.

A lightweight structure in solid walnut emphasises the sinuous shapes of the table, starting from the legs, which seem to be modelled by function, and ending with the profile of the top.

beat

designed by
Mario Lipparini

The **Beat** armchair welcomes us with its generous seat. Enveloping us like a corolla of petals, reassuring us like a nest.

bed room

harmony, a dream that comes true.

For this most intimate and personal of spaces, Natuzzi Italia has developed a collection of beds, bedside tables and chests of drawers that perfectly encapsulate its expertise and vision: the value of Made in Italy artisanship and processes that respect the environment, the exclusive comfort that has made it a household name all over the world, attention to detail, quality materials - from the best wood, originating from correctly and responsibly managed forests, to the finest leathers and through to the most exclusive and innovative fabrics, the fruit of synergies with the most cutting-edge businesses in the field of sustainable textile design. To create a space that combines the real with the ideal, a collection of dreams that inhabit reality.

designed by
Mauro Lipparini

campus

Campus bed draws its aesthetic origins from the extraordinary craftsmanship of its broad weaves made of leather straps woven orthogonally in a modulated rhythm: a confirmation of Natuzzi Italia's high quality craftsmanship and attention to sartorial detail. A geometric purity that gives a pleasant sensation, a true invitation to relax. Elegance, exclusivity and uniqueness make Campus an iconic, representative and familiar bed, and at the same time a distinctive protagonist of home furnishing.

inu

designed by
Patrick Nourguet

Inu, a table-desk with a large worktop made from FENIX, a material that heals itself in the event of scratches, and details such as the hidden cable duct. The expertise and vision of the brand is also in that which is unseen.

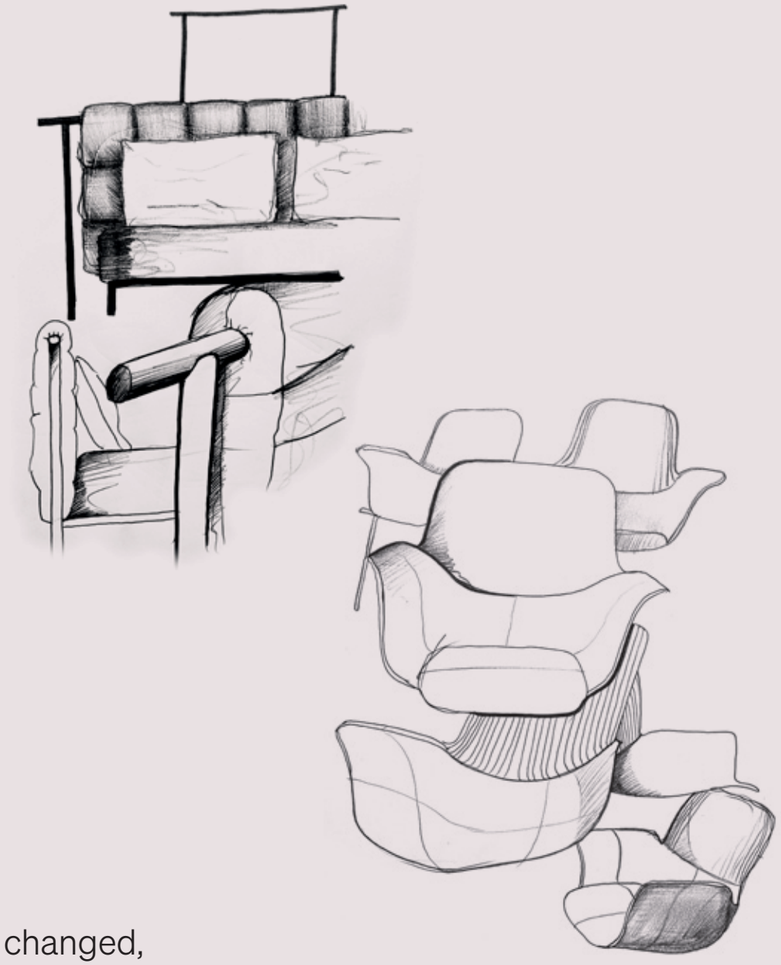

Inu table-desk shown with structure in natural Ash wood and top in FENIX.

Patrick Norguet approaches objects and design from a graphic perspective. His 'practical' approach, based on his industrial and design studies in Paris (ESDI), is what defines the unusual profile of this constructive rebel. In 2000, he founded his Paris studio, immediately establishing himself as a key figure on the international scene. His greatest passion is dialoguing with manufacturers and discovering their expertise; the creative impulse refined by technical constraints. He does not follow trends, but seeks to design relevant, modern products that stand the test of time: "A well-designed object, an object created through generous collaboration, is timeless."

"Priorities have changed, especially among the younger generation - people are looking for products that have good energy, and tell a lifestyle story."

designed by
Claudio Bellini

Allow it to take centre stage and play a starring role in your bedroom. The headboard has been finished to a high standard on both sides so it can be showcased in the middle of the room.

briq

Available in four different sizes with leather or fabric coverings, Briq is designed to meet any space requirements. It scores high on versatility and functionality, as evidenced by the storage unit with two opening positions so you can easily access all parts of the bed.

Cala

With its exquisitely elegant design featuring a plush headboard and tailored details on the back and the front Cala can proudly take its place in the middle of the room.
Its distinctive shape reminiscent of a spectacular seascape in the midst of uncommon beauty invites you to take your time and sink into its restorative embrace.

The refined aesthetic of the headboard featuring uncomplicated vertical topstitched lines imbues it with a sense of dynamism and gives it character.

Optional secret box
with a pull-out drawer

sleeping in natural harmony

COCO-MAT

Designed and entirely made in Italy, Natuzzi Italia's beds are a benchmark for those seeking the utmost harmony and quality, even when sleeping. Their perfect match are the innovative mattresses developed in partnership with Coco-Mat, a pioneering company. Completely artisanal, totally natural and ergonomic, these mattresses are essential components for an extremely comfortable and restorative night's sleep.

Atlas mattress
Handcrafted with care using Nature's finest materials to provide maximum comfort and create the conditions for rest. Atlas will lend itself to any individual preference and you can choose between a springy and less springy side. Suitable for all body types.
materials Natural Latex, Rubberised Coconut Fibre and Seaweed.
elasticity Different on each side – Soft and firm.
height ±18 cm (7″)
cover Washable, 100% cotton.

Proteas mattress
Exquisitely handcrafted, Proteas is our most exclusive and intricately designed mattress, made entirely from natural materials. Made to embrace each curve of the body and provide optimal support to heavier parts while ensuring maximum springiness. Suitable for all body types.
materials Natural Latex, Rubberised Coconut Fibre, Horsehair, Eucalyptus leaves, Cactus Fibres and Seaweed.
elasticity Different on each side – Soft and medium.
height ±25 cm (9.8″)
cover Washable, 100% cotton.

Iviskos top mattress
A thick layer of natural latex which provides optimum springiness and comfort. Works in combination with the mattress to improve the sleep experience. Suitable for all body types. The cotton covers can be easily removed and washed for maximum hygiene.
materials Natural Latex.
height ±6 cm (2.3″)
cover Washable, 100% cotton.

materials

Natural rubber
A colloid, milky fluid which undergoes a special process to become soft elastic foam. The name given to rubber by indigenous Equator tribes was "caoutchouc", from the words "caa" (tear) and "ochu" (tree), because of the way it is collected.

Coconut husk
The husk of the tropical coconut fruit is coated in strong, resilient fibres which are sprayed with natural rubber, shaped into layers and used on our products. Coconut fibres are known for their durability and insulating properties.

Seaweed
Over the years it has been used for multiple purposes, from a medical remedy to insulating material. Once dried, we use it for its slowly-released scent of iodine. Iodine is known to benefit the breathing system.

Cotton
Used to make soft comfortable clothes and other textiles, cotton has a long history. Light, fluffy and naturally hypo-allergenic, cotton is the undisputed king of all our fabrics.

Wool
Although woollen fabrics are commonly thought to be more suitable for colder climates, in fact, wool is perhaps the only natural material that can keep us warm in winter and cool in summer, thanks to its insulating properties.

Eucalyptus
The tall eucalyptus tree is well-known for its shade and its healing properties. The essential oil distilled from its leaves has a refreshing smell and is a natural remedy, beneficial for our breathing system.

Horsehair
Over the ages it has been used to make brushes, strings for musical instruments, and even toothbrushes. Horsehair is naturally waterproof and can absorb humidity to create a dry environment.

Cactus
An excellent survivor in any environment, this exotic plant has strong and durable fibres which can regulate humidity and maintain a dry environment.

Lavender
A fragrant shrub, famous for its sweet scent and beneficial remedies, lavender is widely used in cosmetics, perfumes, balms and medicines. Its seductive aroma is known to have relaxing effects.

Down
Down has been associated with dreamy sleep due to it being lighter-than-air. Delightfully soft, it keeps us warm, thanks to its inherent ability to let air pass through, while keeping temperature levels stable.

pillows

Sithon I natural latex flakes.
Optimal head and neck support. Suitable for all body builds. Fully customisable. 50 × 70 cm.

Sithon III duck feathers & down.
Feather-light smoothness. Suitable for lighter weights. 50 × 70 cm.

Sithon V pure virgin wool. Hypo-allergenic. Enhanced head and neck support. Suitable for all body builds. Customisable. 50 × 70 cm.

Narkissos I natural latex flakes.
Ideal for those who sleep on their side. Optimal head and neck support. Suitable for all body builds. Fully customisable. 50 × 70 cm.

a soft, warm, silky embrace

Our dream begins in Apulia where natural elements are transformed into light, depth, warmth, and colour. Then they take shape, filled with substance, matter, and more. They absorb culture, tradition, and passion. Understated luxury evidenced by attention to detail and the sophisticated craftsmanship of the finest-quality yarns. All the most up-to-date shades, weaves and a blend of traditional workmanship and modern techniques - these are just some of the typical features of our matching bed linen, blankets and decorative cushions.

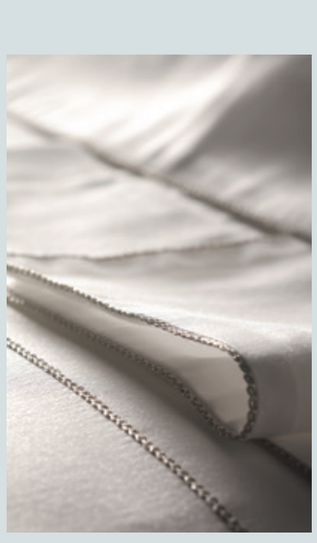

Bed Linen

Timeless elegance and seduction. Natuzzi Italia's colour-coordinated bed linen expresses all the excellence of Italian design in a sartorial collection packed with exquisite details. In pure superior-quality cotton percale or in pure linen, they are finished with special hand-crafted techniques.

Cushions

In a stunning blend of Italian tradition and contemporary design, Natuzzi Italia presents an extensive collection of decorative cushions. Available in a variety of dazzlingly bright colours and in elegant natural materials. Natuzzi Italia cushions are designed to add an exquisite and harmonious personal touch to the rooms of the home.

