## TECHNICAL INFORMATION

---

Designer: Fabio Novembre.

Just like a modern Parthenon, Tempio dominates the scene and like a precious sculptural complement, proudly displays all its grandeur and elegance.

And just like the ancient Greek structures, the pure geometric forms that define it, give rise to an object of timeless architectural aesthetics.

Tempio is a new coffee table of great aesthetic impact designed to become the absolute protagonist of the space. Its pure geometry and defining shapes create a timeless object.

Tempio evokes Italian design in a harmony of curved contours and sharp edges for a precious sculptural complement whose thick lines infuse both grandeur and elegance.

### MATERIALS

Finishes options:

Smoked brushed oak finish to enhance the rich wood grain and exclusive texture;

Walnut wood with alternating flame for an elegant and sophisticated style;

Sculpted and refined Italian travertine, polished and brushed, revealing the beauty and character of each piece highlighting the bold veins of the stone and surprising contrasts;

New and precious Carrara Italian marble, smooth and satin, for a more contemporary look for the rectangular central version L155 W100 H34 cm. Being a delicate material, marble is reinforced on the underside with a mesh and resin coating to ensure long-term product durability. Intrinsic variations in color, texture, and veins of natural marble, as well as variations resulting from the hand-finishing process, are predictable and highlight the uniqueness of each piece. There will be no two exactly identical elements.

Marble is a very delicate material, reinforced on the bottom with mesh and resin coating to ensure better product durability over time. Intrinsic variations in color, texture, and veining of natural marble, as well as variations resulting from the hand-finishing process, are predictable and highlight the uniqueness of each piece. There will not be two exactly identical elements.

### TECHNICAL INFO

Central version: 2 packages (top and legs)

Marble side table version: 1 package

Wooden side table version: 2 packages

Weight: Marble version exceeds 150 kg, we suggest handling with care and using multiple operators for assembly and movement;

The table will be delivered disassembled in a wooden crate in the stone version (legs and top separated)
