NOTES

- Designer: Claudio Bellini
- Heights and volumes make Pablo the icon of contemporary furnishing.
- PABLO is the first sofa in the Natuzzi Italia collection with high back and low back modules that can be mixed together to create contemporary configurations with different comfort. Modules with high back for those who want to completely relax while also supporting the garment, or modules with low back for a cooler design.
- To allow modularity, the single elements can be put together thanks to the rubber stops under the legs.
- The 576-578 versions have a shelf integrated into the seat via pin. It is made of gray matt lacquered wood and acts as a comfortable and functional support surface.
- The 744-745 versions, in addition to the shelf, are completed by a table with extra white tempered glass top with a polished edge profile. The stem that holds the glass top is in pewter colored metal like the feet and the details on the armrest.
- EUCAFEEL® is the innovative solution offers many benefits: Best moisture regulation, ideal warmth control, first class pressure relief and high elasticity. The distinctive EUCAFEEL high density polyurethane foam, thanks to its specially developed formulation, has maximum breathability and maximum comfort.
- Feet available in metal finishing 80 (pewter)
