	WRINKLES & VISUAL APPEARANCE	Low <input type="checkbox"/>	Medium <input type="checkbox"/>	High <input checked="" type="checkbox"/>		

WRINKLES & VISUAL APPEARANCE

The product may reveal various wrinkles due to the combination of Elasticity of the covering, characteristics of the interior construction and the design of the product.

Products with Visual Appearance listed as High or Medium would require higher degree of care, where seats and back cushions may require fluffing and plumping more often than Products with Visual Appearance listed as Low.

NOTES

- In leather the model is available starting from cat. 25 (Status).
- Model is not available with article Misterbianco (cat. 30).
- Internal structure in molded polyurethane.
Production process:
 - 1) Polyurethane resin shape.
 - 2) The mold is obtained from this shape
 - 3) Inside the mold there is a metal structure that acts as the backbone of the sofa.
 - 4) Afterwards the high-density polyurethane (50) is injected into the mold.
 - 5) After a specific period of time, this shape stiffens and becomes the body of the sofa.
 - 6) This structure is bonded with a layer of transformed lower density polyurethane to give softness to the seat, to the back and armrests.
 - 7) Everything is covered with dacron, leather or fabric.
 - 8) The end result is a comfort, design and support unchanged over time
- The hidden metal feet with anti-scratch and non-slip rubbers offer a practical solution for protecting floors.

WRINKLES & VISUAL APPEARANCE

The product may reveal various wrinkles due to the combination of Elasticity of the covering, characteristics of the interior construction and the design of the product.

Products with Visual Appearance listed as High or Medium would require higher degree of care, where seats and back cushions may require fluffing and plumping more often than Products with Visual Appearance listed as Low.

NOTES

- In leather the model is available starting from cat. A0.
- Curved wooden structure.
- Elastic straps that give support and greater comfort.
- Being modular and having a wooden structure, it is much less heavy than the 3230 version which has a molded polyurethane foam structure.
- Absolute comfortable seat cushions thanks to a new polyurethane foam with high density (50).
- 4cm didden metal feet with anti-scratch and non-slip rubbers.
