TECHNICAL INFORMATION

DESIGNER: Natuzzi Style Center

The Saturday tables are real gems whose particular structure creates a strong graphic and geometrical impact as a final effect. Small accent tables, resulting from stylistic research involving shapes and material, at the service of the home.

Available in this series is a new decorative fine finish based on metals and completely non-toxic resins. It allows an innovative surface featuring a one-of-a-kind metallic effect to be obtained.

PRODUCT DETAILS

Weight-bearing structure in shaped metal rods (12 cm thick), polished and painted in burnished black

Top in sectioned, bevelled pantographed MDF (20 mm thick) veneered in various types of wood or with a gloss lacquer finish in various colours chosen from the pattern book

Available for the accent table version, a new decorative coating based on precious metals and completely non-toxic resins. This special finish is completely resistant to bacteria and offers extremely high resistance to washing

Protective, stain resistant surface treatment. The tables are fitted with feet in non-slip and non-scratch PVC
