ITALIA

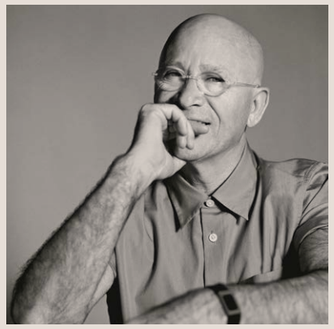
“OUR HISTORY,
OUR STRONG ROOTS
IN APULIA, THE WORK
ETHIC AND THE SKILLS
WE HAVE CREATED
IN THE COMPANY
CONSTITUTE AN INTANGIBLE
CAPITAL THAT DEFINES
OUR UNIQUENESS.
VALUES THAT GUIDE US
IN EVERY SINGLE NEW
PROJECT.”

Pasquale Natuzzi
Executive Chairman,
Natuzzi Group

Our roots to the future

1959



Pasquale Natuzzi founds the Company in 1959, starting from a tiny workshop in Taranto, Apulia.

1982

Natuzzi wins over the American consumer with Macy's, kick-starting its U.S. success with colorful, versatile leather sofas that redefine the way we use to live the sofa.

1993

Following a path of growth and international expansion, Natuzzi SpA becomes the unique non-American furniture company listed on Wall Street.

2000

Natuzzi enters retail, evolving from a pure manufacturer to a combined producer and retailer, and expanding its collections to offer a complete home experience.

2010

Natuzzi Italia evolves into a global lifestyle brand. Collaborations with world-renowned designers infuse new energy into timeless craftsmanship, giving life to creations that embody the true essence of the brand.

Nowadays

With the launch of the Project Division, Natuzzi puts its know-how and production expertise at the service of architects, designers and contractors.

Driven by Values

Each project takes shape under the aegis of an integrated Value Chain - whose mission is to create value with integrity and respect for customers, for the planet and for each of us. To make this possible, Natuzzi Italia produces all in its factories and controls every step in the process, all the way up to the finished product.

Design thinking

The observation of new market trends guides the development of new projects. Design thinking is the first step in a product development process, coordinated by Pasquale Natuzzi, that involves internal and external designers in the creation of new forms and furnishing solutions.

Natuzzi Atelier

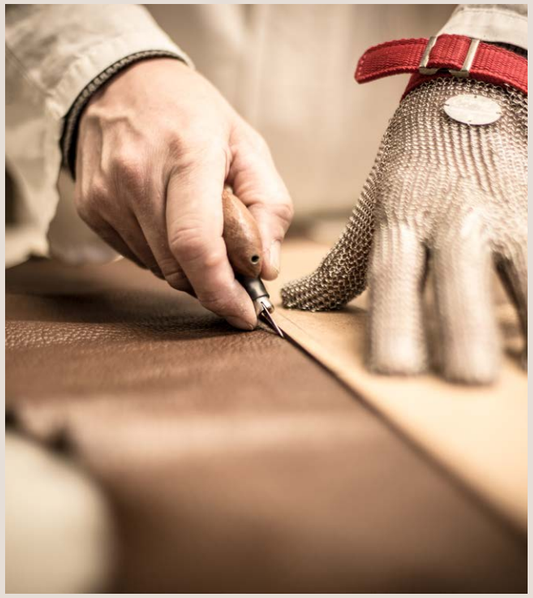
In the Natuzzi Atelier, master artisans transform a sketch, a drawing, into a real product. There are only craftsmanship, the sensitivity of touch and essential tools like scissors, needles and thread. It is a complex process made of trials, adjustments and continuous refinements.

Style Center

The Style Center is the heart of Natuzzi Italia Research and Development. Here are defined the chromatic, materic and stylistic languages concerning the birth of new living, dining and bedding projects in coherence with the DNA and the Natuzzi style.

Leather from our own tannery

A factory dedicated to the world of leather. With its own tannery, Natuzzi Italia can guarantee the traceability of the raw material and the authenticity of the leather to protect the health of customers and the environment. The Natuzzi tannery was the first in Italy - in 2005 - to be certified ISO 14001.



Made in Puglia

The production structure in Puglia with its own factories is a distinctive asset for Natuzzi Italia. The factory 4.0 model implemented in Apulian factories aims to enhance the historical skills of direct staff by focusing on product and process innovation.

Always raising quality standards

A vertically integrated strategy ensures that all stages of production, from material sourcing to finishing, adhere to the highest standards. These are all certified, and the numerous certifications received demonstrate our dedication to ethical business practices, confirming our duty to our consumers and the environment.

Personalized design services

Natuzzi Italia Design Consultants can help bringing any vision to life by providing personalized design services tailored to each customer' unique goals, style, timeline and budget - whether it's a single room refresh or a complete home transformation.
Call your local store today and experience Italian craftsmanship and design expertise with exclusive complimentary interior design services.

Set an appointment
Contact your nearest store to book a meeting and discover live the wide range of the collection. If you want to stay comfortably at home, book a videochat, a professional consultant will help you with the best proposals.

Remote support
If you don't live near a store, Natuzzi will provide you with remote support for guidance or suggestions.

3D Project
A 3D project will be provided to showcase the visualization of the spaces allowing to see exactly how the home will look like. Through a dedicated app it will be possible to see the new furniture within the new spaces, right from the comfort of home.

A truly unique store experience

All Natuzzi Italia stores worldwide are crafted to embody the brand DNA and deliver an exceptional shopping experience. Supported by dedicated design consultants and a full operational structure including warehousing, delivery, installation and after-sales services, they guarantee reliability, efficiency and seamless customer care.

Visual comfort: the imprint of Natuzzi style

For over 65 years Natuzzi has pursued and reinvented comfort in all its forms. This research has given birth to a true and own style recognized all over the world, the Natuzzi Style, made of soft, welcoming forms, ideal for relaxation and conviviality. Even today, continuous research and innovation at the service of comfort is the challenge that allows Natuzzi Italia to always be one step ahead, a reference point and a leading company model.

