## TECHNICAL INFORMATION

---

A timeless elegance distinguishes the Gutta table. Fluid lines that draw organic profiles and define the vision of the designer, who breaks the mould and pushes toward new boundaries of aesthetics applied to design.

The table is inspired by nature, so strong and dominant in the Apulian landscapes, volumes and lines shaped by a vital impulse, a branch that bends in search of the sun, an irregular body of water that reflects its surroundings.

Both versions, with round or ovoid top, have a light and refined solid walnut structure that, in a continuous line, defines its outline starting from the foot and closing the profile of the top, emphasizing the organic and sinuous shapes of the project.

The top is available in the precious versions in Calacatta Gold Marble marble or in walnut.
