TECHNICAL INFORMATION

DESIGNER: MAURO LIPPARINI

Mauro Lipparini's design features horizontal, cubic and simple elements, resulting in a system with different stories, both in terms of its aesthetic compositions and functions. The Ido coffee tables, at the centre and the side, serve as tables, armrest-containers and shelves, supported by slim, lightweight metal legs. The structure, which is characterised by sophisticated materials, is fluctuating and easily combines with sofas and armchairs in a different style. It is an ideal complement for the living area for immediate support and for high-quality aesthetic solutions.