“
Where others see an angle, we imagine a curve.

Pasquale Natuzzi,
President and Founder, Natuzzi Group

Comfortness: our own well-being philosophy

Soul, mind and body find the perfect harmony

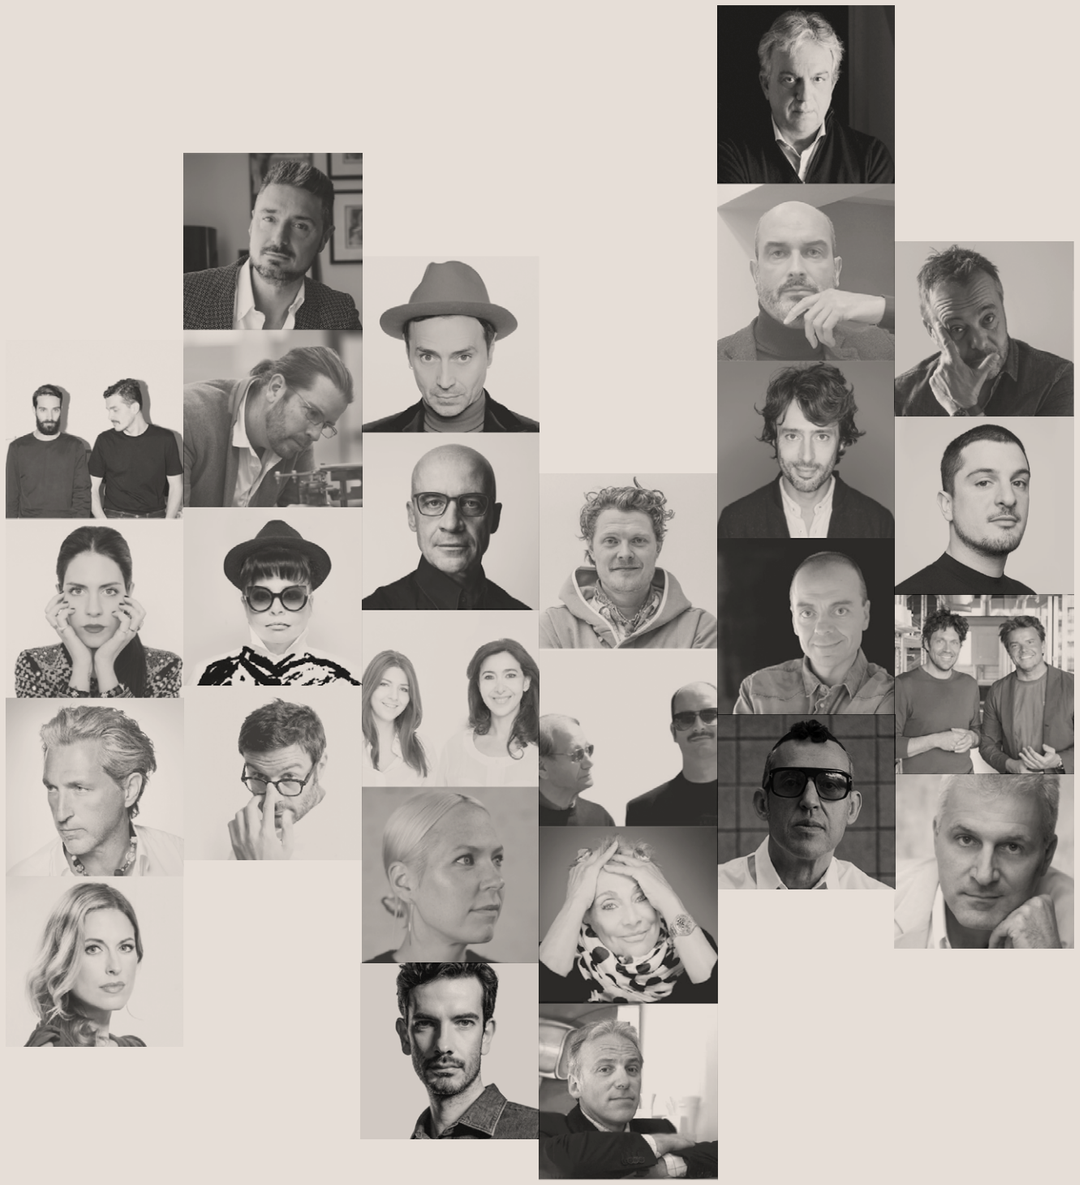
Natuzzi Italia believes that true luxury lies in the ability to provide tailor-made relaxation, thanks to our products with the most innovative postural technology. We believe that well-being is a pleasure to enjoy slowly, escaping from the frenetic rhythms of the present.
Take your time and savor well-being.

