TECHNICAL INFORMATION

Designer: Nina Zupanc

Voyage Dining Chair completes the Dining area of the DEEP Collection. An armchair with sinuous and elegant lines that integrates harmoniously into any environment. It is inspired by the elegant salons of trans oceanic retro ships that evoke romance and distant travel.

The details of the project and the design delicately underline the concept of hospitality. Voyage is characterized by a particular attention to detail. Central steel base with swivel function.

PRODUCT DETAILS:

The base of the chair is tapered steel that is polished and Interpon powder coated with a matte, gold-colored satin finish. The special painting represents a protective and decorative coating that guarantees high scratch resistance, exceptional durability, and easy cleaning. Base equipped with swivel mechanism.

Backrest, comfortable rigid back, is made of cold-foamed polyurethane steel that is fully padded and covered in leather or fabric.

Seat, made with padded cushion in medium density polyurethane and completely covered in leather or fabric, for a more enveloping comfort.

The chair will be available with cat. 99 (Laguna, SanBabila) and leather cat. 15 (Lemans) and cat. 30 (Stromboli).