Blankets

Pleasing to the eye and warm to the touch, Natuzzi Italia blankets convey an authentic experience of taste and style. In pure cashmere or in 100% merino wool, they are the ideal companions for curling up on the sofa on cold winter days, also doubling as decorative furnishings for your home. The superb quality and special properties of the fibres make these blankets a perfect gift for important occasions.

the place of harmony

a place to enjoy the true taste and intensity of the Mediterranean atmosphere

“All that inspires us becomes form, design and objects. And it is our pleasure to tell it, show it and share it all”. Pasquale Natuzzi

The Natuzzi Italia store is the place where this happens every day: the setting where the brand’s story and image become customer experience, the centrepiece of a multi-sensory event revolving around Italian lifestyle: the blown-up images of Apulia meld with the collections it inspires, while home fragrances and essences of Mediterranean plants mingle with the aroma of freshly-brewed espresso.
The new Natuzzi vision no longer contemplates stores that specialise in products, but places where we celebrate harmony and where the classic sales process coexists with cutting-edge technology.
Natuzzi is the only player in the industry that can offer a completely new shopping experience, through a combination of innovation and creativity. The Natuzzi Augmented Store, for example, is a space where everything that a physical store has to offer is vastly amplified by Mixed, Augmented and Virtual Reality.
This new shopping experience transports the customer to a virtual showroom where they can access the entire Natuzzi Italia range, view products as if they were real, in 1:1 scale, and interact with them by changing colours and finishes. This venture has won the prestigious Retail Week Award. Natuzzi Italia, as a lifestyle brand, is forward-thinking in the way it builds strong and lasting relationships with its customers, continually seeking the best ways to accommodate them and offer them a unique and memorable shopping experience. That also means calling on the best specialist staff – architects, interior designers, consultants – who can interpret their desires in the various furniture design phases and transform them into “bespoke” solutions, customised and worked out to the last detail. It means cosseting, pampering and surprising them right until the end, when we make a “white glove delivery” of the chosen item to the customer's home, elegantly packaged and arranged with all the attention it deserves. Because the high quality of the “Natuzzi experience”, what we call retail excellence, is just as impeccable and refined as its collections.

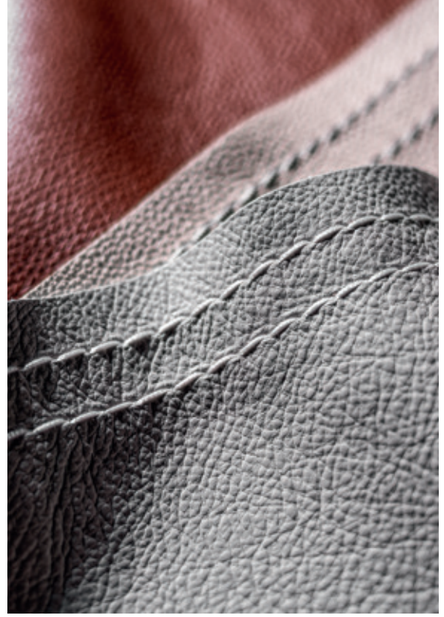

soul and matter

Natural matter has always been our passion.

Our fathers, grandfathers and great grandfathers took the same impassioned approach when they shaped our splendid surrounds - our place of birth and homeland, our local area and country. Following in their footsteps, we apply ourselves to the task with love, dedication and reverence because this matter is alive and possesses a soul. It acts as an extraordinary source of inspiration for our Natuzzi Italia collections.
The beauty of matter is brought to the fore in endless combinations of form and color, artfully defined by the Natuzzi Style Center and tirelessly studied in a quest for perfect harmony: leather and fabrics are carefully counterpointed by unfinished wood and glossy lacquered surfaces, superlative marbles contrast with hardened steel and the warmth of natural wood is set off by glass and metal with a shiny or satiny surface. This unique heritage translates into a vast range of immense worth. A country of marvels to be explored together with our interior designers in the Natuzzi Italia stores as your “place of harmony”.

The pleasure of leather.

Natuzzi and leather have always gone hand in hand. This natural affinity has been part and parcel of the success of the Natuzzi collections since the very beginning. Imitated in vain by our competitors, Natuzzi leather is a benchmark for the industry and recognised for its superiority all over the world. Its beauty, suppleness, colour and even its scent have raised the bar in terms of visual elegance and pleasure for the senses. Being a living material, leather literally breathes. And it does not feel the need to disguise its natural markings. As a matter of fact, it puts them on proud display, proffering them as incontrovertible proof of its authenticity. At Natuzzi, this kind of worn leather forged by nature is (aptly) called Natural. It is a source of pride for our experienced master tanners who enhance each detail with consummate skill, relying on an exclusive tanning process developed over the course of 60 years. The leather is not only beautiful to look at, it has also been processed to meet European environmental standards which are amongst the most stringent in the world. This is why it offers a guarantee of complete non-toxicity and durability over time. But the advantages don’t stop here. To cope with the many challenges of daily life, you can count on the practical nature of Protecta leathers - the ultimate way to enjoy sofa lounging without worries. An invisible protective layer makes them incredibly hardwearing whilst preserving all their natural beauty. Which ensures total peace of mind while children and pets get on with doing what they do.

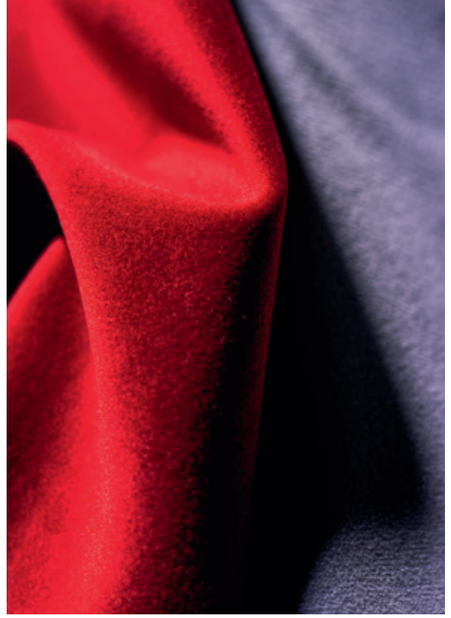

Essential
The ultimate choice for lovers of leather and its undeniable allure. Not only does this material withstand the test of time, it actually looks better as the years roll by. A wide array that is bound to satisfy the whole gamut of style and usage requirements.

Stylish
A selection marked by a strong focus on style. With fashionable hues and innovative designs, it explores inspirations and trends coming from all over the world. A perfect way to elevate your sofa with grit and personality.

Prestige
Leathers made for customers who want exclusive coverings and timeless elegance. They embody all that Natuzzi stands for not only in terms of quality.

Fabrics and microfibres. The “Natuzzi touch”.

That it is a Natuzzi fabric is immediately apparent from its touch. It is such a delight to the senses that it is almost impossible not to stroke it. The vast choice available means that everyone will be able to find the covering best suited to their home and lifestyle. Motifs and precious patterning are etched on linen, wool, silk and cotton which entice with their natural allure. Viscose, velvet and microfibre astound with their tactile texture while ensuring immense resistance to both washing and wear and tear. A world where the quality of natural materials goes hand in hand with the innovative nature of hi-tech fibres and outperforming fabrics enhanced with exclusive technology which coats each fibre with an invisible film, locking out dirt and allowing for the easy removal of stains. Fabrics which are safe, ecological and OEKO-TEX® Standard 100 certified, meaning that they boast an international guarantee of total fibre-and-textile-product sustainability. Fabrics designed to help you enjoy life – and your sofa – together and without a care.

Smart
Fabrics that will suit any setting, whether it is classic or modern, and which have a huge colour palette that is easy to match and practical to use.

Premium
A top-of-the-line premier-quality edit for the most discerning customers. Ageless fabrics that bring to the fore the beauty of the products, imbuing their surrounds with an exclusive aura.

Trendy
Natuzzi Italia seeks out new fashion and design trends from all over the globe and puts its own spin on them. New sophisticated bold patterns come into being, expressing instantly recognisable, personal and spirited décor styles.

Performance
Natuzzi believes that comfort means enjoying life without having to worry. This is why we have developed a range of innovative fabrics that allow you to easily wipe away stains, using just water and mild soap.
Our exclusive technology coats each fibre with an invisible molecular film which locks dirt out. A shield that not only makes the fabric stainproof, scratchproof, tearproof and antistatic, it also makes sure that the environment is respected (there being no PFCs or perfluorocarbons).
The Performance fabrics are the innovative part of the Natuzzi coverings catalogue. They retain all the beauty and durableness of the original, yet have a more practical surface for cleaning which also repels fur. So, dogs, cats and children can do their worst and you have no need to fear.

- **Water-and stain-resistant**
- **Washable with just water**
- **Greater resistance and durability**
- **Protection from mites & bacteria**
- **NO PFCs (Perfluorocarbons)**
- **Pet hair-resistant**

Discover the practical nature of Performance fabrics

Natuzzi Eco-Fiber Collection. Another step forward for the Planet.

Craftsmanship and innovation, driven by uniqueness. Made from bio- based and recycled materials, our Eco-Fiber Coverings Collection is a step towards a more responsible future. A milestone on Natuzzi’s sustainability journey.
Made from plants, paper, boiled wool, recycled materials, to reduce the impact on the environment. Made with passion, a powerful sense of responsibility and our in-depth knowledge of technology to make these eco-fibers at a level of quality that is on a par with everything else we produce.

ByBorre®
An innovative 100% eco-friendly 3D™ fabric, exclusively created for Natuzzi Italia by the Dutch textile innovation studio BYBORRE. In addition to being aesthetically striking and exceptionally comfortable, with a surprising materiality, the fabric stands the test of time.

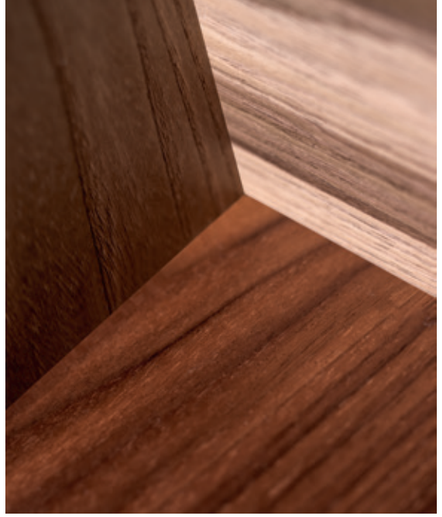

Origami
A fabric composed mainly of paper fibers – an environmentally friendly and 100% natural sustainable product – combined on the back with a chenille fabric with a honeycomb weave. Natural and durable, with the feel of linen but with a more pastel effect. Origami fabric has inherent flame-retardant qualities due to the paper that does not burn, but quickly turns to ash.

Vello.
Our exclusive ecofriendly fabric strongly connected with the culture and territory of Puglia: simply sheep's wool, made from 50% wool and 50% acrylic yarn. An incomparable design and a natural feel that only nature itself can provide. The fleece is not treated other than washed.

Gaia
Unlike fossil fuel-based alternatives, Gaia uses content that is organic, plant-derived sources. A result achieved by-and GMO-free grain and other food products supported by textile substrates of natural origin or recycled materials. All raw materials are guaranteed by specific certifications, such as FSC-certified viscose that comes from sustainably managed forests. Other ingredients are added to be sure that the new material achieves the required standard of quality and aesthetics.

Wood. Beauty in our neck of the wood(s).

For wood too, superlative quality standards stem from fine workmanship and stringent controls right across the production chain. Skilled cabinetwork (a jewel in the crown of Italian design from Gio Ponti onwards) reaches a pinnacle in the Natuzzi Italia collections which offer a broad array of finishes with exquisite detailing, but also extends to more modern furnishing styles. The timeless elegance of natural wood meets the edgy zeitgeist of lacquered wooden surfaces. Tables, chairs, sideboards and bookcases are not only versatile, but emanate warmth and are delightfully tactile. So that the chicest houses in the world can showcase a material whose beauty will never wane.