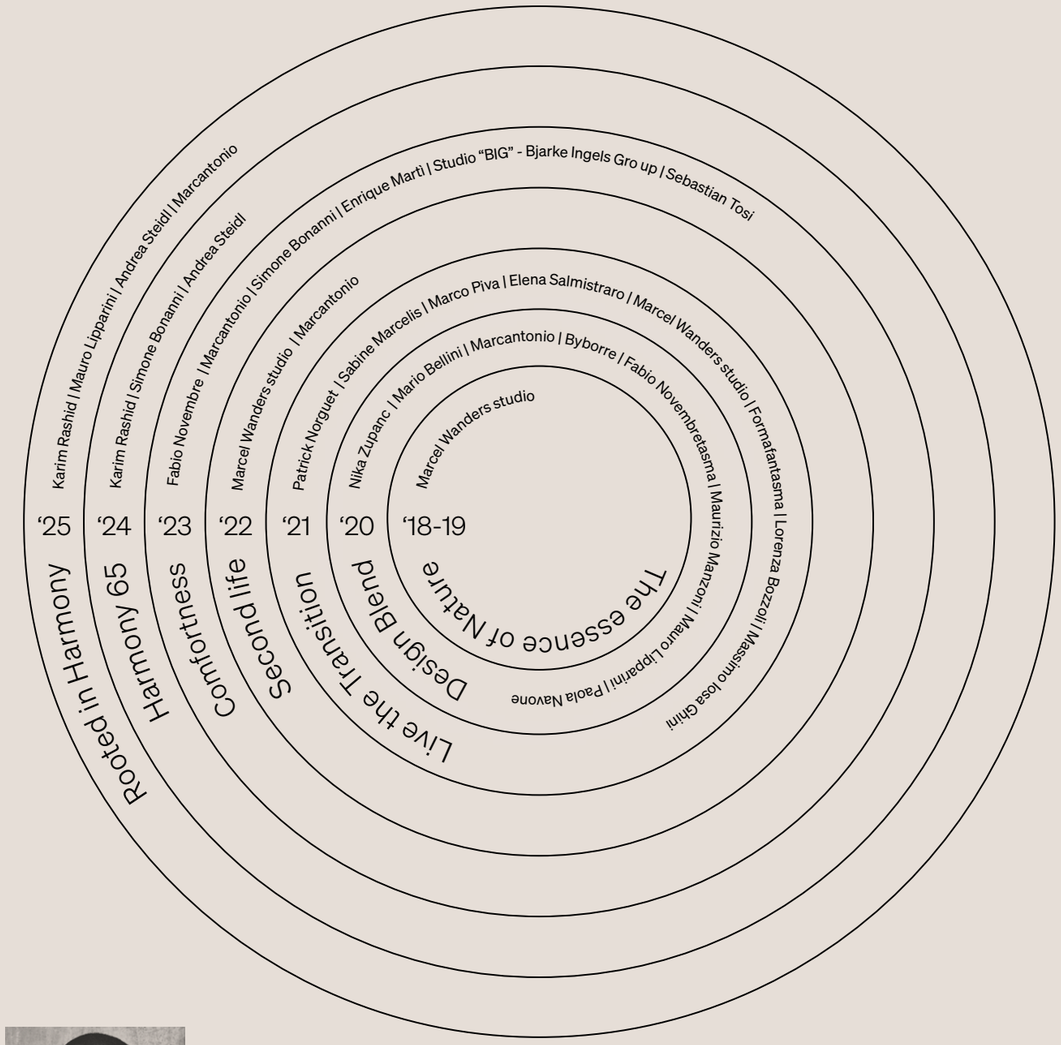
A technological revolution

Decades of research about comfort in all its forms have brought Natuzzi Italia to redefine its essence. The result is the use of different innovative technologies and functions as Micromobility, Zero Gravity, “365” Seat System and Triple Motion, combined to offer a truly soothing and healthy experience.

Circle of Harmony

THE POWER OF DESIGN COLLABORATION





“We design to tell a story.”

PJ Natuzzi,
Chief Brand Officer,
Natuzzi Italia

The Circle of Harmony brings together well-known international architects and designers who work with Natuzzi Italia to develop one-of-a-kind projects. These collaborations, while remaining true to the brand’s DNA, result in timeless and inventive designs, firmly associated with the Mediterranean Harmony lifestyle that the brand promotes.

Amama sofa

Designed by
Andrea Steidl

Discover Amama
on **natuzzi.com**

Amama, a term that in some African languages evokes the maternal figure. In the world of furniture design recalls spaces that tell stories of generations, conveying warmth, comfort and serenity. Its palindromic name, symmetrical in both form and sound, reflects the very essence of the project: a double-sided sofa with a harmonious, unique, and easily memorable design.

Technical Informations

- The distinguishing feature of this sofa is its ability to offer bifacial solutions, perfect for placement in the center of the room. This island design allows you to enjoy the same aesthetics and comfort from both sides, creating an elegant focal point that invites conviviality.
- The sofa is available in leather (starting from category 30 Stromboli) and fabric. Not available in Misterbianco.
- All padding is certified, ensuring maximum comfort, support, and durability over time.
- The seat cushion perfectly combines support and comfort with its innovative structure: a solid and durable base made of high-density polyurethane (40), a 2 cm layer of memory foam that molds to the body, relieving pressure points, and a feather-filled topper that provides enveloping softness and superior comfort, promoting ultimate relaxation.
- Back cushions: also padded with down for a soft and supportive feel.
- Hidden anti-slip metal feet for greater stability and a clean design. Modularity without connections: each module is fully upholstered on all sides, with no need for connectors between the seats.
- Integrated system of back consoles made of glossy lacquered wood fiber, available in two finishes: teal and praline.

Domus sofa

Designed by
Natuzzi Design Center

Discover Domus
on **natuzzi.com**

Inspired by the heart of daily life
in ancient Roman households,
this very comfortable design offers
both recliner and non-recliner options.

Technical Informations

- The “Zero Gravity” position is achieved through the triple-motion function, which elevates the feet to heart level, enhancing circulation and providing an optimal relaxation position.
- The recliner mechanism is intuitive, with front buttons to open the headrest and footrest simultaneously. Inner buttons allow individual control of the headrest for better comfort. The non-power motion recliner versions feature a manual adjustable headrest.
- The Domus Sofa is complemented by versatile table tops (vers. 820, 821, 823) in smoked oak (ST32), ash grey oak (ST23), and walnut finish (ST39). Available in rectangular and trapezoidal shapes, with options for drawer storage, they can be integrated between seats or at the end of an armless sofa composition.
- The Domus sofa in fabric features a contrast leather piping available in CAT 15 Le Mans, CAT 30 Stromboli and CAT 40 Siena.

