FINISHINGS

Frame finishing

MATT COFFEE

Violet

DARK GREEN

Top finishing

Volakas

Green Calacatta

Lilac Marble

## TECHNICAL INFORMATION

---

Splash new collection of organically shaped coffee tables, designed by Spanish designer Enrique Marti.

The designer in this project is inspired by the movement and flow of water.

This is a collection with essential lines and simple volumes embellished with workmanship and details that follow one another and refer throughout the project to the movement of water, source for all life and symbol of the strong bond that has always connected man and nature .

The project is based on different sizes and versions that create a sinuous bi-chromatic effect thanks to the clever mix of materials. A collection with natural and organic lines that evokes a dialogue between nature and culture thanks to elements made with noble materials and in a handcrafted method.

Various sizes and heights to respond to the various functions of living.

Small tables that can live alone but become protagonists of the scene when they dialogue with each other thanks also to the mix of different materials available.

Two different and irregular pebbles overlap their materials:

Base made of curved sheet metal and painted in matte lacquer;

Top made of shaped steel and matte lacquered, mixed with a very precious Lilac marble top - polished finish with rounded edge;

Coffee tables are equipped with invisible swivel wheels to allow easy movement in the space.

NEWNESS 2024

Introducing an expansion of finishes for Enrique Marti's organically shaped coffee tables collection. Discover the timeless elegance of Volakas Marble complemented by a base in matte Chocolate lacquer, or indulge in the luxurious allure of Calacatta Green

Marble paired with a base in Matte Olive Green lacquer.

Elevate your living space with these exquisite combinations, blending sophistication with contemporary design effortlessly.