Marble. The preciousness of Nature.

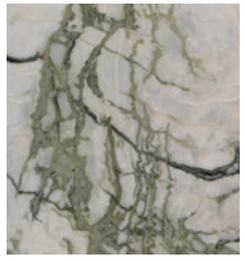

The marbles used for Natuzzi furnishings reflect the natural and ancient beauty of precious and elegant materials. Each vein and imperfection tells of this beauty. Quality, design and high aesthetic value meet in our products, breathing life into real masterpieces. From the rich colour and dense texture of Dark Emperador to the black beauty of Nero Marquina with its white-and-grey veins, the luxurious and sophisticated Travertino and the Marmo di Carrara chosen by Michelangelo for sculpting his masterpieces, all our marbles perfectly encapsulate our philosophy and commitment to make objects that last. And our designers use these stones to striking effect with exquisite contemporary flair, making sure that our products are instantly recognisable and in a league of their own.

Black Absolute / Black Granite
It is one of the darkest varieties of natural stone on earth. The dark-tone black Granite is called Absolute Black Granite. Granite is mostly used for external flooring, wall cladding, counter tops and vanity tops. Stone of African origin (Zimbabwe). Our tops have a matte and brushed finish achieved with specific diamond brushes. The surface has been enhanced with a final water-repellent treatment.

Antigua Green Marble
This marble has a green background with white veins and occasional nuancing that tends towards yellow.
This stone features fairly regular patterning. Green Antigua Marble is a kind of green marble quarried in Iran. It's also called Antigua Green Marble, Persian Green Marble, Green Antigua Persia Marble, Iran Antique Green Marble, Green Persia Marble, Classic Green Marble or just Green. The Antigua Green Marble used for our products has a matte brushed finish.
The surface has been enhanced with a final water-repellent treatment.

Glossy Calacatta Green
Calacatta Green is a precious marble with a white background and veining in a various shades of green. There is marked unevenness in the distribution of the veins. Slabs can have bold veining on some parts and be clear on others, making for a distinctive irregular appearance. It is of Asian origin and is specially processed in Italy. Being a marble of the sedimentary sandstone category, it also contains various types of crystals and grey stones distributed in a non-homogeneous way; these must be considered to be one of the qualities of this kind of marble.
The top surface is glossy. The surface has been enhanced with a final water-repellent treatment.

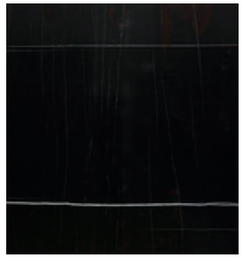

Matte Antique Pink Marble
Antique Pink Marble is a limestone with a brecciated appearance and uneven beige or light-green clusters embedded in an antique-pink matrix, hence its name. Of Italian origin, this beautiful stone comes in a host of different shades. Antique Pink marble commonly has whitish veins which are sometimes quite thick, giving it a painterly appearance. On a historical note, Pink Antique Marble has often been used for architectural work on private villas and churches throughout Italy and magnificent instances can be found in many ancient homes.

Glossy Lilac Marble
White lilac marble comes from Turkey and due to its distinctive veined appearance and natural beauty, it is suitable for elegant interiors. It has bold veining and a colour variation that ranges from purple to black.
Some slabs may have beige nuancing within. The top surface is glossy. The surface has been enhanced with a final water-repellent treatment.

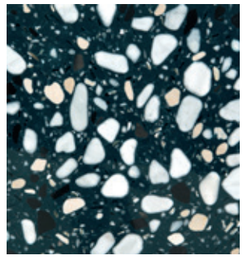

Invisible Grey
Marble of Italian origin. Like a piece of abstract art, Invisible Grey stone has impactful inimitable patterning that looks as if an inkpot has been shattered across a pure white slab. It ushers a sense of harmony and cohesiveness into your home.
The eye is irresistibly drawn to trace the delicate dark-grey lines contrasted against the pure white background, and, as it does, the spirit is uplifted.
A superb addition to any setting, the dramatic beauty of Invisible grey reverberates with power and will provide a perfect backdrop to meaningful memories.

Sahara Noir
Sahara Noir is one of the most elegant marbles around. The black background with gold-and-white veins make Sahara Noir ideal for luxurious environments.
Marble is formed through a metamorphosis process of sedimentary rocks. Its multiple colours stem from the presence of different minerals that overlap each other to perfection, creating shades and veins that have embellished houses and buildings of all periods and styles for centuries.

Athens Silver Cream
Athens Silver Cream is a neutral stone that is anything but plain. This attractive light-cream marble is characterised by a threadlike striated patterning that is delicate, yet distinguishing. Allows for flexible design choices.

Stardust Terrazzo Stone
Is an agglomerate composed of a precious mix of marble and resin grits that are carefully selected and customised for colour and size specifically for Natuzzi. The material is then finished and smoothed. It stands apart for its skilful blend of large pieces of marble and tiny stones with an iridescent appearance for a modern exclusive feel. The edges of the top are finished with a curved bevel. This material has an extraordinary resistance to abrasion and an even colouring. A top in STARDUST -Terrazzo Stone brings to mind “A Venetian Terrace”, something which the whole world recognises as being artistically and culturally superlative and representative of the area of Venice and Italian manufacturing in general. The combination of different colours and materials means that all aesthetic needs can be met, including the most modern ones.

Fossena Stone
It is a limestone of North-African origin quarried in Tunisia. It is a stone with a compact and homogeneous background that is grey/brown in colour. This material stands out for its minimalist appearance, enhanced by a homogeneous and uniform structure. Flitting rust-coloured shadows and subtle ivory veins enliven the surface of the Fossena stone. The presence of some white salt or dark spots are another feature of this material. Fossena grey limestone is a sedimentary stone of marine origin and consists almost exclusively of the mineral called calcite. Small quantities may also contain dolomite, quartz and other clay minerals. These mineral or organic additives give limestone a heterogeneous colouring.

Travertine Titanium
Titanium Travertine is a special variant of the more classic travertines. Originating from Iran, it has an astoundingly attractive brown colour that can verge on various nuances of grey. This material is increasingly used in modern-looking settings and often combined with steel and concrete. Travertine belongs to the limestone family and is a sedimentary stone of continental origin. Travertine is a mono-mineral rock, meaning a rock composed of a single mineral. Its main component is calcite. It may also contain clay minerals, haematite, limonite and quartz. For this reason it can take on different colour variations. As it is quite soft, it is easy to work with and particularly suitable for interiors.

Fossena Stone
Bio-Malta (Bio-Mortar) is a coating consisting of a single-component mortar in an aqueous emulsion and natural fillers such as quartz, marble, recycled glass, terracotta powder and mother of pearl. It is a bio-compatible and eco-sustainable finish which is also odourless, non-toxic, stain-proof, non-slip and easy to maintain. It is applied entirely manually. This gives it a clearly artisanal look and an exclusive refined appearance. Highly specialised craftsmen work with care and skill on every single piece, guaranteeing outstanding quality standards.

Natuzzi comfort

Comfort is one of Natuzzi Italia’s most prime concerns and the tenets of its philosophy and lifestyle approach hinge upon it. Padding provides the greatest guarantee of comfort. It must give the body support, achieving the right balance of plumpness, softness and bounciness, yet also keep its shape over time, so that everyone can enjoy a quality lounging experience even years down the line. This is the reason why Natuzzi Italia carefully selects and combines its padding materials; they are subjected to tests which mimic day-to-day usage and wear-and-tear on typical parts, such as the backrest, seat cushions, headrest, armrests and cushions.

Special Fillings

Polyurethane
Polyurethane is a rubber with several important features: it is non-allergenic, anti-bacterial, flexible and hard-wearing. Our Natuzzi polyurethane is manufactured without using freon or other potentially toxic agents.

Shape memory foam
This is a polyurethane which changes shape according to the weight it bears. What this means is that it adapts to the body, offering supreme levels of comfort.

Climalight
Anatomical, breathable and totally non-allergenic, this innovative material is a special blend of polyester microfibres which gives a plush “down-like” effect.

Down
Natuzzi’s goose down filling is Class 1 (UNI EN 12934/01): non-allergenic and flame-retardant, it has undergone a variety of different sterilisation, enhancement and washing treatments which are a guarantee of the utmost hygiene.

A certified commitment.
Natuzzi was one of the first companies in the furnishing industry to set in motion a certification process with the major universally-recognised certifying bodies. Still today, its commitment is real and ongoing.

Quality System Certification according to ISO 9001 standards

It ensures that quality procedures are compliant with international standards and the end customers' expectations. It is the best-known international standard and an opportunity for Natuzzi to preserve and improve a Management System which takes into account all corporate processes so as to ensure the optimisation of resources, reduce production costs, achieve set targets and maintain constant quality levels that will raise overall customer satisfaction.

ISO 14001 Environment Certification

It certifies that the impact of manufacturing activities on the environment is constantly checked.
More specifically, it relates to the design and creation of prototypes by setting up projects for wood processing, sewing, assembling and bonding operations. This certification is indispensable if we are to guarantee high levels of sustainability.

OHSAS 18001 – Safety on the workplace

It sets forth the terms of our commitment to the safety and health of our workers on the workplace.
Developed by the British Standards Institution, it is an international benchmark and a vital yardstick for Natuzzi which strives for constant improvement in the management of its human resources, being, as it is, aware that people drive success and are an invaluable part of the system.

FSC®
Forests and timber

This guarantees that the timber used for manufacturing purposes has been sourced from responsibly managed forests and that the social, economic and environmental needs of current and future generations have been respected. The Forest Stewardship Council certification was awarded to Natuzzi by the Bureau Veritas certifying body.

Ergocert Ergonomic Certification

"Human-Centred Design" certification attests that the ergonomic requirements assessed by Ergocert (the leading European Certifying body for Ergonomics) have been respected. The guidelines regulating Human-Centred Design guarantee that the whole design and production process takes into consideration the needs of the final user and offers an experience of unparalleled comfort.

adam pages 18, 21, 25

by Marcel Wanders studio
Sectional sofa available in linear and corner versions. Adam, thanks to its extreme versatility of configurations and upholstery, satisfies every need for space and comfort. Upholstered sofa sides with hidden, removable hooks.

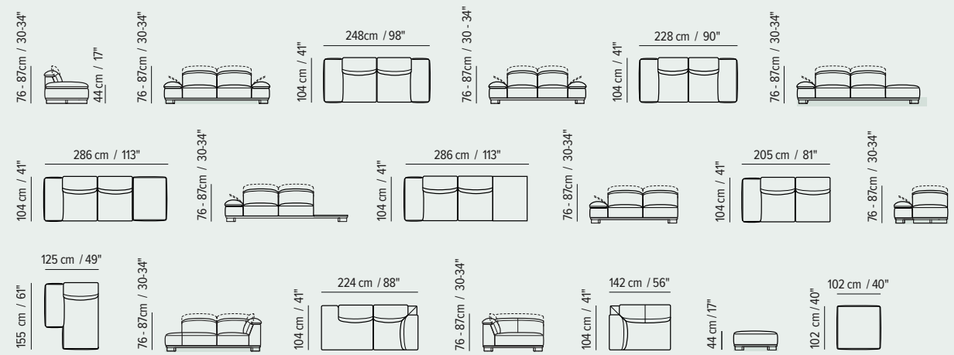

Coverings
It can be ordered in fabric, Gaia, Byborre or leather from cat. 15 Le Mans. 3242 orderable with honey-colored solid ash wood base ft55. V242 orderable with powder-coated metal base available in two colors: ft 79 matte black and ft 73 matte terracotta.