W117” x H34” x D42”

Vers. 294+379
W302 x H86 x D211 cm
W119” x H34” x D83”

Technical Informations

- On the side of the armrest there is a pocket outlined by a border.
- Seat cushions in high density polyurethane.
- Comfort is firmer when ordered as a sofa bed.
- Vers 377/379: chaise-longue always with storage.
- The hidden metal feet with anti-scratch and non-slip rubbers offer a practical solution for protecting floors.
- When the sofa is in leather, the piping is tone-on-tone, when the sofa is in fabric, the piping can be in contrasting leather (Le Mans cat.15) or tone-on-tone fabric.
- The sofa bed has timber slats.
- Greenplus mattress 11 cm high, in size 160cm (vers.008) or 140cm (vers.101).
- Version 828: optional rotating metal support can be attached to the armrest. Bedside table or tray when the sofa is used as a bed. Coffee table when the sofa is used as a standard sofa.
- Wooden slats to ensure optimal sleeping posture and extended mattress longevity.
- Sofa bed versions (008/101) are equipped with a lever. Lever is hidden between the armrest and the seat. When lifted, raises the sofa by a few centimetres, allowing the wheels to move and making it easier to move the sofa.
When the lever is placed down it is hidden and the wheels do not move.

Mindful sofa

Designed by
Natuzzi Design Center

Discover Mindful
on **natuzzi.com**

A visionary sofa that transcends the ordinary. Mindful is inspired by the harmony of body movement, a masterpiece that redefines the art of relaxation.

Technical Informations

- Mindful's innovative mechanism enables four special functions, 365, Micromobility, Zero Gravity and triple motion.
- The regenerating active seat "365" and Micromobility is an innovative system, consisting of an intelligent electronic control, capable of gently stimulating the deep stabilizing musculature of the entire back and it also synchronizes the breath with the heartbeat.(QXX versions only).
- Every QXX versions can be operated by a remote control (purchase separately) or alternatively one remote can operate up to 6 different seats. (The battery vers. 830 cannot be used for QXX versions).
- The Zero Gravity function, which allows the total opening of the seat and extension of the body, achieving an optimal and healthy body angle for the individual and improving blood circulation. Available on QXX and NXX versions.
- Electric and manual headrest (excluding vers. 715/716/045).
- Triple motion mechanism with independent control for headrest, lumbar and footrest.
- Battery kit available to be ordered as optional only for selected NXX versions. Please note that one battery can only be used for one mechanism.
- Also available without recliner, versions without recliner have manual adjustable headrest (excluding vers. 715/716/045 where the headrest if fixed to the frame).
- Modular sofa available in linear and sectional versions with 45' Corner, Chaise Longue and round shaped terminal
- The corner module has been designed with a concave wedge to improve its comfort and provide better functionality without compromising the design.
- Complementary coffee tables collection: Central Coffee table with a convenient lift-up top and storage drawer and accent round side table allowing for versatile use.
- Two stylish in-between seats side tables (vers. 821 and 823) seamlessly integrating with your seating arrangement while providing a chic table top, furthermore an organically shaped side armrest table 817 right side and 816 left side. Each piece boasts a luxurious lacquer glossy chocolate finish.

W430 x H81-104 x D225 cm
W169" x H32-41" x D89"

Triple-motion mechanism

A Triple-motion mechanism with soft-touch controls, which individually activate the footrest, headrest and lumbar support, so you can tailor the recliner adjustment in a way that feels most comfortable for you.

Zero Gravity

“Zero Gravity” is a recliner position achieved through triple motion. Your feet aligned at heart level. (Benefit: improves circulation in a static relaxing position).

Micromobility

Remote control button “Micromobility”: starting from Zero Gravity position, the sofa moves imperceptibly to keep the muscles active. It acts by slowly tilting Seat/ Footrest simultaneously with micro movements that improve blood circulation, contributing to a state of relaxation while keeping the muscles active.

365

Remote control button “365”: headrest and lumbar movement to arch the back and facilitate breath and heartbeat synchronization. To be performed 3 times a day, with 6 breaths per minute for 5 minutes each time. It synchronizes breathing with heartbeats, reducing stress.

Technical Informations

- Pagoda's innovative mechanism enables four special functions: 365, Micromobility, Zero Gravity and Triple Motion.
- The regenerating active seat "365" and Micromobility is an innovative system, consisting of an intelligent electronic control, capable of gently stimulating the deep stabilizing musculature of the entire back and synchronizing the breath with the heartbeat. (QXX versions only).
- Every QXX version can be operated by a remote control (purchase separately). With the remote, users can easily activate the Micromobility and 365 functions, providing optimized management of these features. Its memory can save up to 3 preferred relaxation positions, ensuring personalized comfort. The remote can connect up to six seats, simplifying and optimizing control for a seamless experience.
- The Zero Gravity function allows the total opening of the seat and extension of the body, achieving an optimal, healthy body angle for the individual and improving blood circulation. Available on QXX and NXX versions.
- Triple motion mechanism with independent control for headrest, lumbar and footrest.
- Electric and manual headrest (excluding vers. 715/716/045 where the headrest if fixed to the frame).
- Also available without recliner. Versions without recliner have manual adjustable headrest (excluding vers. 715/716/045).
- Battery kit available to be ordered as optional only for selected NXX versions. Please note that each battery can only be used for one mechanism.
- Modular sofa available in linear and sectional versions with 45' Corner, Chaise Longue and round shaped Terminal.
- The Corner module has been designed with a concave wedge to improve its comfort and provide better functionality without compromising the design.

Triple power motion mechanism

The triple power motion mechanism, with a control panel that individually activates the footrest, headrest and lumbar support, allows the seating position to be adjusted for maximum comfort, satisfying every individual's needs and providing a fully personalized comfort experience.

Zero Gravity

The "Zero Gravity" position is achieved through the triple motion function, which elevates the feet to heart level, enhancing circulation and providing an optimal relaxation. The Pagoda mechanism has a wider opening of 8 degrees compared to the Mindful 3289 model.

Micromobility

Starting from the ideal relaxation position, the sofa moves imperceptibly to keep the body's muscles active. It works by slowly tilting the seat and footrest simultaneously with micromovements that improve blood circulation, contributing to a deeper state of relaxation.

