120cm x 90cm H 26cm  
47,24" x 35,43" H 10,24"

### RECTANGULAR CENTRAL

90cm x 90cm H 26cm  
35,43" x 35,43" H 10,24"

120cm x 90cm H 26cm  
47,24" x 35,43" H 10,24"

## FINISHINGS

---

### Frame finishing

BRONZE

### Top finishing

BRONZE

## TECHNICAL INFORMATION

---

Sabine Marcelis' original and eclectic approach is manifested in the project imagined for the new Natuzzi Italia collection: the designer was invited to the Circle of Harmony to deal with the increasingly evident need to design flexible furnishings capable of overcoming, in a new way and original, the boundaries between the different rooms of the house. A theme that is also very present in the Mediterranean and Apulian culture.

Thanks to the particular wheels that define the base, the Patio coffee table can be easily moved, thus becoming a functional support surface.

The glass top is made of bronzed glass, which contributes to its current and contemporary aesthetic.

Functionality and design harmonize creating a versatile complement ideal for fluid and dynamic spaces that do not give up beauty and design as elements that improve life and help you feel good.