Base
The solid wood or metal base and piping along the entire profile of the sofa enrich and emphasize the design of the model.

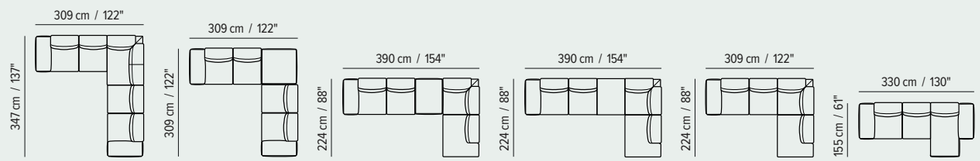

Padding
Microcellular polyurethane foam padding made from a plant based raw material, drawing from renewable sources found in nature. Such padding meets the demands of a market that is increasingly sensitive to products with a low environmental impact and ensures maximum comfort, thanks to high production technology and the high quality of the raw materials from which it is made. The seat is composed of polyurethane foam with density 50 combined with a layer of memory foam 2 cm high.

Relax functions
Multi-position adjustable headrest with hidden snap mechanism. Multi-position adjustable armrest with snap mechanism when opened and friction when closed. The function of armrest and headrest, the wide and generous seats invite you to enjoy maximum comfort.

amalia pages 43

by Bernhardt&Vella
Amalia is an invitingly warm and welcoming nest, ideal for relaxation. A sofa with rounded lines, but also an armchair and an inviting dormeuse. Amalia is also available without armrests, a perfect solution both in a living room and in a sleeping area.

Padding
Its original rounded backrest embraces two large cushions filled with high-density polyurethane foam and Climalight padding and Climalight padding which helps to improve comfort, while making it look invitingly soft and reassuring.
Available in over 200 colours, the upholstery comes in fabric or exquisite Natuzzi leather.

The front feet are slightly higher than the back ones:

by Formafantasma
Available in linear and corner configuration with terminal seat - Apulo was born to accommodate even small multifunctional objects designed for the most sophisticated home office needs. Like a wooden desk to hook onto the back of the frame, which allows you to have a worktop and a height-adjustable side table that amplifies the functionality of the project with an additional support surface. The comfort of the home office-inspired project is joined by a cable duct in the sofa structure to allow the electrical cables, of a laptop for example, to be incorporated seamlessly into the sofa.

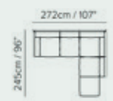

Frame
Metal frame with elastic straps that guarantee the same comfort for every seat and more lasting support.

Coverings
- with code 3231 it is possible to order the model in mix: back and lateral panels in saddle leather; seat cushions, back cushions and arms in Byborre, fabric or leather (starting from cat. 25 Status).
- with code V231 it is possible to order the model all in leather (starting from cat.25 Status).

argo pages 366, 370

by Paola Navone
Available as a 2- or 3-seater, or in the swivel-base armchair version. The softness of its shape is accentuated by two gigantic clips sinking into and grasping the backrest – traversing it to shoulder height – and culminating in a bow detail at the back with a pop/glam vibe.

Padding
Mixture of premier-quality fillings: certified polyurethane, 4 cm of Memory Foam and Climalight - a special filling that reproduces all the fluffiness and supreme comfort of down.

Coverings
Available with a leather or fabric covering, or with the BYBORRE covering designed by the Dutch textile-innovation studio BYBORRE, using a yarn that combines premium-quality wool and PES.

Concealed feet
in scratchproof metal.

calilla page 68, 70

by Elena Salmistraro
Compact sofa, with round and welcoming shapes that are well suited to smaller environments without sacrificing absolute comfort. The external frame, sinuous and enveloping, is made up of a single frame in plywood that is beautiful to be seen also from the back. A cozy shell to escape and relax in.
Available in linear configurations with and without recliner function.

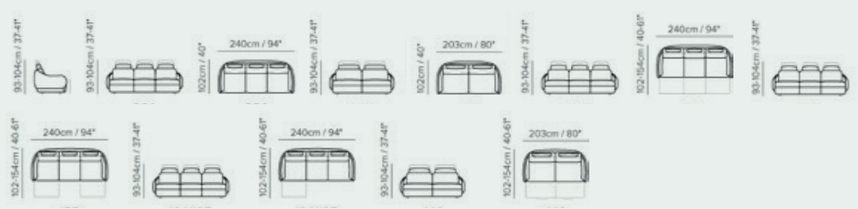

Coverings
Upholstered in a wide range of high quality fabrics and leathers. Available entirely in fabric or all in leather from category 15 Le Mans or in a leather-fabric mix including Byborre.

Padding
Precious padding, all certified, guarantee a look and support that don't change over time. Seat and back cushions in high density polyurethane (35).

Relax functions
are activated by two buttons located in the inside of the armrest: the front button activates the opening of the footrest, the rear button activates its closing. The headrest is equipped with a manual mechanism that allows it to be lifted to different heights. In addition, it can be rotated forward and backward to reach the desired comfort.

Hidden feet
in black metal with anti-scratch and non-slip rubber pads.
Height 4cm.

campus pages 190, 192, 196, 566, 568

by Mauro Lipparini
Campus is perfect for any living room space with its modular elements which will help you create the right combination for your space and furnishing requirements.
Since seats are upholstered on all sides they can be placed separately throughout the house. The slip cover underneath the seat elements prevents them from slipping out of position.
The Campus system also features tables, a sideboard, and a dining table and chairs.

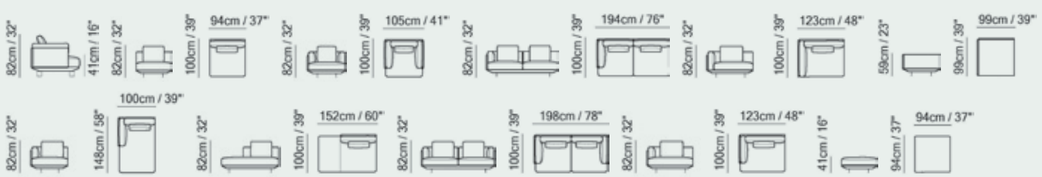

Padding
The blend of exquisite high-density polyurethane foam and Climalight padding, using special anti-allergy, breathable materials, ensures lasting good looks and support.

Coverings
Available in leather or in removable fabric. Unusually, the inside of the arm- and backrest are in suede, while the main frame is upholstered with irregular weaves available in 7 colours.

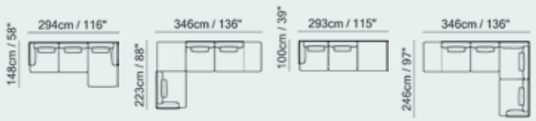

Feet height

cava pages 274, 276

by Mauro Lipparini
Perfect for any living-room space, with its modular elements which can be positioned at will (even independently) as they are upholstered on each side.
Its decorative profile and solid-wood base are design details which place this sofa firmly at the heart of any space it is used in.
Cava can be used to create an almost infinite number of compositions in a mixture of leather and fabric seat modules, with various different mechanisms in the same combination.
The sofa can be customised by combining the upholstered seats with wooden table tops in various different shapes and sizes.

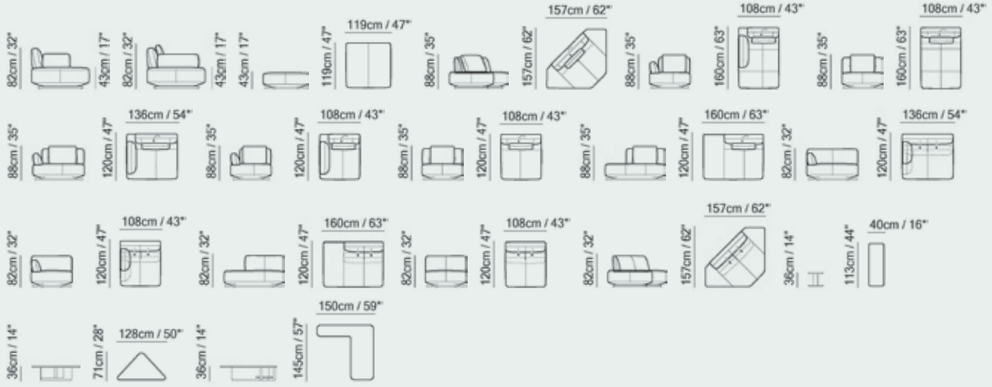

Padding
The seat cushions have all of the comfort and quality of polyurethane and Memory-Foam padding, which ensure that its good looks and support are long-lasting.

Relax functions
Each module will have one of two mechanisms available - a manual flip mechanism moves the backrest from a vertical to a horizontal position, while the electric sliding mechanism moves the back and armrest back and forth.

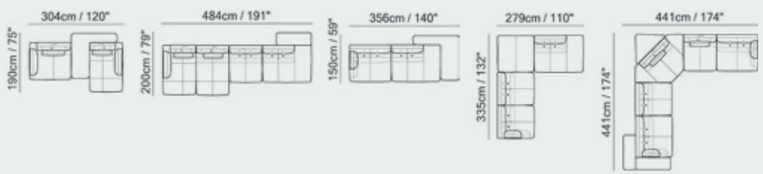

The seats are supported by a tubular solid-wood base in a ash-wood tobacco-brown finish combined with a metal coffee finish (with anti-scratch foot liners).

colosseo pages 298, 303

by Mauro Lipparini
A totally modular sofa, available in in-line and corner versions and with or without a relax function, to satisfy every space and style need.
Each seat element, with the exception of those equipped with the relax function, is upholstered on each side so it can also be used individually.

Relax functions
Triple-Motion function available on each seat: three independent motors allow you to adjust the position of the headrest, backrest and footrest as desired.
The Zero Wall space-saving system activates the relax function without the need to move the sofa away from the wall behind.

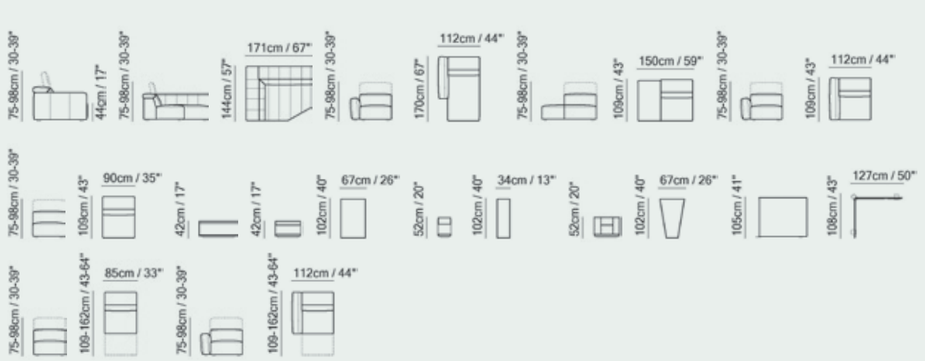

Additional options
The composition can also be equipped with free-standing panels to create more intimate, cosy corners and to divide the rooms of the house.
The model is highly customisable: you can combine different seat elements upholstered in leather and fabric. It can be integrated with open storage units that serve as an armrest or shelf.

Padding
The mixture of padding in polyurethane, Memory Foam and 100% goose down provides support and a look that remains unchanged over time.