365

This function controls the movement of the headrest and lumbar area, promoting the synchronization of breathing and heart rate. It is recommended to perform the function 3 times a day, with 6 breaths per minute for 5 minutes. Following this wellness program significantly reduces daily stress levels.

W150" x H33" x D106"

Technical Informations

- Fully upholstered side.
- Internal structure in molded polyurethane.
- Production begins with the shaping of polyurethane resin into its desired form. Within it, a robust metal structure is integrated, serving as the sturdy back bone upon which the sofa's durability and stability rest. High-density polyurethane is injected into the mold, filling every crevice and forming the core body. To impart luxurious softness, a layer of transformed lower density polyurethane is bonded to the structure, ensuring more comfort. The sofa now is enveloped in dacron, leather or fabric.
- The hidden metal feet with anti-scratch and non-slip rubbers offer a practical solution for protecting floors.

Wellbe sofa

Designed by
Natuzzi Design Center

Discover Wellbe
on **natuzzi.com**

A never ending relax.
A modular system that brings together the brand's key features, such as comfort and functionality, updating them in a contemporary and versatile design. The wide abacus of Wellbe allows the creation of countless configurations.

Technical Informations

- Thin-profile armrest with pillow shape also on backrest. The band running around the entire perimeter of the sofa can be tone-on-tone or contrasting.
- Seat and back cushion composed of polyurethane foam in different densities.
- Relax function with triple motion mechanism. It activates footrest, headrest and lumbar support.
- Vers. P00-P02-P25-P46-P54: possibility to activate the recliner function also via downloadable APP.
- Flexible armrest in the front with storage pocket.
- Lovechair has a recliner.
- Internal wooden frame.
- The hidden metal feet with anti-scratch and non-slip rubbers offer a practical solution for protecting floors.
- Seats come in 3 different width:
  - N46-009 wide seat;
  - N00/N02-000/002-001-N25 medium seat;
  - 064 small seat.
- Wellbe has a "home" button that resets from the relax position to the original position all in one movement. The "home" button is the first of the three switches and is activated by continuous pressure.
- Model can be ordered as follows:
  - In leather, single covering;
  - In leather, with leather piping chosen between Lemans (cat. 15) and Stromboli (cat. 30);
  - In fabric, single covering;
  - In fabric, with leather piping chosen between Lemans (cat. 15) and Stromboli (cat. 30).

Filrouge

Designed by
Mauro Lipparini

The extremely geometric style of this collection is reinforced by the frame, which, like the line of a graph, defines surfaces, completely redesigns volumes, recomposing the abstract three dimensionality of solids and voids.

Technical Informations

- Metal tubular structure with a liquid varnish coat and a burnished finish.
- The entire program is characterized by a mix of refined and sophisticated material combinations in which tops in marble, wood and metal combine with each other
- Fil Rouge has a liquid-painted tubular metal structure with a burnished black/finish. Rod grill metal drawn details.
- Tops available in wood essence or in a precious mix of materials with a beautiful White Volakas Marble top.

Frost

Designed by
Claudio Bellini

Inspired by the drops of dew
on spring flowers, the glass seems
to magically settle on stone.
Versatile tables for the living area
available in different sizes
and heights in order to respond
tothe various functions of living.

Technical Informations

- A clever mix of materials creates a sophisticated and elegant proposal for the living area.
- Available in both central and accent versions, the program is characterized by two bases (cylinder and parallelepiped) completely made of stone, hooked together by a pewter painted steel tube.
- Top in extra-clear tempered glass, with a finished and polished edge.
- All the glass parts are glued to electro-welded steel elements by means of UV gluing technique to the stone bases which allows welding to be very resistant to stress.
- Base available in a selected and precious marble and stone.

