

Wall System & Bookcase

NATUZZI ITALIA

Natuzzi stands for quality and Italian style, all over the world. These values are expressed through a total living harmony concept where sofas, armchairs, tables, chairs, accessories and wall systems, are blended together. Novecento and Proxima wall unit systems are modern, functional, modular and designed for every space and lifestyle. Extremely versatile thanks to the wide range of finishes and compositions, they are produced in Italy in respect of the Natuzzi values. The wood origins from controlled reforestation plantations, undergoes rigorous quality testing. Real wood is guaranteed with *Real Wood trademark. Natuzzi is synonymous with a specific commitment: to offer products made in Italy, in compliance with the regulations, people and their work, ensuring high level quality at the best value for money.

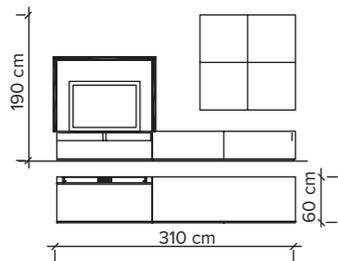

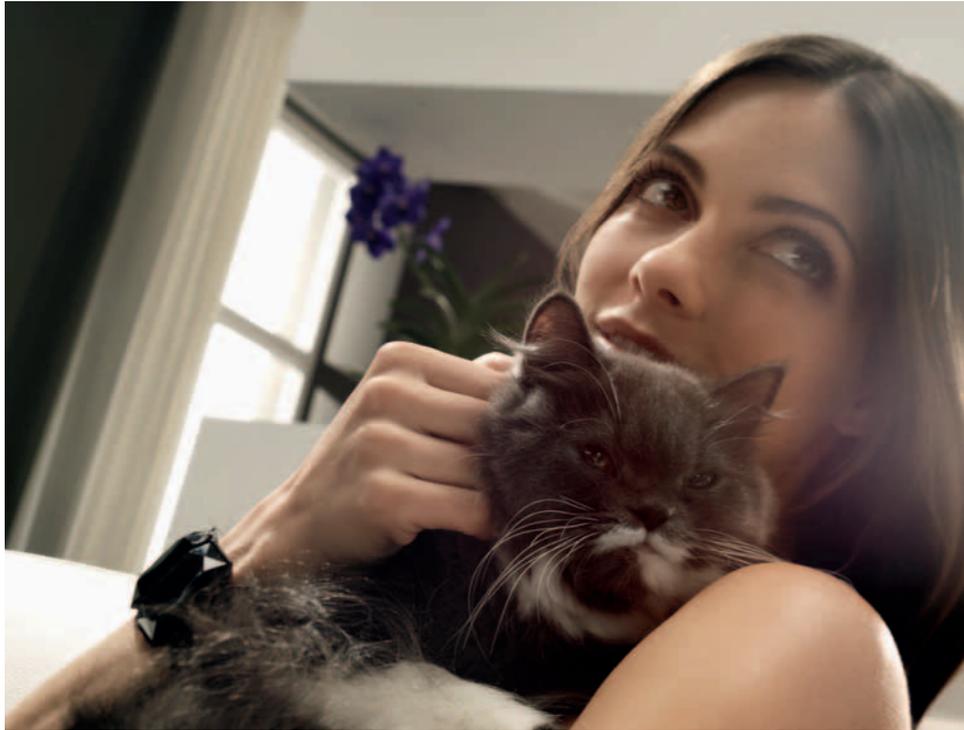

*The REAL WOOD trademark is managed according to its own "Rules of Trademark" registered and recognized in all EU countries.

The Novecento wall system turns every wall into a space for living. Its modular design - simple and extremely versatile - allows you to choose your own composition, but also to change over time, moving the modules and assembling them in new ways. Novecento can be easily adapted to any space and any lifestyle thanks to its wide range of finishes and configurations, in total freedom.

Functional Novecento is so many things at once: elegant TV unit, cupboards, drawers. Each item can be integrated into a unique project, underlining function and style.

Wall system Novecento with boiserie TV and cube cabinet in white glossy lacquer. Storage with DVD holder (124 cm) and large drawer (186 cm) in coffee matt lacquer.

Wall system Novecento with benches (186 cm), drawers (186 cm) and DVD holder (186 cm) in coffee oak veneer. Boiserie TV (186 cm), vertical wall cabinets in white glossy lacquer, vertical open cabinet with shelves in coffee oak veneer.

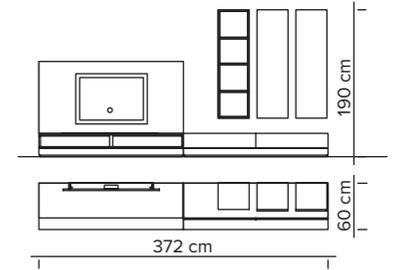

Details: Drawers are fitted on completely extractable invisible runners provided with soft - closing device, the concealed runner system of BLUM (Bluemotion Tandem Guide) - Internally special finished to give linen effect and touch.

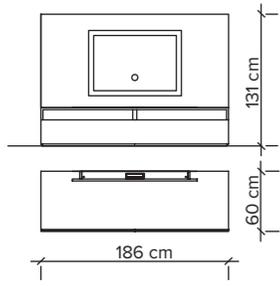

Solid Novecento is fitted with a suspended container fastening system that guarantees great strength and durability.