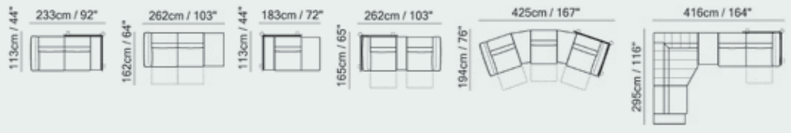

Coverings
Available in over 200 colours, the wide range of coverings comes in fabric and fine Natuzzi leather. In the version with the real leather body, the sofa is always upholstered in fabric.

galaxy pages 438, 440, 442, 584

by Natuzzi Design Center
Galaxy lives up to its name with a galaxy of versatile design elements with linear and corner versions, suited to every space and lifestyle.
You can choose seats that are smaller or larger, depending on your space and comfort requirements.
The model offers the utmost in terms of versatility and comfort and you can choose from:
- a version with recliner mechanism that can be activated separately on each seat, headrest and footrest.
  The headrest has a dual function: it can be raised to provide enhanced comfort for taller people and reclined forwards manually to achieve the desired position while watching TV or reading a book.
- version with height-adjustable headrest
- version without recliner mechanism.

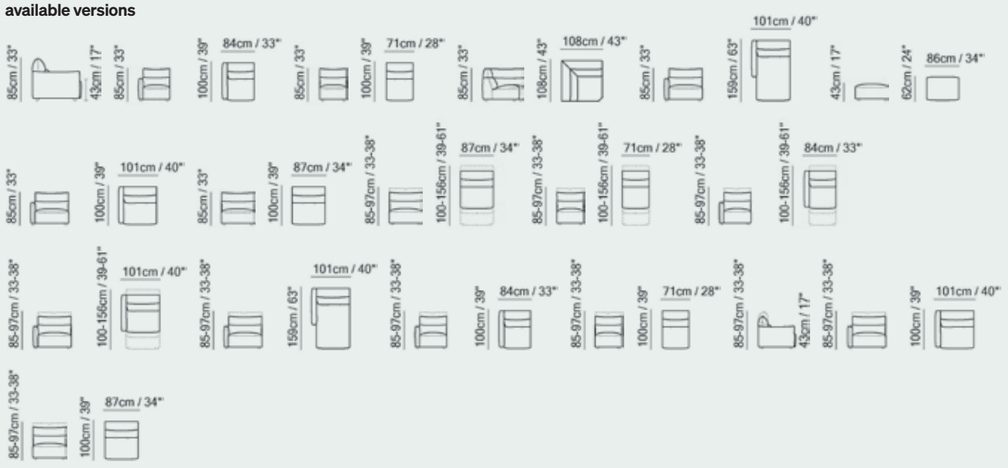

A corner version may include all the different options described.

Relax functions
The Zero Wall space-saver system enables the recliner mechanism to be activated without having to pull the sofa away from the wall.

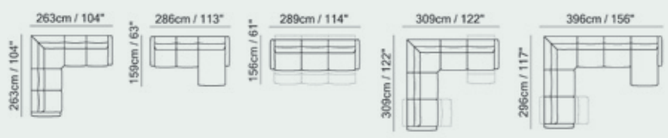

Coverings
Galaxy's linear design can be upholstered in high-quality Natuzzi leather or fabric. This model has an exquisite leather insert on the armrest.

melpot pages 184, 187, 648

by Mauro Lipparini
Melpot is a symbol of modularity taken to its logical conclusion, making it the star of living spaces of any size.
All the individual elements are interchangeable and can be repositioned as desired, or used singly.
Ottomans, drawers, bookcase components and surfaces extend the versatility of the Melpot system, available in every linear and corner configuration, with or without chaise-longue.

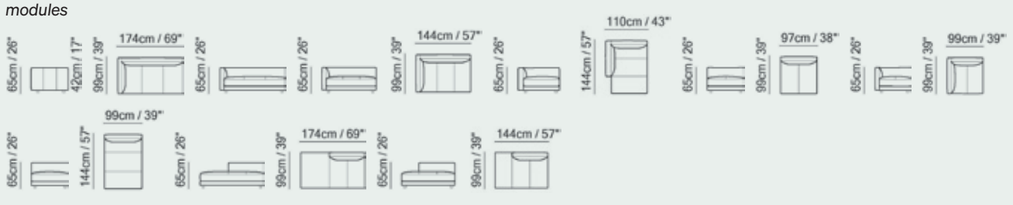

A mini collection of cushions in different colours, materials and sizes with different functions elevates the model's pared-back silhouette and enhances comfort levels.

Coverings
With over 200 colours to choose from, the range of fabrics or fine Natuzzi leather coverings allows for personalisation according to your tastes and requirements.
Some items are available in quilted leather and fabric.

oblò pages 308, 313

by Maurizio Manzoni
A modular system made up of various units which can also be used as standalone pieces because each one has been covered and finished on all sides. A round sleek silhouette for the armrest-backrest embellished with a tubular-metal detail which girdles it like a belt, accentuating its sumptuously soft and lushly rotund body. In addition to being a startlingly attractive design element, the tubular-metal detail serves as a foot, rooted in steel laser-cut slabs.

Additional options
Optional cushions also with different coverings and in different colours to the sofa.

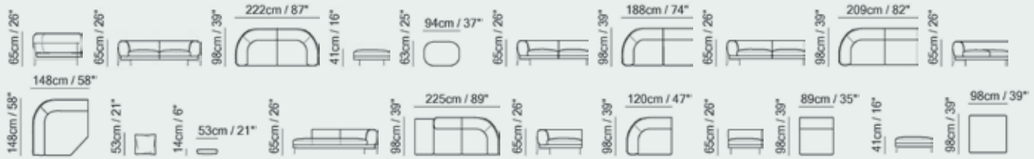

Padding
Premium certified polyurethane and Climalight fillings which are synonymous with respect for the environment, well-being and health for consumers and quality standards that will stand the test of time.

skyline pages 200, 203, 212

by Marcel Wanders studio
A modular system, making for a huge variety of different in-line and corner compositions, using open- and closed-base modules together.
The modular seats feature intricate matelassé stitching on the backrest in a masterclass of elegant craftsmanship.
Since seats are upholstered on all sides they can be placed separately throughout the house.
Finally, Skyline also features tables, lamps, rugs, mirrors, bookcases and a bar area with a coordinated and distinctly contemporary look.

Relax functions
Each seat can be equipped with its own type of relax function.
The manually adjustable backrest in its open-base modules offers a wide choice of seat depth.
The closed-base modular seating elements can have either a manually adjustable headrest or a full-relax electric mechanism which moves the head-, back- and footrests.
The Zero Wall space-saving system activates the recliner function without having to move the sofa away from the wall.

Padding
The exquisite high-density polyurethane padding is anti-allergenic, breathable and elasticated, ensuring maximum comfort and lasting support.

Coverings
Available in over 200 colours, the upholstery comes in fabric or exquisite Natuzzi leather.

sophy page 82, 85

by Natuzzi Design Center
Modular sofa available in the linear and corner versions, with and without recliner function. The large abacus allows the creation of countless configurations suitable for all needs and spaces, thus adapting to the new demands of contemporary lifestyle.

Coverings
Upholstered in fabric or leather starting from category 10.

Padding
Seat and back cushions in high density polyurethane foam (density 35) that gives sustained comfort with an unchanged look over time.

Relax functions
Soft touch technology. By simply touching the buttons on the armrest you activate the relax Open/Close. Opening and closing movements are extremely fluid creating effortless reclining.
Model has power combined headrest. The headrest opens first followed by the footrest; then the headrest has one final extra rotation for comfortable TV watching position

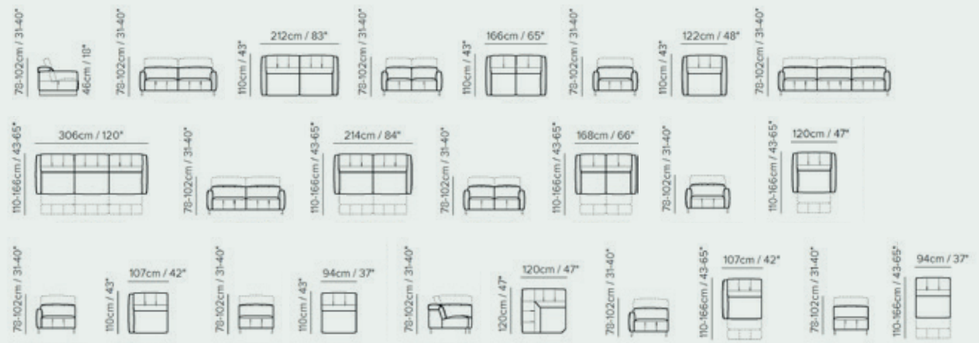

The relax system is also available with rechargeable battery pack (to avoid the unpleasant effect of the visible power cables when the couch is placed in the center of the room).

Zero Wall space-saver system which activates the recliner function without having to detach the couch from the wall behind it. Thanks to this mechanism, seat and back cushions can be reclined at a great length - the reclining seat becomes a proper chaise longue providing complete support to the legs.

stan pages 322, 325, 327

by Enrique Marti
A pared-back design with generous seat cushions and tapered metal feet, giving this sofa a light airy feel.
Available in both in-line and corner layouts but also as an armchair, it adapts easily to any living area. The 3-seater version measures just over 2 metres and you can choose larger or smaller seat sizes.

Relax functions
With Stan comes an incomparable experience of comfort: the Dual power mechanism features two different switches which activate the headrest and footrest separately. This enables you to adjust it until you find the position that suits you best.
The Zero Wall space-saver system enables the recliner mechanism to be activated without having to pull the sofa away from the wall.
The headrest has a dual function: it can be raised to provide enhanced comfort for taller people and reclined forwards manually to achieve the desired position while watching TV or reading a book.

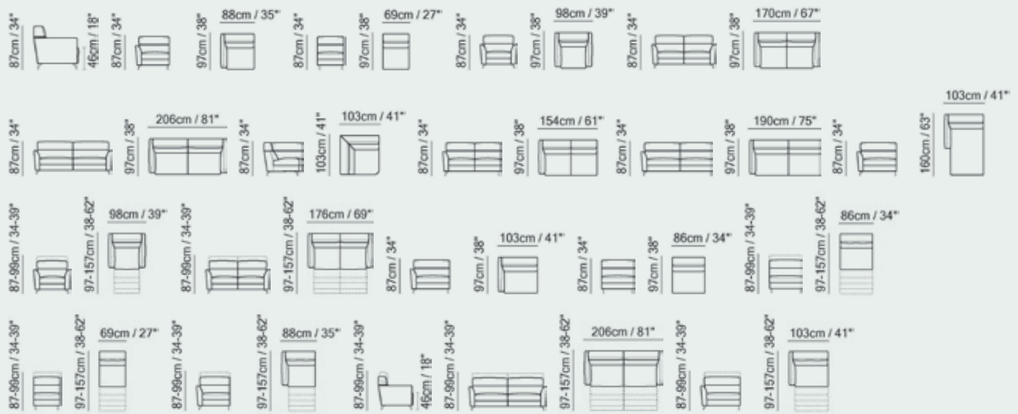

Additional options
The fabric version of the sofa has been elevated with a leather detail that highlights its silhouette. You can choose the colour of the leather, which may contrast with or match the fabric.

Coverings
Upholstered in fabric or premium Natuzzi leather with exquisitely beautiful topstitching which brings out its sophisticated silhouette.

timeless pages 88, 90, 95

by Lorenza Bozzoli
Modular sofa that unfolds with elegance and lightness. A large abacus of modules with organic shapes, lets you create countless configurations to meet different needs. All seats with hidden connectors and upholstered side panels.
Thanks to its timeless design, Timeless is suitable for both classic and contemporary environments.