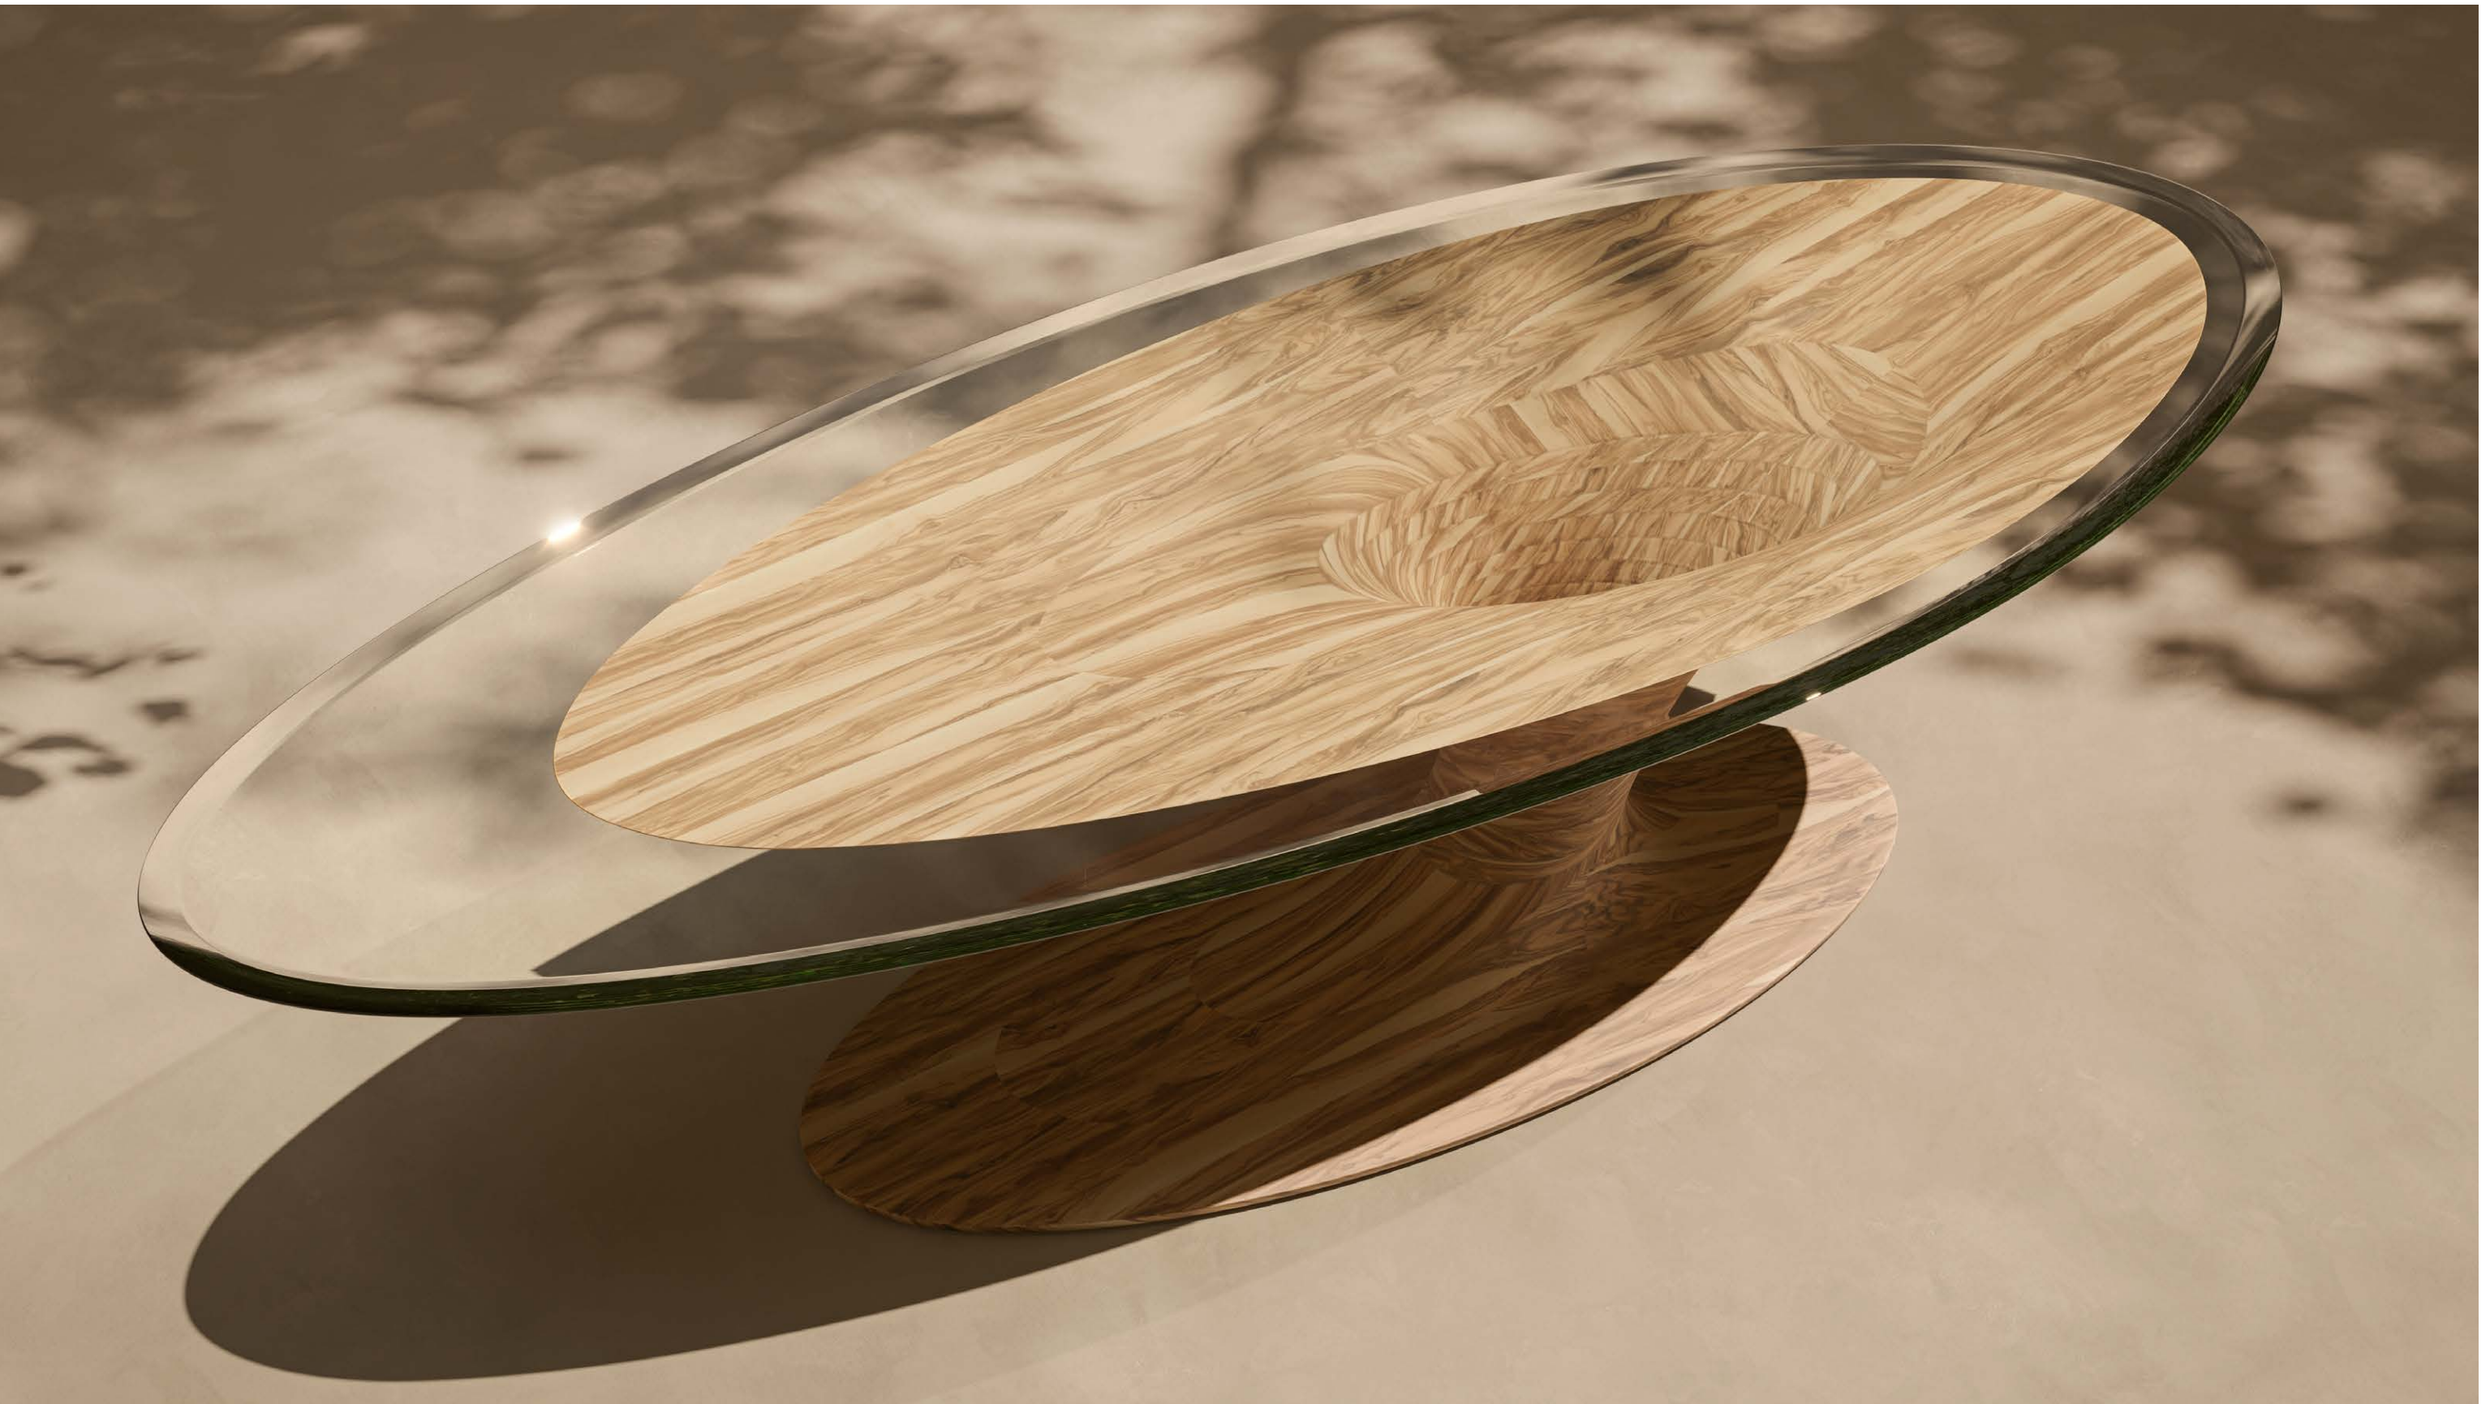
