TECHNICAL INFORMATION

Coffee table designed by Pierangelo Sciuto to accompany our contemporary living.

Kubika is a project with a graphic line using games of solids and voids in a clever mix of materials and functions. In the side version they are in square or rectangular shape.

Coffee table equipped with two horizontal tops in essence, supported by vertical elements in matte lacquer, which go to form a partially closed compartment to allow you to hold all kinds of objects that you like to keep handy when you sit on the sofa.

Coffee Table made of Medium Density Fiberboard, shaped and covered in oak veneer.

The lower part for ground support is equipped with hidden swivel wheels that allow easy movement on the surface. The storage drawer is completely in matt lacquered chocolate. The drawer is equipped with full opening with push to open mechanism and soft closing.

Interior Drawer always lacquered in matt chocolate colour.

Characterized by a decorative insert flush top in matt lacquered.

Product Made in ITALY.