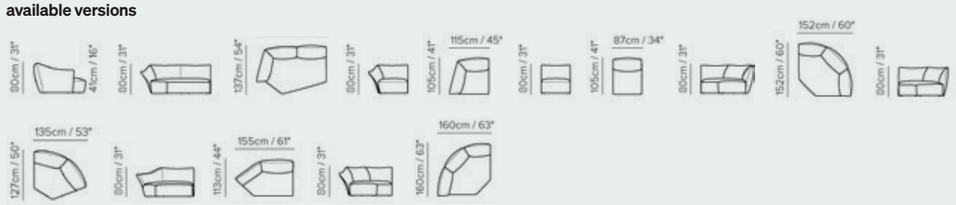

Coverings
Upholstered in fabric or leather starting from cat. 25 Status.

Padding
Internal structure in molded polyurethane.

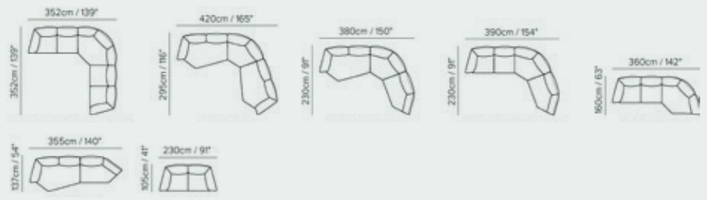

Production process:
1. Polyurethane resin shape.
2. Inside the mold there is a metal structure that acts as the backbone of the sofa.
3. Afterwards the high-density polyurethane (50) is injected into the mold.
4. After a specific period of time, this shape stiffens and becomes the body of the sofa.
5. This structure is bonded with a layer of transformed lower density polyurethane to give softness to the seat, to the back and armrests.
6. Everything is covered with dacron, leather or fabric.
7. The end result is a comfort, design and support unchanged over time

blossom pages 128, 131, 303

by Claudio Bellini
The 50s make a stylish comeback in the Blossom armchair project.
A highly inviting design alludes to the profile of a bud.
Generous shapes confer a distinct visual comfort which is confirmed by the quality of its upholstering.
The bergère profile is framed by a wooden base for an eclectic and refined aesthetic result.

Coverings
Available in over 200 shades, the upholstery comes as fixed or removable fabric or in exquisite Natuzzi leather.

The front feet are slightly higher than the back ones:
feet height
20.0/15.0 cm | 7.87/5.91"

Feet available in wood finishes
- walnut
- wengé

botanic pages 352, 354

by Claudio Bellini
A welcoming refuge which adds style and originality to your interiors.
Botanic reinterprets the style of the 50s, harmonising it in an open-based project with a metal base, clear features of later trends. Compact and elegant, it is ideal for home interiors or inviting public rooms.

Coverings
In fabric or leather, it generates an immediate sense of cosiness and hospitality, thanks to its soft and enveloping forms.

Feet available in metal finish
- matte black

butterfly pages 661, 663

by Natuzzi Design Center
The seat of the Butterfly armchair has perfect proportions with a soft, reassuring design.

Additional options
The armchair has a matching pouf to be used as a footrest.

Coverings
The Butterfly armchair is available also in a combination of leather and fabric.

The front feet are slightly higher than the back ones:
feet height
10.5/3.5 cm | 4.13/1.4"

Feet available in wood finishes
- walnut
- wengé

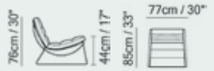

cammeo

by Maurizio Manzoni
The comfort of padding and the lightness of metal meet in an urban-looking design. The rear of the backrest and section below the seat are upholstered in leather.

Coverings
Armchair upholstered in fabric or exquisite Natuzzi leather.

Metal frame available in a metal finish
- glossy chromed

campus

by Mauro Lipparini
Campus is perfect for any living room space with its modular elements which will help you create the right combination for your space and furnishing requirements.
Since seats are upholstered on all sides they can be placed separately throughout the house.
The slip cover underneath the seat elements prevents them from slipping out of position.
The Campus system also features tables, a sideboard, and a dining table and chairs.

Padding
The blend of exquisite polyurethane and Climalight padding, using special anti-allergy, breathable materials, ensures lasting good looks and support.

Coverings
Available in leather or in removable fabric. Unusually, the inside of the arm- and backrest are in suede, while the main frame is upholstered with irregular weaves available in 7 colours.

Feet height
11.0 cm | 4.3"

Metal feet available in two finishes
- glossy champagne
- matte black with anti-scratch foot liners

cassia page 399

by Mauro Lipparini
The deep seat and enveloping backrest provide an extremely pleasant lounging experience.

Coverings
Available in over 200 colours - in fabric, in fine Natuzzi leather or in a mixture of both.
In the version with two covers, the seat cushion is always upholstered in fabric and the internal and external body is upholstered in fabric.

Feet available in wooden finishes
- smoked oak
- European walnut

clemmie pages 271, 273

by Maurizio Manzoni
An angular take on the classic bergère with a British vibe.
The tone-on-tone decorative hem that runs along the profile of the armchair highlights the design.
The exclusive front bridge feet in metal are slightly higher than the rear ones in order to provide maximum comfort.

Padding
The seat cushion contains exquisite polyurethane and Climalight padding, special anti-allergenic, breathable materials that ensure lasting good looks and support.

Coverings
Available in over 200 shades, the upholstery comes in fabric or exquisite Natuzzi leather.

Feet height
23.0/15.0 cm | 9/6"

Feet available in metal finishes
- glazed nickel
- black chrome

conca page 146, 221

by Claudio Bellini
This armchair's reassuring, rounded lines contrast with the rigidity of its Scandinavian-look feet.

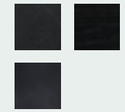

Padding
Shell in top-quality polyurethane upholstered with exquisite Natuzzi leather.

Coverings
Seat and backrest in fabric.
Available in a choice of over 200 colours, the upholstery comes in leather, fabric or a mixture of leather and fabric.

Feet height
13.0 cm | 5.1"

Feet available in metal finishes
- glossy chromed
- black chrome

dove pages 209, 214, 229

by Marcel Wanders studio
Dove comes in two versions – either as a chaise longue or an armchair.
The chaise-longue is light and dynamic, drawing inspiration from the silhouette of a dove, and its backrest adjusts to two sitting positions.
Its original asymmetrical shape stems from the fact that the horizontal lines come in a different length to the base.
The swivel base is in black chrome metal with a handy return function.

Additional options
One of the armrests is topped by a practical wooden tray, which gives a special touch to the design as a whole.

Padding
The structure is made up of moulded structural polyurethane together with polyurethane foam.

Coverings
Available in a choice of 200 different shades, the chaise longue and armchair come either in fabric or exquisite Natuzzi leather.

Feet height
32.0 cm | 12.6"

Metal base available in
- glossy black metal

ensis page 70, 73

by Elena Salmistraro
Ensis armchair is one of the symbols of the new Natuzzi Italia collection and of its attention to the new needs of contemporary living. In the shapes and coverings, it combines the Mediterranean lifestyle - which has always inspired Natuzzi - and the contemporary interpretation of a new, more demanding and more personal way of experiencing domestic spaces. The matching footrest allows you to amplify the relax position with style and elegance.

Coverings
Upholstered entirely in fabric or all in leather or in a mix of leather and fabric including Byborre.

Structure and padding
Internal metal tubular reinforcement drowned in the molded foam polyurethane that guarantees the round shapes, comfort and resistance over time. The part below the seat is in structural polyurethane, while the remaining parts are in molded foam.

Rocker and swivel function
Both the armchair and the footrest have the swivel base. The rocker function, instead, is guaranteed by a tilt mechanism that is activated by a lever placed under the seat. This mechanism allows to recline the backrest and the seat.

fiorita pages 21, 27

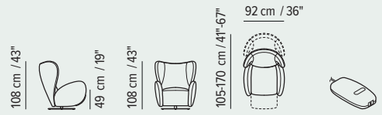

by Natuzzi Design Center
Fiorita is a power recliner chair, the Natuzzi's high-tech answer to the new demands of contemporary life. Thanks to invisible controls built into its structure, you can move its sophisticated Dual power mechanisms until you find the best position for your total comfort. An intimate and relaxed moment to take a break from everyday life. Fiorita embraces and supports you with a well-padded backrest. The solid steel swivel base allow Fiorita to rotate at your will.

Coverings
Available in fabric or leather from cat.15 Le Mans.

Product details
- Dual power motion recliner with soft touch buttons positioned between seat and armrest.
- Closing button equipped with the HOME function that closes all the mechanisms.

Metal base with 270° rotation available in
- matt black finish

wave pages 252, 256

by Nika Zupanc
Linear sofa available in 3-seater and 2-seater versions, together with an armchair and pouf. *Wave* boasts an elegant, sophisticated concept with a vintage charm which, in its enveloping shapes and sinuous lines, evokes the flow of sea waves.
Curved to surround both the circular seat and the back cushions, the backrest creates a cosy and intimate space.
The metal base has undergone a polishing and powder-coating process, a protective and decorative finish that guarantees superb scratch-resistance, exceptional durability and ease of cleaning.

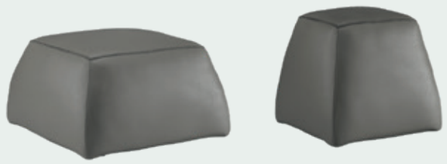

Padding
The circular-shaped back is composed of a plywood frame upon which is placed an undulating cushion of high density polyurethane foam, ensuring maximum comfort.
The padding of the seat and back cushions are composed of a quality-certified high-density polyurethane.

Coverings
Upholstery is available in a wide range of fabrics and leather.

Feet available in metal finish

With its enveloping lines and comfortable look, it matches the design of the sofa (Juno) created by the designer for the new Natuzzi Italia collection.
Fully padded - seat and back - it has an internal metal structure worked with high-density molded polyurethane foam, available with leather or fabric covering.
A project designed to offer continuity between the living and dining areas in both large and small environments.

Dimensions
70cm x 70cm H 90cm

Finishes
Upholstered in fabric
(cat. 83 and cat 99) and leather
(cat. 25 Status and cat. 30 Stromboli), in all the colours of the Natuzzi leather and fabric sample.
Available also in new special leather cat. 60 Sahara.

briq pages 618, 620

by Claudio Bellini
Available in different sizes to meet all space requirements.
Also equipped with bedspring.
Its pared-back aesthetic is a perfect counterpoint to the sumptuously padded and generous headboard.
Slats in solid beechwood - a hardwearing and extremely outperforming type of wood.
Frame in epoxy-powder-coated steel which is hugely resistant to chemical impact. Withstands corrosion, knocks and bumps.
The two-opening positions mean that the bed is easily accessible from all sides. The first 45° position allows you to gain access to the storage unit while the second position is horizontal and lifts the base about 70 cm from the ground, enabling you to make the bed up easily.

Coverings
Covering available in fabric or leather. The headboard is covered at the back as well so that this piece can take centrestage in a setting.

cala pages 624, 627

by Claudio Bellini
Cala is available in various sizes with a dual slatted base.
The most elegant, refined part of the design of this bed is its softly upholstered headboard which boasts vertical stitched details for a touch of dynamism.
The different positions of the front and back feet make the bed extremely elegant.
The optional secret box with its sliding drawer below the slatted base makes it easy to store away bed linen and other objects.
The Cala bed also features a bench with wood drawers available in the same coverings.

