TECHNICAL INFORMATION

DESIGNER: MAURO LIPPARINI

STORY TELLING:

The delicate and timeless COLOSSEO collection is completed by an extremely interesting proposal: the arched floor lamp. In fact, this form allows lamp to illuminate over a table or a corner in the living room without the need for fixed light points, thus proving to be effective as a piece of furniture. The design of the opal diffuser screen gives the thread-like structure a true graphic gesture. The sliding on the axis allows the most suitable position according to the customer's living area.

TECHNICAL DETAILS:

Colosseo, a collection of lamps in tubular metal with 14 mm diameter. Adjustable angle telescopic lighting devices in polished, painted tubular metal. Integrated 3,000 calvin degrees Citizen led light. Remote transformer. Coaxial cable. Available in two finishes: champagne and glossy black chrome.

COLLECTION:

- Floor lamp
- Table lamp
- Arch Lamp