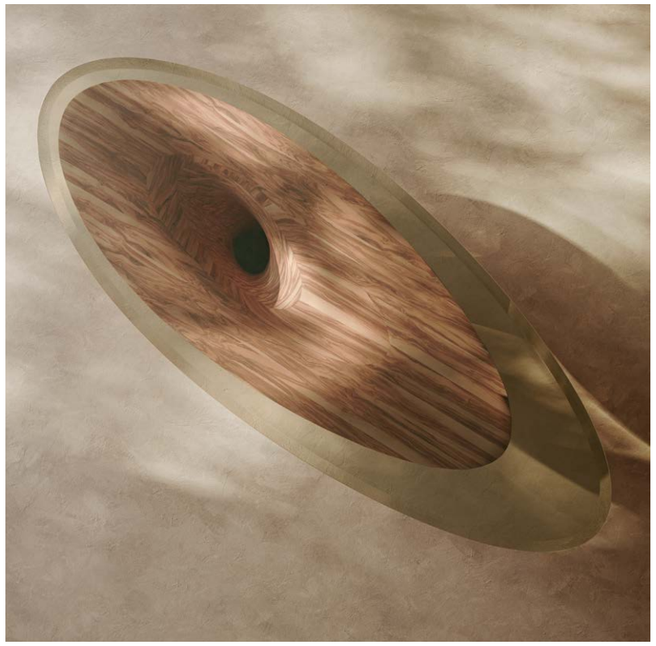
Uragano dining