Coverings
The back also has removable covers in fabric or leather so the bed can even be placed in the middle of the bedroom.

campus pages 596

by Mauro Lipparini
The elegant design of Campus bed finds its maximum expression in the headboard, softly padded and embellished by the interwoven Gargano split leather.
The headboard is also covered in the back, so that it can be placed in the middle of the room.

Coverings
Upholstered in fabric or leather from 15 Le Mans.
L025 available with Gargano woven leather to order as second cover. The first cover is associated with cushions that can be upholstered in leather or fabric.
These cushions are removable.
LR25 without weave and available in leather or fabric (single cover).

Sizes
Campus is available in 4 sizes: 160×200-180×200-153×200-193×200 cm.
More sizes to meet every need of space and possibility to cover the bed with the wide range of leather and fabrics Natuzzi Italia.

Feet
Powder coated feet available in the same finishes of the sofa or ft 46 champagne or ft 79 matt black.

diamante pages 632, 635

by Manzoni&Tapinassi
Padded bed available in various sizes. Also equipped with bedspring.
Fully padded, upholstered headboards and side rails.
The tall legs in lacquered metal infuse the design with an attractive airiness and make it easier to clean the floor.
The back of the headboard comes in one single fully-padded piece.
The curved headboard and hand-stitched detailing imbue this item with elegance and finesse.

Coverings
Upholstered in fabric or premium Natuzzi leather.

dolcevita pages 643

by Manzoni&Tapinassi
Padded bed available in various sizes. Also equipped with bedspring.
Headboard with lavish hand-quilting and button tufting, making for an extraordinarily plush aesthetic.
Charcoal-grey metal feet thrust the bed up, giving it an airy elegance.
The open base makes for easy cleaning under the bed.

Coverings
Upholstered in fabric or premium Natuzzi leather.

ema pages 608, 610

by Patrick Norguet
The majestic design of the Ema bed finds its maximum expression in the generous headboard that is softly padded and marked by simple and rigorous checkered stitching that give dynamism to the project. The headboard is also covered in the back to allow the positioning of the bed even in the middle of the room.

The size offer is wide to meet every space need.
Versions L11-L12-L13-L14 with integrated slatted bed base.

Coverings
Upholstered in a wide range of high quality fabrics and leathers, starting from category 15 Le Mans.

Powder coated cocoa finish.

fenice pages646, 648

by Bernhardt&Vella
Padded bed available in various sizes. Also equipped with bedspring.
Metal corner feet that enhance the structure's solidity and aesthetic appeal.
The storage-space opening mechanism allows for two possible positions: in the first position, the bed can be made without having to bend down; the second position allows for arranging objects and bed linen in the storage compartment without any hassle.

Padding
Feather and polyurethane-padded headboard.

Coverings
Upholstered in removable fabric or premium Natuzzi leather.

pincha pages 602, 604

by Natuzzi Design Center
Excellent design and comfort together with extreme functionality, thanks to its convenient storage function.
Each side of Pincha is upholstered so the bed can also be placed also in the center of the room.

Coverings
Headboard also upholstered in the back.
Upholstered in fabric or leather from category 15 Le Mans.

Sizes
Available in 4 sizes with split slatted base 160×200 - 180×200 - 153×200 – 193×200 cm.

Feet
Anti-scratch hidden feet.

piuma pages 654

by Claudio Bellini
Padded bed available in different sizes.
Also equipped with bedspring.
Fully padded headboard and base.
The open base makes for easy cleaning under the bed.
The ruffle detail around the rim of the bed evokes the slightly puckered surface of a pillow edge.

Coverings
Upholstered in fabric or premium Natuzzi leather.

svevo pages 660

by Manzoni&Tapinassi
Padded bed available in various sizes. Also equipped with bedspring.
The open base enhances the model's lightness and linear silhouette.
Fully padded headboard offering maximum comfort.
The solid-wood leg with a metal detail is visually striking and gives an impression of sturdiness.

Coverings
Upholstered in fabric or premium Natuzzi leather.

venere pages 632, 634

by Bernhardt&Vella
Padded bed available in different sizes to adapt to every space requirement.
The ergonomic design of the headboard which is padded with high-quality polyurethane offers comfort and support.
The headboard is also upholstered at the front to allow you to place the bed in the middle of a room.
The tastefully upholstered conical feet taper downwards, visually lightening the design.
The Venere bed elegantly furnishes the sleeping area and is completed by a bedroom system of the same name, consisting of bedside tables and drawers.

Coverings
Available in over 200 colours, the coverings come in fine Natuzzi leather or in a mixture of leather and fabric.

bed

adam pages 21, 23

by Marcel Wanders studio
Adam collection also contains small accents tables available in different versions, central square and elliptical to meet different functions of living. Natural colors and elements such as wood and stone that are skillfully and elegantly mixed with the oldest craft history of Puglia.
These elements fit perfectly well with each other thanks to the mix of different materials available.

Square central

frost pages 70, 219, 223, 224

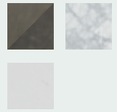

by Claudio Bellini
The glass seems to rest as if by magic on the stone bases. A skilful mixture of materials creates a sophisticated and elegant proposal for the living area.
Frost collection introduces the Fossena Stone to the Natuzzi collection. It's a limestone of North-African origin and quarried in Tunisia. The stone has a compact and homogeneous background and is grey/brown in colour. Flitting rust-coloured shadows and subtle ivory veins enliven the surface of the Fossena stone.
The presence of some white salt or dark spots are another feature of this material. Available in both central and accent versions, this set of tables features two bases (cylindrical and rectangular) completely made of stone and attached by a pewter-painted steel tube.
Top in extra-clear tempered glass with a finished and polished edge (10mm thick). All the glass parts are secured to the stone bases with electro-welded steel elements and a UV gluing technique.
The glue used to weld the glass plates is cured with U.V. lamps; this creates a very strong bond. This gluing technique guarantees maximum effectiveness and resistance as well as great transparency.

herman pages 55, 64, 135, 136, 140, 146, 171, 176, 233, 239, 432, 436

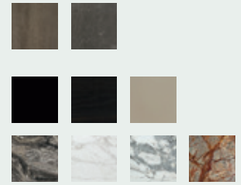

by Manzoni&Tapinassi
The Herman coffee tables are characterised by refined materials and a rigorous, precise style that makes them truly timeless. The frame of the Herman line is made of pewter-finished metal or bronze treated with a special scratch-resistant protective coating. Choice of mixed precious materials (top in wood or marble or glass) gives a very sophisticated and refined look. The various configurations can be combined to create unique arrangements that fit perfectly into their environment.

aliante pages 530, 532

by Marco Piva
Like a glider, which inspires even the name (aliante is the Italian for glider), the table combines technological research, sustainability, and design at the highest level. A project that highlights Natuzzi Italia's great attention to the needs of contemporary living - channelled into the concept of multifunctionality. A sculptural yet aerodynamic and light table, which combines form and function. The special steel mechanism that allows the extension of the top has indeed not only a functional value, but also an aesthetic one - and so the fact that the top, by extending, changes shape, giving life to an always-new architectural dialogue with the environment that hosts the table.

campus pages 196, 566, 568, 570, 571

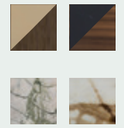

by Mauro Lipparini
Campus features an ageless design with an acutely contemporary aesthetic. Exquisite materials and sleek lines unite to create sheer perfection. Its elliptical contoured top available in several shape and size finished with either marble or ceramic will take center stage in the living area, lending itself effortless to a whole array of different décor styles.

The round version is excellent to maximize any space and offer greater flexibility of seat and it's ideal for 6 - 8 seats.
A large rectangular version is an ideal solution to accommodate more people and to be the undisputed protagonist of the room. It's ideal for 10 - 12 seats.

gutta pages 536, 539

by Massimo Iosa Ghini
A table inspired by nature, so strong and dominant in the Apulian landscapes - volumes and lines shaped by a vital impulse, a branch that bends in search of the sun, an irregular body of water that reflects its surroundings. Both versions, with round or elliptical top, have a light and refined solid American walnut structure that, in a continuous line, defines its outline starting from the foot and closing the profile of the top, emphasizing the organic and sinuous shapes of the project.

libra pages 542, 545

by Claudio Bellini
A table characterized by refined and thin lines. The sinuous legs, exceptionally made of Carrara marble, play on the contrast between the solidity of this material and the lightness of the design. The combination of marble and BETACRYL® (for the top) reveals an aesthetic research in which elements with opposite characteristics - naturalness and technology, glossiness and opacity - blend harmoniously. Available in elliptical version or circular version.

ombra pages 550, 552

by Claudio Bellini
Ombra has an asymmetrical supporting leg and metal base that simulates the reflection of its upper shadow. Table with thick pewter painted steel base (8mm) to guarantee greater stability. Leg painted and varnished curved wood with a decorative Bio-Mortar finish. It has a matte bio-compatible and eco-sustainable surface which is easy to maintain. The bio-mortar is an aqueous compound of single components with a mixture of natural materials and a thickness of about 2mm. The entirely manual technique means that there are distinctive on-of-a-kind marks which create a uniquely refined effect. An alternating running flame technique has been used to emphasise the grain of the top and characteristics of the wood. The wooden top is supported by a painted metal underlay that is attached to the leg via an internal metal core.

Inu pages 614

by Patrick Norguet
Protagonist of the home office area is the Inu table-desk: a large worktop - rectangular and extensible - with comfortable dimensions. Versatility is the word that best sums up this new project, a feature that gives INU the functional elements that facilitate work from home, and at the same time a generous dimension that also allows you to gather around him for convivial moments. For this reason, the table is made with a large worktop in FENIX - a very innovative material with high performance - with a base in natural ash wood, equipped with functional details such as the hidden channel designed specifically for the passage of electrical cables. Its elegance and simplicity of design make it easily integrated into the living room.

papel page 21

by Ar-o studio
Papel is our collection of loom-woven paper yarn carpets. Paper has a surprisingly different appeal than other materials: it is natural and sustainable, easy to clean and dirt resistant thanks to a strong protective film on the surface. Moreover, it is made from FSC and PEFC certified paper yarns, to fully respect the forests of origin and those who produce them.

Materials
100% paper

gorgonia pages 70, 72

by Elena Salmistraro
Gorgonia showcases the excellence of Mediterranean Italy in the patterns, choice of materials and production techniques. A rug with geometric design made by hand according to the crochet technique sewn on the backing of the carpet The yarn for the crochet is made from recycled plastic fibers (100% PET).
The versatility of Gorgonia is expressed either indoors, where it can also be placed under a dining table or in a busy environment, and outdoors, on a balcony or terrace, thanks to its backing made of plastic material that does not deteriorate.

luce pages 55, 157, 159, 303

by Silvia Fanticelli
With an attractive series of lines, the Luce rug features the silken texture and lustre of tencel® which gives way to the matte robustness of wool with a soft rounded figure on one side. The Luce rug has been handmade in India with a hand tufting technique and catches the eye with its subtly sculpted geometric patterning that brings to mind beams of light and a spectrum of colours.

dysidea pages 37, 70, 85, 99, 101

by Elena Salmistraro
The ultimate accessory which highlights and lifts the feel of the room. In the Posidonia collection for Natuzzi Italia, Elena Salmistraro dedicates special attention to the design of the Dysidea set of cushions. The key feature of the project is the graphic design that adorns the front. Inspired by the relationship between nature and the Apulian seascape and contemporary lifestyle, the decorative motifs combine shapes inspired by tuff quarries, with the organic, undulating and abstract elements, of the sea that surrounds Apulia.