The upper section inside the drawers is fitted with metal bars and/or central supports to stop the surface from bending under the weight of books and objects.

Tidy Novecento panelling is provided with aluminium sections for cables and setting for led lighting installation. The TV holder is supported by brackets and reinforced panels.

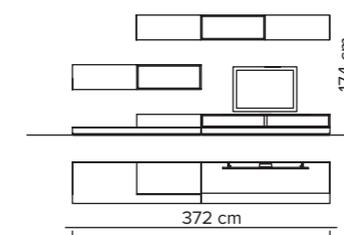

Wall system Novecento with boiserie TV (186 cm) in white matt lacquer and storage with DVD holder (186 cm) in coffee oak veneer.

In the picture beside: details of Natuzzi accessories collection, decorative porcelain vase and Omar mouthblown glass vase.

Versatile Novecento has endless configurations and unlimited possibilities.

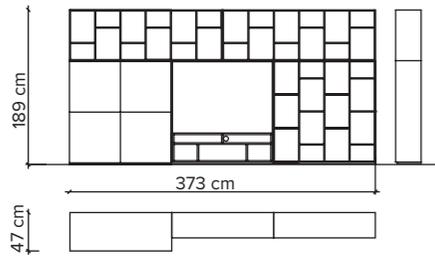

Wall system Novecento with benches (186 cm), drawer (93 cm) and DVD holder (186 cm) in canaletto walnut veneer.
Wall cabinet in coffee glossy lacquer (93 cm) and canaletto walnut veneer.

Balanced

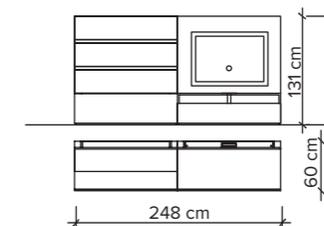

With Novecento, containers and book shelves combine in perfect balance, to contain and display.

Modular Different elements
can be combined in the Novecento system
thanks to its wide range of materials
available, in order to create dynamic
and elegant compositions.

Detail: push to open system for all wall cabinets.

Novecento finishes

Novecento system is available in a wide range of finishings:

- real oak veneer, with final lacquer finish which gives depth to the color and enhances the appearance of the materials' consistency;
- real walnut canaletto veneer with transparent anti-yellowing finish;
- matt or high gloss lacquer finish, available in 6 colors, produced by a multiphase application process, brushing and polishing to give a perfectly uniform color and to guarantee excellent resistance to scratches and abrasions.

Proxima Simple design and great versatility combined with rich materials. Proxima is a free standing bookcase, available in two sizes which can be mixed or matched accordingly, to really create a customized interior. A specially stable but at the same time flexible structure, gives life to the perfect bookshelf even for the most demanding lifestyle.

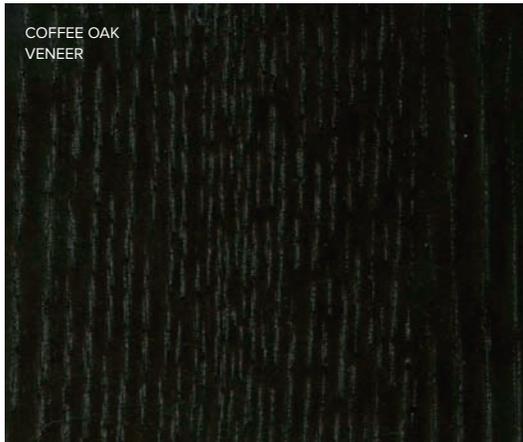

Minimalist Proxima is fitted with metal rods that support the wooden structure, ensuring that the bookcase is stable. The extra clear tempered glass shelves, enhance the lightness of the entire structure.

The bookcase is equipped with adjustable feet and varnished steel back tie-rods that confer to the product not only a good aesthetics but specially stability for a better functionality.

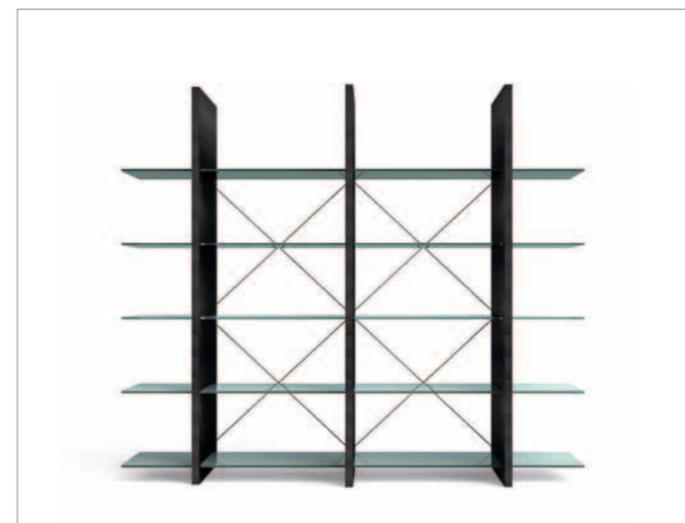

Proxima finishes

The “Proxima” bookcase is made of MDF side panels coated in white or coffee open pore oak veneer and extra clear tempered glass shelves 12 mm thick. Oak veneer - with final lacquer finish, which gives depth to the colour and enhances the appearance of the material’s consistency. Panels are resistant to scratches and abrasions.