Designed by
Natuzzi Design Center

Discover Uragano
on **natuzzi.com**



A dining table that pays homage
to the beauty and natural richness
of the Apulian territory.
The large oval-shaped glass plate
is supported by a majestic olive
wood base, which seems
to develop in space like the trunk
of a centuries-old olive tree
that starts from the earth
and its strong roots and grows
upward to benefit from the sun
and breeze that give color to Puglia.



Technical Informations

- Sculptural table with base made of stratified solid olive wood slats and worked with special pantograph technology.
- The base finished and hand polished with a natural oil finish.
- Glass top of about 3 meters in extra-clear finish, 15 mm thick bevelled edge.
- Special Lead Time to consider–due to the supply of the raw material, to the drying time of the wood and to the handcraft processing of the product.
- Olive wood can have an irregular surface, with ribs and bulges. Consider any knots, small spaces between layers of wood as a natural characteristic of this type of wood that continually moves and changes during its life.

on **natuzzi.com**

Since its name, the Flow bed evokes a place where body and mind can rest moving without obstacles, in an enveloping and timeless comfort. A boiserie bed with a strong identity. A project featuring our exclusive mechanized electric base and a premium mattress of our brand-new collection.

Versatile Beauty

Technical Informations

- The bed is available in both leather and fabric. The leather version starts from category 15 Le Mans and is not available in Misterbianco. When the bed is in fabric, the piping can be in leather from the following categories: Le Mans (Cat. 15), Status (Cat. 25), Stromboli (Cat. 30), Salina (Cat. 35), and Siena (Cat. 40). When the bed is upholstered in fabric, the piping can be in leather (single covering) or in the Rizzoli, Scilla, Botteghe, Settecolli, Montemario fabrics.
- Bed available in four American and European sizes, purchasable with or without boiserie to suit different space needs.
- The version with boiserie includes integrated bedside tables, available in Smoked Oak with the top in Calacatta Gold marble and Tobacco Ashwood with the top in Calacatta Gold.
- Feet available in two finishes: 32 Smoked Oak and 44 Tobacco Ashwood.
- The electric bed slats are made of multi-layer beech wood with ABS polymer, ensuring long-lasting durability and superior resistance. The slats are treated with a special embossing in the lumbar area.
- Lift system with two opening options.

Radice

Designed by
Sebastiano Tosi

A modular wood and metal system designed to be versatile, light and adaptable to different needs and spaces.Its metal elements, which descend vertically throughout the bookcase, look like many roots of one big tree, firmly anchored in the ground and dispensing wisdom, thanks to its branches that will contain pages and pages of knowledge.
A modular system that knows no limits to its versatility.

Discover Radice
on **natuzzi.com**

Technical Informations

- The Radice modular system has adaptable elements can be combined to create flexible and innovative configurations for both daytime and nightime environments.

- Radice comprises structural uprights in painted aluminum, available in various heights, adorned with a gold aluminum insert running along the perimeter, adding light and character to the design with a harmonious mix of materials and finishes.

- In bedroom compositions, the system offers additional options such as mirrors and hanging rails to transform and adapt the system to meet various needs.

New Materials: Vienna Straws

Vienna Straw, an icon of style balancing tradition and contemporaneity, crafted from hand-selected Jahab rattan sourced from the lush jungles of Indonesia. Our rattan, known for its exceptional quality, rich color, and unparalleled durability, is meticulously harvested and expertly woven to perfection. Sustainably harvested and untouched by processing beyond achieving the desired thickness, our rattan embodies natural beauty and strength.

Versatile Beauty

Modular bookcase version with wall-mounted posts anchoring.
Please Note: For each post, it is necessary to order an Assembly Kit available in two sizes (L19/L29cm).

- TV Unit Version (the system includes a universal TV attachment, with the bracket provided for the Radice bookcase, accommodating TVs from a minimum of 32” (VESA mount L200 mm) up to a maximum of 84 inches (VESA mount L600 mm). Bedroom Version - Wardrobe to be completed with optional fixed mirror and hanging rail available in two sizes, wall anchoring of the uprights;

- The system includes storage units with downward flap doors and pull-out drawers with full extension push-pull opening available in two sizes;

- The flap door of the storage units is not intended for use as a support surface;

- The system provides two wall-mounting kits with two different depths for better modularity, (we recommend the 19 cm kit for living area compositions and the 29 cm kit for bedroom area compositions);

- The positioning in height of shelves and storage units is at the discretion of the customers; we recommend not positioning the storage units at an H >160 cm.

The Seti rug is a sophisticated textile complement, made entirely from bamboo silk, hand-knotted using the traditional Tibetan method. This rug is characterised by a neutral, but bright tone, which changes colour depending on the light.

200 x 300 cm | 78,74” x 118,11”
300 x 400 cm | 118,11” x 157,48”

Discover Seti
on **natuzzi.com**

Technical Informations

- 100% Bamboo silk.
- Hand knotted with the technique of Tibetan knots.
- 2 dimensions.
- Bamboo silk carpets resist well to domestic users, but require extra attention for cleaning and maintenance.
- Shedding is frequent in hand-knotted carpets given the craftsmanship especially in the early periods of use.

Ring

Designed by
SkLO

A broad, shallow bowl of handblown glass that sits freely atop a metal ring base. The handblown glass bowl is blown without the use of a mould – it is shaped by hand while hot on the glass blower’s pipe, and it is extra thick and massive as a result. This allows for the lip of the glass bowl to be cut and highly polished. The sturdy ring is custom made to fit the bowl, elevating it.

View

Designed by
SkLO

The View bowl is created by combining two separate shapes while hot on the glass blower's pipe. The form of the bowl is pressed against a cylindrical base, the rounded surface of the bowl pushing into the space within the cylinder. The tops and bottoms are then cut and polished.

Walldecors

A series of paintings that translates into shapes and colors, brushstroke after brushstroke, a myriad of suggestions, emotions, and visions, inspired by the solemn beauty typical of the Frederickian era.

Puer Apuliae

Designed by
Gino Donvito

“I investigate the world, the universe and every beam of light from my spacecraft, the window of my studio. Every moment is distinct from the next. The colors in my pieces express what I see.”

Gino Donvito

Design

Donvito’s portraits recount a chivalrous and manorial world, a tale divided between regret of youth and passion for a time and world historically distant and shrouded in dreams. The pretext is the court of Federico II of Svevia, which becomes the ideal stage for showing timeless characters.

Versatility

5 lithographies inclusive of black wooden frame and anti-reflective transparent glass.
Original artwork by Gino Donvito.

The Dames of the Emperor

Designed by
Gino Donvito

“There are olive trees still present in Apulia that have seen Frederick II pass by.”

Gino Donvito

Design

“The Dames of the Emperor” by Donvito was painted with a Dantean flavor. It depicts angelic women, who are elusive, ethereal and unattainable. They have enchanted the Emperor, who tirelessly perseveres and pursues them.

Versatility

8 lithographies inclusive of black wooden frame and anti-reflective transparent glass.
Original artwork by Gino Donvito.