Enriched with details and material elaboration, the cushions in two dimensions fully express the graphic richness of the world of Posidonia. The collection comes in 3 color variations in the moods 2021/2022 by Natuzzi Italia.

ciambotte pages 70

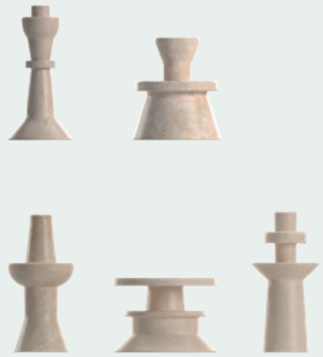

by Elena Salmistraro
Made of lightweight and metal, the three concentric trays form a set with a strong aesthetic impact in their minimalist design. Elena Salmistraro has focused on the visual impact of the geometric shapes, the construction and deconstruction of classic styles adapted to the contemporary environment and demands of modern life. The lines of the elements are a common thread running through all the decorative styles that the designer has used to adorn her new collection for Natuzzi Italia, the hallmark of the Mediterranean mood and the brand's expertise.
To be placed separately as a valet tray or to be stacked for a perfect Vitruvian result.

All illustrations and descriptions of products contained in this catalogue are for indicative purposes only. We have tried our best to reproduce colours and finishings as faithfully as possible. However, we cannot guarantee that they correspond completely with those of the actual product.

The colours shown are limited and may vary according to print settings. Natuzzi S.p.A. reserves the right to amend and/or change aesthetics and/or functions and/or structures of products without any prior notice and as soon as any of the aforementioned changes are deemed necessary for commercial or manufacturing purposes.

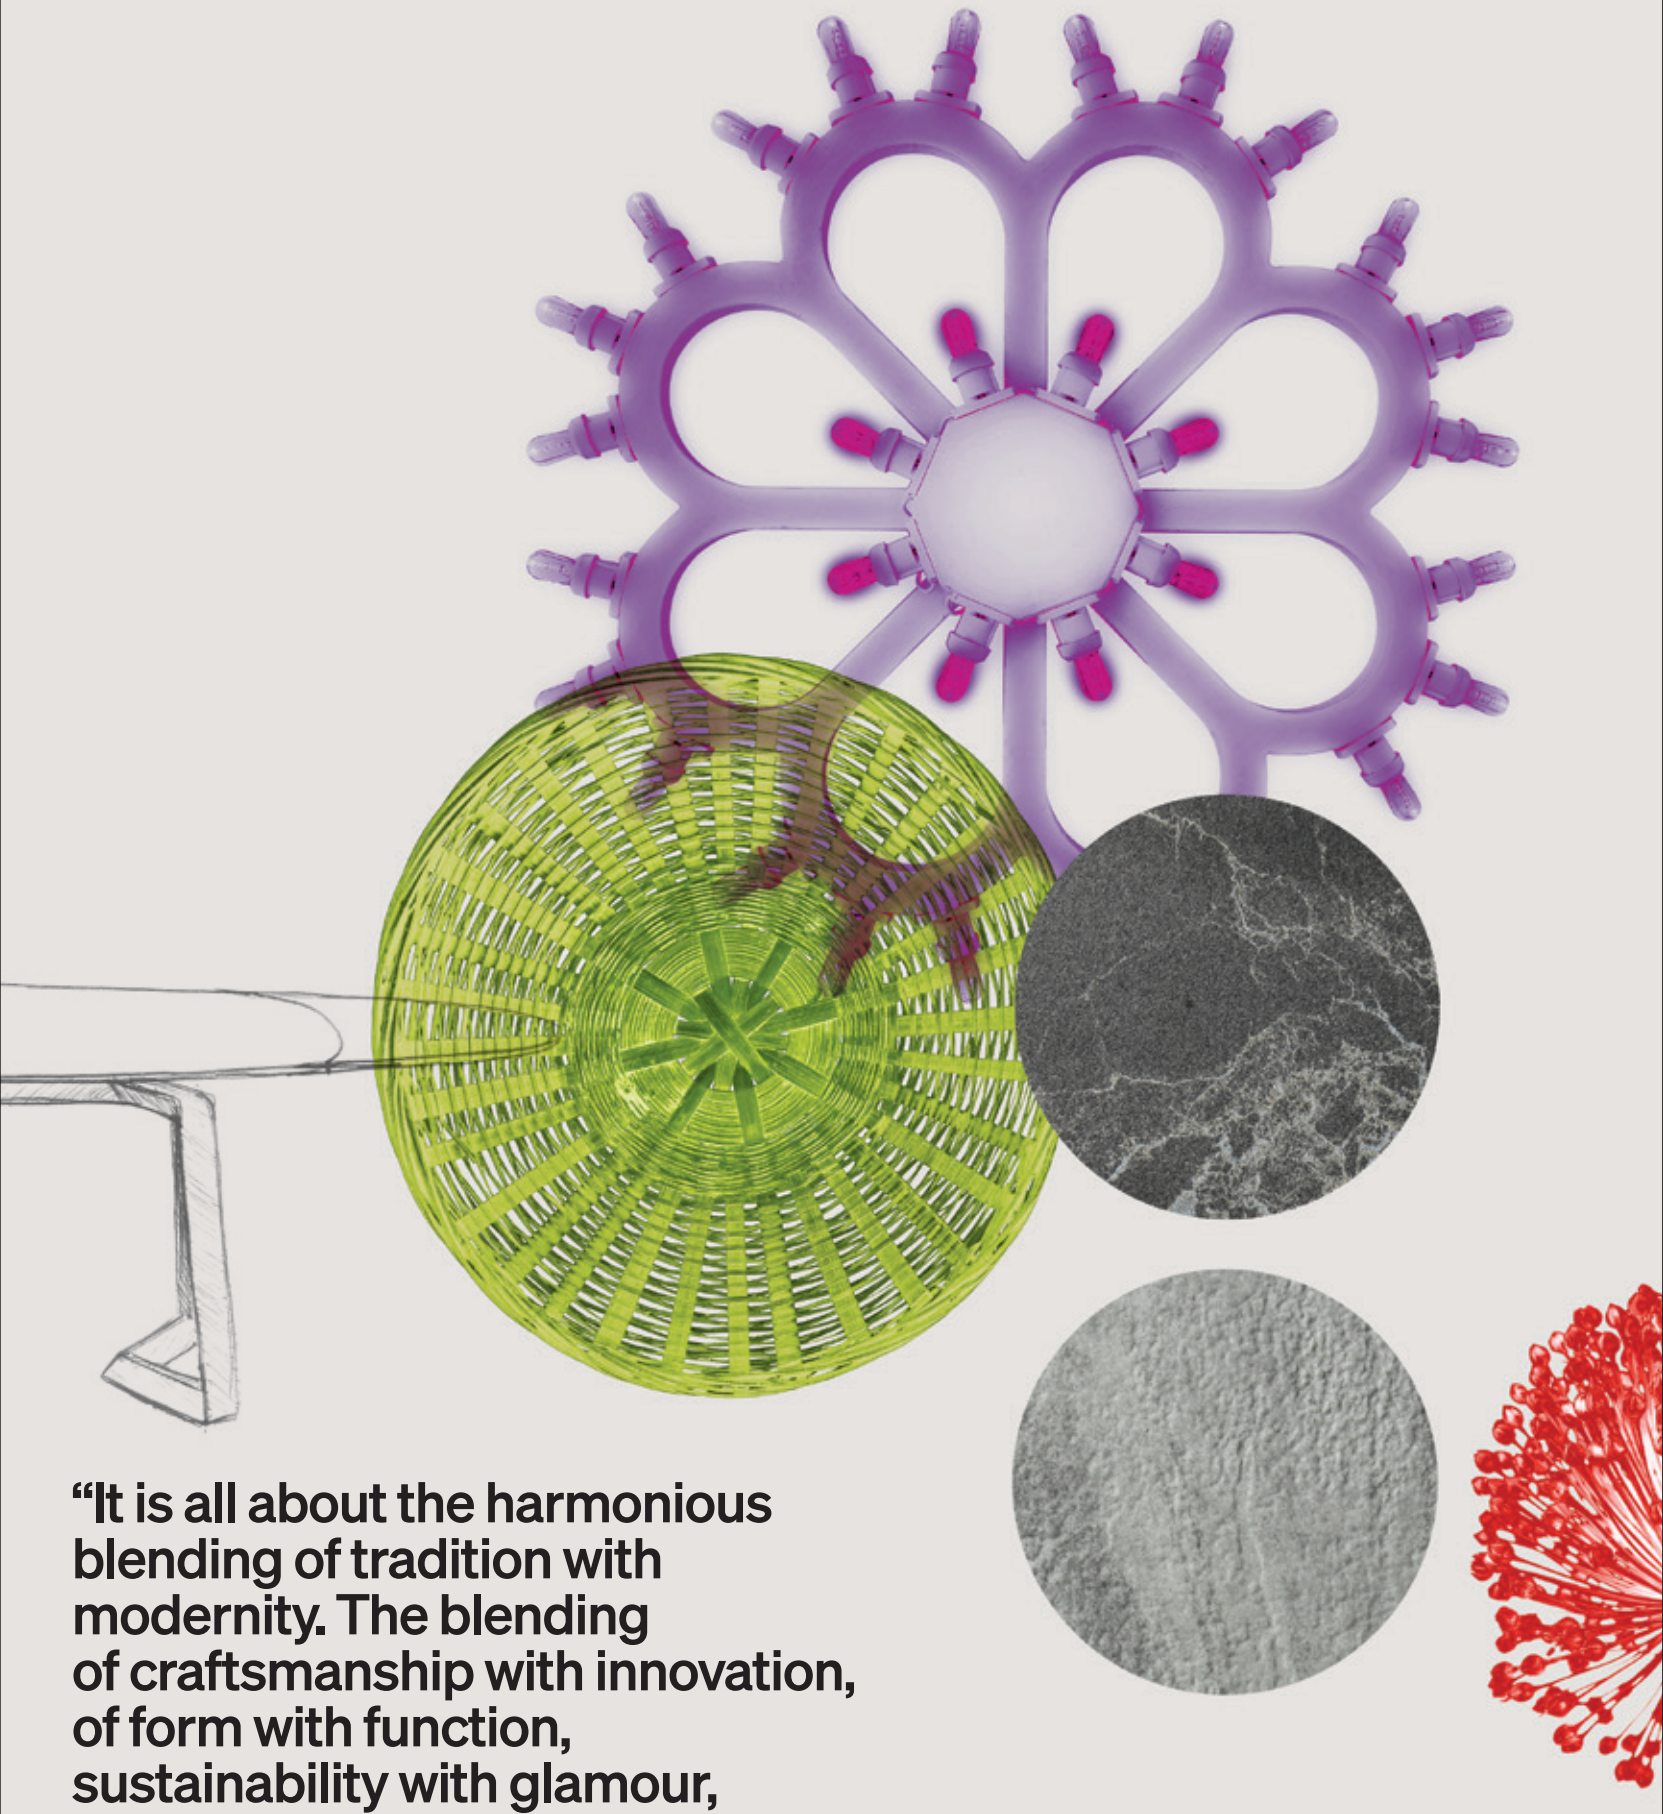

Some products shown in this catalogue may not be available in your Country. Contact your nearest store for more information.

Natuzzi S.p.A. declines all and any liability for any printing errors or omissions.

The first version of the Natuzzi Italia Harmony Index was printed in December 2020.
